# LKPower 12V AC Adapter Instruction Manual

Model: 180125006 | Compatible with Spectroniq PDV-70X DVD Player

## 1. Product Overview

This LKPower AC adapter is designed to provide reliable power for your Spectroniq PDV-70X DVD Player. It converts AC power from a wall outlet into the DC power required by your device, ensuring consistent performance.

Image 1: The LKPower 12V AC Adapter, showing its compact design and approximate dimensions (3.1 inches length, 2.1 inches width, 1.2 inches depth).

## 2. Setup Instructions

1. **Unpack the Adapter:** Carefully remove the AC adapter from its packaging.
2. **Verify Compatibility:** Ensure your device, such as the Spectroniq PDV-70X DVD Player, requires a 12V DC power input. This adapter is specifically designed for compatible devices.
3. **Connect to Device:** Insert the barrel connector end of the adapter cable into the power input port of your Spectroniq PDV-70X DVD Player. Ensure a snug fit.
4. **Connect to Power Outlet:** Plug the AC adapter into a standard AC 100-240V 50/60Hz electrical wall outlet. The adapter is designed for worldwide AC input.

**Important:** This adapter is for *indoor use only*. Do not expose it to moisture or use it outdoors.

## 3. Operating the Adapter

Once properly connected, the adapter will supply power to your device. There are no additional controls on the adapter itself. The device connected to the adapter will power on or charge its battery as designed.

Image 2: The LKPower 12V AC Adapter correctly plugged into a wall outlet, ready to power a device.

To disconnect power, simply unplug the adapter from the wall outlet first, then disconnect the barrel connector from your device.

## 4. Maintenance and Care

- Keep the adapter in a dry environment. Avoid exposure to water or high humidity.
- Do not expose the adapter to extreme temperatures.
- Clean the adapter with a soft, dry cloth. Do not use liquid cleaners or aerosols.
- Avoid bending or crimping the power cord excessively to prevent internal damage.
- Store the adapter in a safe place when not in use, away from direct sunlight or heat sources.

## 5. Troubleshooting

- **No Power to Device:**
  - Ensure the adapter is securely plugged into a working wall outlet.
  - Verify the barrel connector is fully inserted into your device's power port.
  - Check if the wall outlet is functional by plugging in another device.
- **Device Not Charging:**
  - Confirm your device's charging indicator is active.
  - Ensure the device's battery is not fully charged or defective.
- **Adapter Overheating:**
  - Unplug the adapter immediately.
  - Ensure the adapter is not covered or in an enclosed space that restricts airflow.
  - If overheating persists, discontinue use and contact support.

All LKPower adapters are tested units and are in great working condition upon shipment. If issues persist after troubleshooting, please refer to the support section.

## 6. Specifications
