Lindby 9620632

Lindby Flavi Bathroom Ceiling Light

Model: 9620632

INTRODUCTION

Thank you for choosing the Lindby Flavi Bathroom Ceiling Light. This modern ceiling light is designed for use in bathrooms, offering an IP44 protection rating for sufficient resistance against splashing water. The fixture features a white opal glass diffuser and a metal decorative ring, providing both functionality and a contemporary aesthetic. This manual provides essential information for safe installation, operation, and maintenance of your new light fixture.

SAFETY INSTRUCTIONS

- **Electrical Safety:** Always disconnect the main power supply at the circuit breaker before attempting any installation, maintenance, or bulb replacement.
- **Professional Installation:** Installation should be performed by a qualified electrician or a competent person to ensure compliance with local electrical codes and safety standards.
- **IP44 Rating:** This fixture is rated IP44, meaning it is protected against solid objects larger than 1mm and splashing water from any direction. It is suitable for bathroom zones 2 and 3. Do not install in bathroom zone 0 or 1 where direct water jets or submersion may occur.
- **Bulb Type:** Use only E27 bulbs with a maximum wattage of 15W LED per bulb. Do not exceed the specified wattage.
- **Handling:** Handle the glass diffuser with care to prevent breakage.
- **Cleaning:** Do not use abrasive cleaners or solvents. Clean with a soft, dry cloth.

PACKAGE CONTENTS

Please check that all components are present and undamaged before proceeding with installation.

- 1x Lindby Flavi Ceiling Light Fixture (Metal base with integrated E27 sockets)
- 1x Opal Glass Diffuser
- Mounting Hardware (screws, wall plugs)
- Instruction Manual
- **Note:** Light bulbs are not included.

SETUP AND INSTALLATION

Follow these steps carefully for proper installation. If you are unsure, consult a qualified electrician.

1. Prepare for Installation:

- Ensure the main power supply to the installation area is switched off at the circuit breaker.
- Gather necessary tools: screwdriver, drill, wire strippers, measuring tape.

2. Mark Drilling Points:

- Remove the mounting plate from the fixture base.
- Hold the mounting plate against the ceiling at the desired installation point and mark the drilling holes.

3. Drill Holes and Insert Wall Plugs:

- Drill holes at the marked points using an appropriate drill bit for your ceiling material.
- Insert the provided wall plugs into the drilled holes.

4. Secure Mounting Plate:

- Feed the electrical wires from the ceiling through the central opening of the mounting plate.
- Secure the mounting plate to the ceiling using the provided screws.

5. Wire the Fixture:

- Connect the electrical wires from the ceiling to the terminal block on the fixture base according to standard wiring practices (Live to Live, Neutral to Neutral, Earth to Earth). Ensure all connections are secure.

6. Attach Fixture Base:

- Align the fixture base with the mounting plate and secure it using the screws provided.

Image: The Lindby Flavi fixture disassembled, illustrating the metal base with two E27 bulb holders and the separate glass diffuser.

7. Install Bulbs:

- Screw two E27 LED bulbs (max 15W each) into the sockets.

8. Attach Glass Diffuser:

- Carefully place the opal glass diffuser onto the fixture base and secure it by twisting or using the designated fasteners until it is firmly in place. Do not overtighten.

9. Restore Power:

- Switch the main power supply back on at the circuit breaker.

OPERATING INSTRUCTIONS

The Lindby Flavi ceiling light is designed for straightforward operation.

- **Turning On/Off:** Operate the light using your standard wall switch connected to the fixture.
- **Dimmable Functionality:** This fixture is dimmable. If you wish to utilize dimming capabilities, ensure you use dimmable E27 LED bulbs and a compatible dimmer switch or control method (e.g., a smart bulb controlled via an application, as indicated in some specifications). The fixture itself supports dimming when paired with appropriate bulbs and controls.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your light fixture.

- **Cleaning:** Disconnect power before cleaning. Wipe the metal parts with a soft, dry cloth. The glass diffuser can be gently wiped with a damp cloth and then dried thoroughly. Do not use harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the finish or glass.
- **Bulb Replacement:**
 - Ensure power is disconnected at the circuit breaker.
 - Carefully remove the glass diffuser by twisting or releasing its fasteners.
 - Unscrew the old E27 bulb and screw in a new one (max 15W LED).
 - Reattach the glass diffuser securely.
 - Restore power.

TROUBLESHOOTING

If you encounter issues with your Lindby Flavi ceiling light, refer to the following common problems and solutions:

- **Light Does Not Turn On:**

- Check if the main power supply is on at the circuit breaker.
- Ensure the wall switch is in the 'ON' position.
- Verify that the bulbs are correctly screwed in and not faulty. Replace if necessary.
- Check wiring connections for looseness (only if you are qualified and power is off).

- **Light Flickers:**

- Ensure bulbs are fully screwed into their sockets.
- If using dimmable bulbs, ensure they are compatible with your dimmer switch. Incompatible dimmers or bulbs can cause flickering.
- Try replacing the bulbs with new ones to rule out faulty bulbs.

- **Dimming Function Not Working:**

- Confirm that you are using dimmable E27 LED bulbs.
- Ensure your dimmer switch is compatible with LED lighting and correctly installed.
- If using smart bulbs, check their application settings and connectivity.

SPECIFICATIONS

Model Number	9620632
Brand	Lindby
Material	Metal, Glass
Color	Silver with Matte Metal Finish
Dimensions (L x W x H)	23 cm x 23 cm x 9 cm
Bulb Base	E27
Number of Bulbs	2 (not included)
Max Wattage per Bulb	15W LED
Voltage	230 Volts
IP Rating	IP44 (Splash-proof)
Dimmable	Yes (with compatible bulbs and dimmer)
Control Method	Application (if using smart bulbs), or compatible dimmer switch
Light Color	Warm White (depends on bulb used)
Luminous Efficacy	3000 lumen (depends on bulb used)
Mounting Type	Ceiling Mount, Semi-flush
