

Arcchio 9968003

Arcchio Logan LED Floor Lamp Instruction Manual

Model: 9968003

1. INTRODUCTION

This manual provides essential information for the safe and efficient installation, operation, and maintenance of your Arcchio Logan LED Floor Lamp. Please read these instructions carefully before use and retain them for future reference.

2. SAFETY INSTRUCTIONS

- Ensure the power supply is disconnected before installation, cleaning, or maintenance.
- This product is designed for indoor use only (IP20 rating). Do not expose to moisture or extreme temperatures.
- Do not attempt to modify or repair the lamp. Refer all servicing to qualified personnel.
- Position the lamp on a stable, level surface to prevent tipping.
- Keep packaging materials out of reach of children to prevent choking hazards.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation:

- 1 x Arcchio Logan LED Floor Lamp (main body with integrated LEDs)
- 1 x U-shaped base
- Assembly hardware (screws, tools if applicable)
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly of the Arcchio Logan LED Floor Lamp typically involves attaching the U-shaped base to the main lamp body. It is recommended to have two people for assembly due to the size and weight of the components.

1. Carefully unpack all components and place them on a clean, flat surface.
2. Attach the U-shaped base to the bottom of the lamp's main column using the provided hardware. Ensure all screws are tightened securely.
3. Position the assembled lamp in the desired location, ensuring the U-shaped base is stable and does not obstruct movement.
4. Connect the power plug to a suitable electrical outlet.

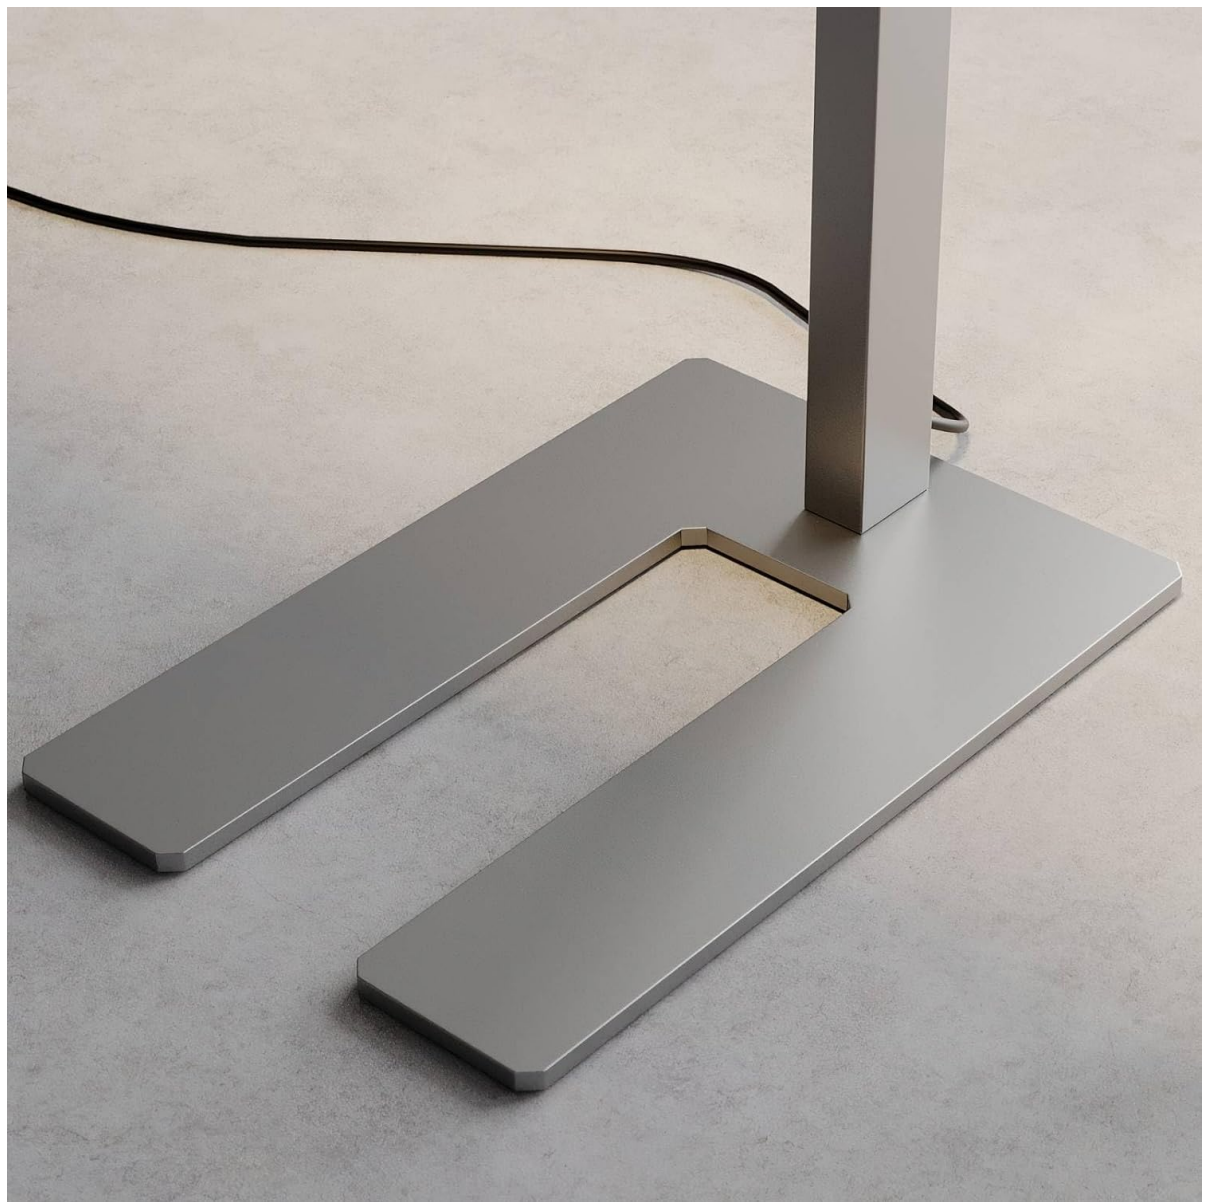

Figure 2: The U-shaped base provides stability and allows for placement around furniture.

Figure 3: Standard power plug for connecting the lamp to an electrical outlet.

5. OPERATION

5.1 Power On/Off and Dimming

The Archio Logan LED Floor Lamp features an integrated dimmer switch for controlling light intensity.

- To turn the lamp on or off, press the dimmer knob.
- To adjust the brightness, rotate the dimmer knob clockwise to increase light intensity and counter-clockwise to decrease it. The dimming function is stepless, allowing for precise control.

Figure 4: The integrated dimmer knob allows for easy adjustment of light intensity.

5.2 Light Distribution

The lamp is designed to provide balanced illumination, with approximately 60% of light directed upwards and 40% downwards. The diffuser on the underside features a prismatic texture to ensure glare-free light, ideal for office environments.

Figure 5: Detail of the LED light panel, showing the integrated light sources.

6. MAINTENANCE

6.1 Cleaning

To maintain the appearance and performance of your lamp:

- Ensure the lamp is unplugged and cool before cleaning.
- Wipe surfaces with a soft, dry, or slightly damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.

6.2 LED Replacement

The LED light sources in this lamp are integrated and not user-replaceable. If the LEDs fail, please contact customer support for assistance.

7. TROUBLESHOOTING

If you experience issues with your Arcchio Logan LED Floor Lamp, refer to the following common problems and solutions:

- **Lamp does not turn on:**

- Check if the power plug is securely inserted into the electrical outlet.
- Verify that the electrical outlet is functional by testing it with another device.
- Ensure the dimmer knob is pressed to the 'on' position.

- **Light flickers or is inconsistent:**

- Ensure the power connection is stable.
- Try adjusting the dimmer knob to a different setting.

If the problem persists after attempting these solutions, please contact customer support.

8. SPECIFICATIONS

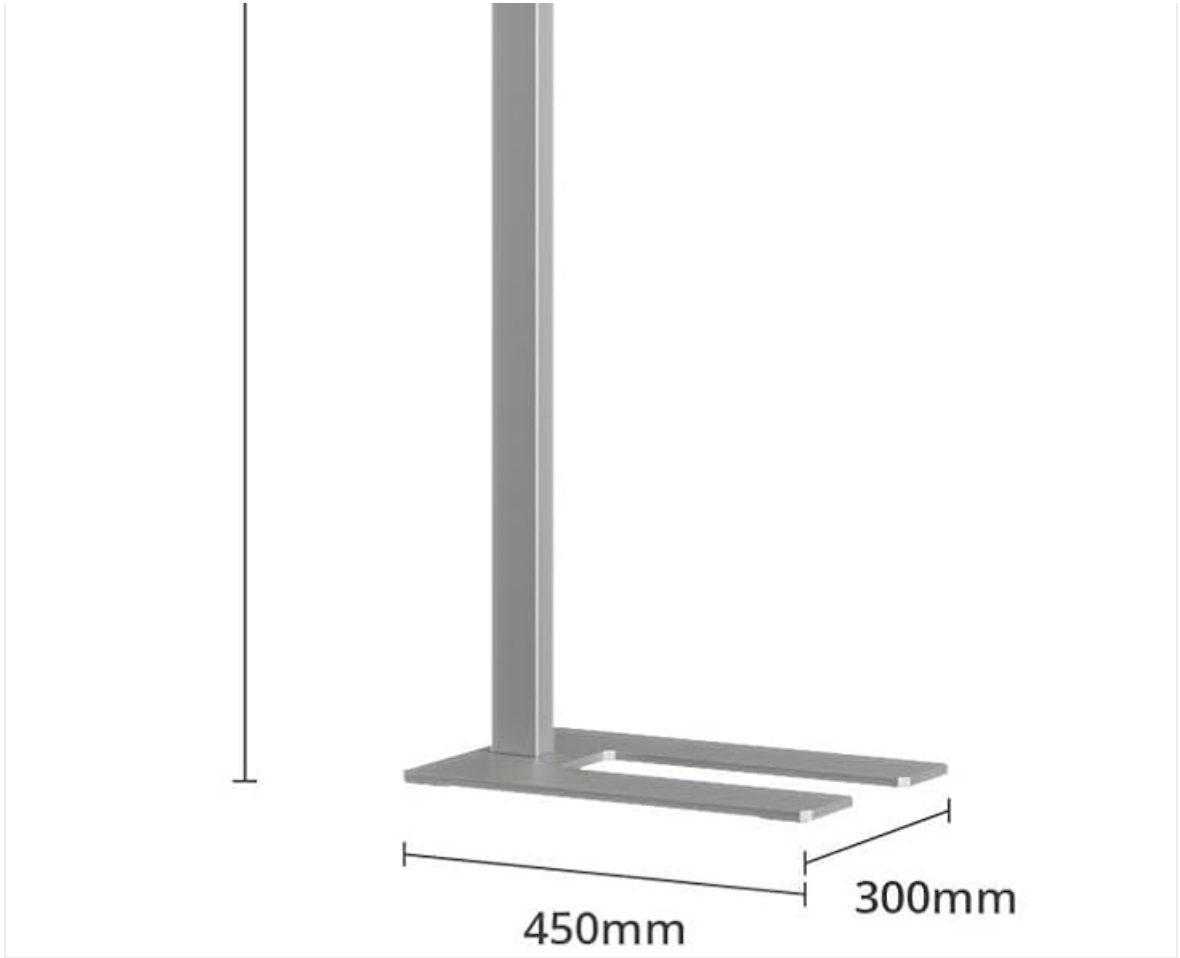

Figure 6: Key dimensions of the Arcchio Logan LED Floor Lamp.

Feature	Detail
Brand	Arcchio
Model Number	9968003
Material	Zinc, Aluminium
Color	Silver, White (Grey)
Dimensions (L x W x H)	61 cm x 28 cm x 196 cm
Item Weight	11.8 Kilograms
Light Source	Integrated LED (1 x 36W LED + 1 x 24W LED)
Luminous Flux	6000 Lumen
Voltage	230 Volts
Area Lighting Classification	IP20 (Indoor Use)
Special Features	Dimmable, Integrated Switch
Energy Efficiency Label	E (New EU Label)
