## Lekvey JP03

# Lekvey Bluetooth Number Pad User Manual

Model: JP03

## INTRODUCTION

---

Thank you for choosing the Lekvey Bluetooth Number Pad. This manual provides essential information for setting up, operating, and maintaining your device. Designed for efficiency and comfort, this 28-key wireless numeric keypad is an ideal companion for laptops, tablets, and desktops, enhancing your data entry and accounting tasks.

## WHAT'S IN THE BOX

---

- 1 x Lekvey 28 Keys Bluetooth Number Pad
- 1 x User's Manual

## SETUP GUIDE

---

### 1. Battery Installation

The Lekvey Bluetooth Number Pad requires two AAA batteries (not included). To install:

1. Locate the battery compartment cover on the back of the keypad.
2. Slide the cover off.
3. Insert two AAA batteries, ensuring correct polarity (+/-).
4. Replace the battery compartment cover.

Back of the keypad with the battery compartment open, showing the two AAA batteries.

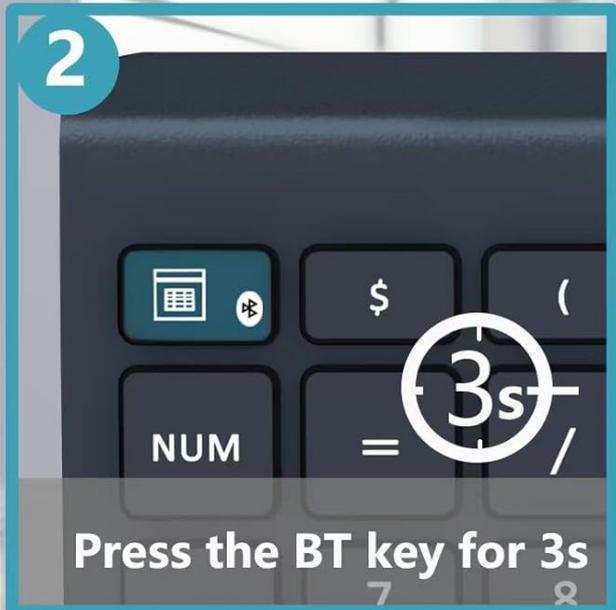

## 2. Bluetooth Pairing

Follow these steps to pair your number pad with your device:

1. Turn on the number pad using the ON/OFF switch located on the back.
2. Press and hold the Bluetooth pairing button (usually indicated by a Bluetooth symbol) on the keypad for 3 seconds until the blue indicator light starts flashing. This indicates it's in pairing mode.
3. On your computer, laptop, or tablet, navigate to your Bluetooth settings.
4. Search for available devices. The keypad should appear as "Bluetooth 3.0 Keyboard".
5. Select "Bluetooth 3.0 Keyboard" to connect. The indicator light on the keypad will stop flashing once successfully paired.

**Note:** If your device does not have built-in Bluetooth, a third-party Bluetooth adapter (not included) will be required.

## OPERATING INSTRUCTIONS

### Key Functions

The Lekvey Bluetooth Number Pad features 28 full-sized keys, including:

- Numeric keys (0-9, 00)
- Arithmetic operators (+, -, \*, /)
- Special keys: Numlock, Delete, Tab, Backspace, ESC, Enter, =, ., and functional keys (PgUp, PgDn, Home, End, arrow keys).
- Dedicated calculator shortcut key for quick access to your computer's calculator.

# POWERFUL SHORTCUTS & FUNCTION KEYS

Full-sized 28-key with Numlock, \$, Delete, 00, =, Esc, Tab & More

The shortcut key can quickly open the computer calculator

NOTE: The calculator key and four arrow keys can not work on Mac OS or iOS system, but other numbers and symbol keys ESC, Tab keys will work well.

Overview of powerful shortcuts and function keys.

## Ergonomics and Typing Experience

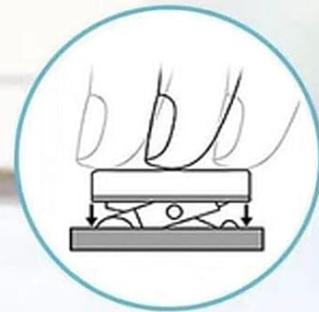

This numeric pad is designed with an ergonomic tilt for comfortable typing and precise control. The high-end scissor switches provide good resilience, fast response, and reduce press sound, ensuring a quiet office operation.

# ERGONOMIC TILT AND POWER SAVING DESIGN

Ergonomic tilt and anti-slip pads on back provides optimum comfort. It also has auto sleep function, lower power consumption, reflect energy saving & humanization.

Ergonomic tilt and scissor-switch keys for optimal comfort.

## Power Saving Mode

To conserve battery life, the keypad will automatically enter power-saving mode after 15 minutes of inactivity. To wake it up, simply press any key, and it will reconnect within 3 seconds.

## COMPATIBILITY

The Lekvey Bluetooth Number Pad is broadly compatible with various operating systems and devices:

- **Operating Systems:** Windows 2000/Me/98/XP/Vista/7/8/10, Android, iOS, Mac OS.
- **Devices:** Laptops, Tablets, PC Desktops, Surface Pro, Android Cellphones.

## Important Notes:

- Not compatible with ChromeBook.
- On Mac OS or Apple iPad/iPhone iOS systems, the calculator key and functional keys (PgUp, PgDn, Home, End, arrow keys) may not work. However, other numeric and symbol keys (ESC, Tab) will function correctly.

The Bluetooth number pad offers wide compatibility with various devices.

## MAINTENANCE

To ensure the longevity and optimal performance of your Lekvey Bluetooth Number Pad, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the keypad. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the device.
- **Storage:** Store the keypad in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Replacement:** Replace batteries when the low battery indicator light appears or when the keypad becomes unresponsive. Always use new AAA batteries and dispose of old batteries responsibly.
- **Avoid Drops:** While durable, avoid dropping the keypad or subjecting it to strong impacts, as this may damage internal components.

## TROUBLESHOOTING

If you encounter issues with your Lekvey Bluetooth Number Pad, try the following solutions:

- **Keypad not pairing:**
  - Ensure the keypad is turned ON and has fresh batteries.
  - Make sure the keypad is within the 10-meter operating range of your device.
  - Verify Bluetooth is enabled on your device.
  - Try unpairing and re-pairing the device in your Bluetooth settings.
  - Restart both the keypad and your device.
- **Keys not responding:**
  - Check battery levels and replace if necessary.
  - Ensure the keypad is properly connected via Bluetooth.
  - If specific functional keys are not working on Mac OS/iOS, this is expected behavior due to system limitations.

- **Intermittent connection:**

- Reduce interference by moving away from other wireless devices (e.g., Wi-Fi routers, cordless phones).
- Ensure the keypad is not too far from your device.
