2. Connect the small end of the provided USB charging cable to the earbud's charging port.
3. Connect the larger end of the USB cable to a USB power source (e.g., computer USB port, USB wall adapter).
4. The LED indicator light on the earbud will illuminate during charging and turn off or change color when fully charged.

2. Pairing with a Bluetooth Device

The earbuds need to be paired with your device (smartphone, tablet, computer) to function wirelessly.

1. Ensure the earbuds are charged and turned off.
2. Press and hold the multi-function button on the earbud until the LED indicator light flashes red and blue alternately. This indicates pairing mode.
