CubicFun MC255h

CubicFun Cityline New York 3D Puzzle Instruction Manual

Brand: CubicFun | Model: MC255h

INTRODUCTION

This manual provides detailed instructions for assembling your CubicFun Cityline New York 3D Puzzle. This model allows you to construct a miniature representation of the iconic New York City skyline, featuring landmarks such as the Empire State Building, Chrysler Building, Statue of Liberty, Brooklyn Bridge, and World Trade Center. The puzzle consists of 123 pieces made from green EPS foam board, designed for easy, glue-free assembly.

SAFETY INFORMATION

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age.
- **Recommended Age:** Suitable for ages 8 years and up. Adult supervision is recommended for younger users.
- **Material Safety:** The puzzle pieces are made from green EPS foam board, which is safe for use.

PACKAGE CONTENTS

Your CubicFun Cityline New York 3D Puzzle package includes:

- 123 pre-cut puzzle pieces
- Detailed instruction manual with step-by-step illustrations

Assembly Steps Overview:

1. **Identify Pieces:** Carefully detach all numbered pieces from the foam sheets. Refer to the instruction manual for piece identification.
2. **Follow Numerical Order:** Assemble the model by following the numerical sequence indicated in the manual. Each piece is designed to fit into a specific slot.
3. **Interlocking Design:** Gently push pieces together. If a piece does not fit easily, do not force it. Check the number and orientation against the manual.
4. **Base Assembly:** Begin by assembling the base platform, which provides stability for the entire model.
5. **Building Construction:** Construct each landmark building individually, then attach them to the designated spots on the base.

MAINTENANCE

To maintain the appearance of your 3D puzzle, gently dust it with a soft, dry cloth. Avoid using liquids or abrasive cleaners, as these may damage the material or printed surfaces. Store the model in a stable location away from direct sunlight and excessive humidity to prevent warping or fading.

TROUBLESHOOTING

- **Pieces Not Fitting:** Ensure you are using the correct pieces for the current step and that they are oriented correctly. Refer to the numbered diagrams in the manual. Do not force pieces, as this can cause damage.
- **Loose Connections:** If pieces feel loose, ensure they are fully inserted into their corresponding slots. The EPS foam board is designed for a snug fit.
- **Damaged Pieces:** If a piece is damaged during assembly, contact CubicFun Customer Service for assistance.
