SETUP

Unboxing and Stand Installation

Due to the size and weight of the 85-inch television, it is recommended that two or more people handle the unboxing and installation process to prevent injury or damage to the unit. The TV comes with a smart remote, batteries, power cord, IR Blaster, instructions, setup guide, and stand.

1. Carefully remove the television from its packaging.
2. Attach the included stand to the television according to the visual instructions provided in the quick setup guide. The stand is designed for stability and easy assembly.
3. Place the television on a stable, level surface or mount it to a wall using a compatible VESA mount (sold separately).
