# Yaheetech 52-inch Wrought Steel Standing Large Flight King Bird Cage User Manual

Model: Y00845A

## PRODUCT OVERVIEW

---

The Yaheetech 52-inch Wrought Steel Standing Large Flight King Bird Cage is designed to provide a spacious and secure habitat for multiple small to medium-sized birds. Its robust construction and thoughtful features ensure comfort and ease of maintenance for pet owners.

Front view of the Yaheetech 52-inch Wrought Steel Standing Large Flight King Bird Cage, showcasing its spacious design and suitability for multiple birds.

The bird cage integrated into a home environment, highlighting its aesthetic appeal and functional design.

## SETUP AND ASSEMBLY

---

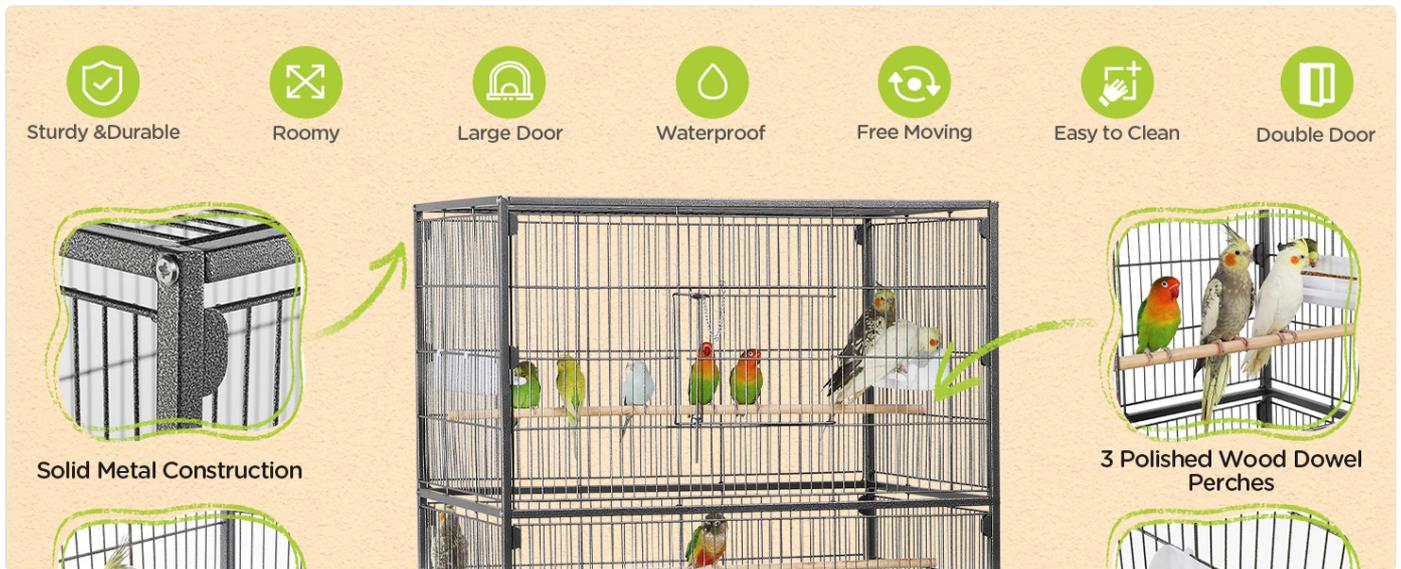

Assembly of the Yaheetech bird cage is required but designed to be straightforward. All necessary accessories and tools are included in the package. Please follow the accompanying instructions carefully for proper installation.

### Assembly Steps:

1. Unpack all components and verify against the parts list provided in the instruction manual.
2. Assemble the base frame, ensuring all connections are secure.
3. Attach the side panels, front, and back panels to the base.
4. Install the internal perches and feeders as desired.
5. Place the pull-out tray and metal grate into their designated slots.
6. Secure the top panel of the cage.

7. Attach the four-wheeled stand to the bottom of the cage for mobility.

**Note:** Some users have reported that the printed instructions may have small font. If you encounter difficulty, refer to the detailed diagrams and consider using a magnifying glass if needed.

Key features and components of the bird cage, illustrating the assembly points and functional elements.

## OPERATING INSTRUCTIONS

This bird cage is designed for ease of use and provides a comfortable environment for your birds.

### Bird Placement and Access:

- The cage features two large front doors for easy access to your birds and for placing or removing items.
- Ensure the latches on the doors are securely closed to prevent birds from escaping.
- The 5/8-inch bar spacing is suitable for small to medium-sized birds such as lovebirds, cockatoos, small conure cockatiels, and medium-sized parakeets.

Demonstration of the two large front doors, designed for convenient access and secure closure.

### Mobility:

- The four-wheeled stand with ball-shaped casters allows for smooth and effortless movement of the cage in all directions. This is useful for repositioning the cage or for cleaning the area around it.

## Extra Storage Space

The additional open shelf offers extra handy storage space for cleaning tools, bird toys, and seeds

Detail of the smooth-rolling casters, enabling easy movement of the cage.

## MAINTENANCE AND CLEANING

Regular cleaning is essential for maintaining a healthy environment for your birds. The Yaheetech bird cage is designed for easy cleaning.

### Cleaning the Cage:

- The pull-out tray located under the parrot cage can be easily removed for cleaning. Simply slide it out and wash with water.
- A metal grate separates the birds from the tray, ensuring hygiene and preventing direct contact with droppings.
- The large doors facilitate access to the interior of the cage for wiping down surfaces and cleaning perches.
- The powder-coated metal construction is water-resistant, allowing for easy wiping and cleaning.

Spacious Home For Small/Medium Birds

The 5/8" bar spacing is crafted to provide a safe habitat for various small to medium-sized birds

The removable pull-out tray simplifies the cleaning process, ensuring a hygienic environment for your birds.

## TROUBLESHOOTING

This section addresses common concerns and provides solutions for optimal use of your bird cage.

## Bird Escapes:

- **Issue:** Birds escaping through cage bars or doors.
- **Solution:** Ensure all door latches are fully secured after opening. While the 5/8-inch bar spacing is suitable for most small to medium birds, very small birds like finches might be able to squeeze through. Always verify the suitability of the bar spacing for your specific bird species before purchase.

## Assembly Difficulties:

- **Issue:** Difficulty understanding assembly instructions.
- **Solution:** The instructions are primarily diagram-based. Pay close attention to the visual cues. If the print is too small, consider using a magnifying glass or referring to online resources for clearer diagrams if available.

## SPECIFICATIONS

---

Feature	Detail
