## MAINTENANCE

To ensure the longevity of your building set, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the figure. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the assembled figure or disassembled blocks in a cool, dry place away from direct sunlight and extreme temperatures to prevent discoloration or warping.
- **Handling:** Handle the figure with care, especially when adjusting articulated parts, to avoid accidental detachment of pieces.

## TROUBLESHOOTING

### Missing Pieces:

If you find any pieces missing from your set, please contact Mega Brands customer support. Provide details of

the missing parts and your product model number (FVK81) for assistance.

**Difficulty Assembling:**

Ensure you are following the instruction manual step-by-step. Sometimes, pieces may require a firm push to connect properly. If a step seems unclear, review the illustrations carefully or refer to online assembly guides if available.

**Loose Connections:**

If parts feel loose after assembly, gently press them together again to ensure a secure fit. Over time, frequent posing may slightly loosen connections; re-securing them is usually sufficient.
