# MAUL Clipboard Maulcork A4 Portrait - Instruction Manual

Model: 2393073

[Overview](#) [Setup](#) [Operation](#) [Maintenance](#) [Troubleshooting](#) [Specifications](#) [Support](#)

## 1. PRODUCT OVERVIEW

The MAUL Maulcork Clipboard (Model 2393073) is designed for holding documents securely. It features a natural cork surface over a stable cardboard core, providing a firm writing or working surface. The clipboard is suitable for A4 portrait documents and includes a robust flat clip with a clamping width of approximately 8 mm.

## 2. SETUP

---

The MAUL Maulcork Clipboard requires minimal setup. It is ready for use directly out of its packaging.

### 2.1 Unpacking

- Carefully remove the clipboard from its protective packaging.

- Inspect the clipboard for any signs of damage during transit. If damage is present, contact customer support.

## 2.2 Initial Use

- The clipboard is designed for holding A4 size documents in portrait orientation.
- Ensure the clip mechanism operates smoothly before securing documents.

# 3. OPERATION

---

This section details the proper methods for using your MAUL Maulcork Clipboard.

## 3.1 Securing Documents

1. Hold the clipboard firmly with one hand.
2. With the other hand, lift the flat clip mechanism by pressing down on the dimple handle. The dimple handle is designed to prevent finger slipping and provide a secure grip.
3. Slide your A4 documents (up to approximately 8 mm thickness) under the raised clip.
4. Release the dimple handle to allow the clip to firmly secure the documents against the cork surface.

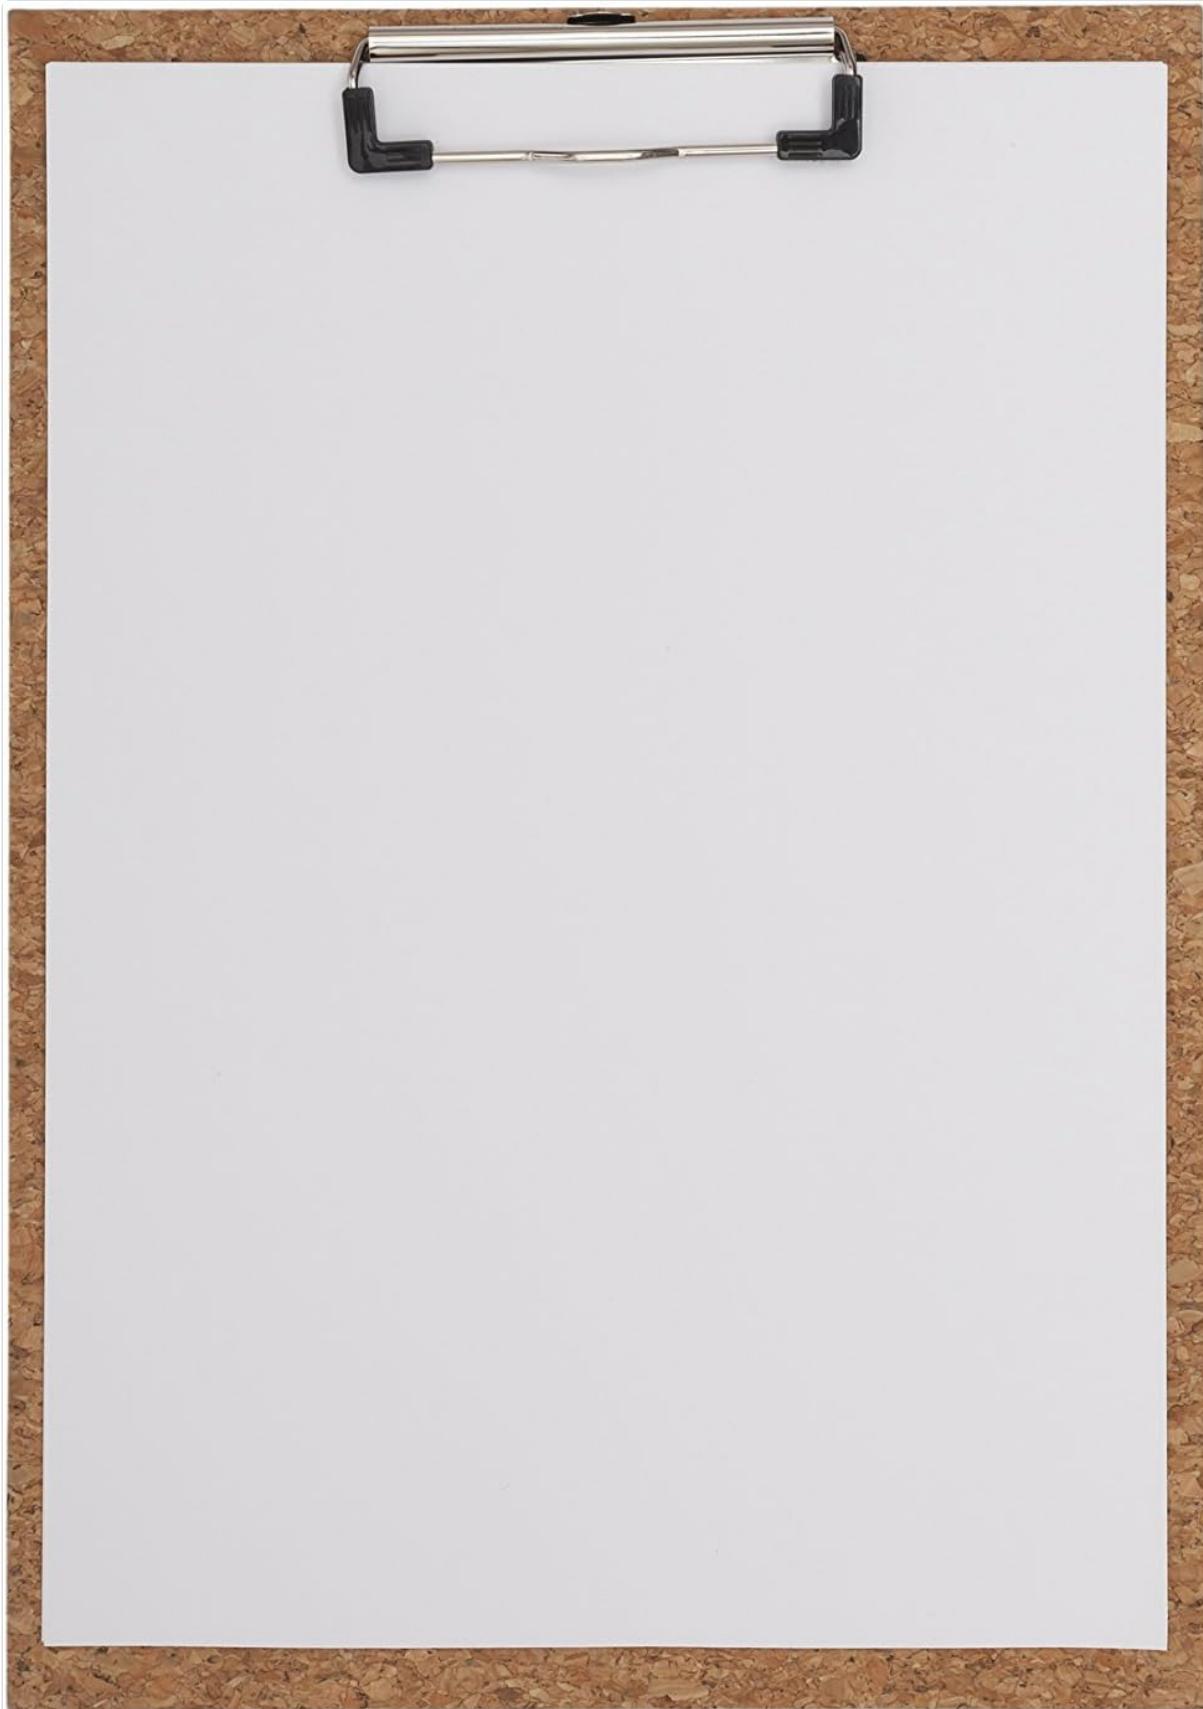

Image 3.2: The clipboard shown with a sheet of paper securely held by the clip.

### 3.2 Using the Hanging Hole

The clipboard features a hanging hole located at the top, allowing it to be suspended for easy access or display.

- Identify the metal eyelet at the top center of the clipboard.
- Hang the clipboard on a hook, nail, or similar fixture. This is useful for displaying work plans,

notifications, or personal notes.

Image 3.3: Top section of the clipboard, highlighting the two metal hanging holes.

## 4. MAINTENANCE

Proper care ensures the longevity and functionality of your clipboard.

### 4.1 Cleaning

- **Cork Surface:** Wipe the cork surface with a dry or slightly damp cloth. Avoid excessive moisture. Do not use harsh chemical cleaners, as they may damage the natural cork.
- **Metal Clip:** The metal clip can be wiped clean with a dry cloth. If necessary, a slightly damp cloth can be used, ensuring it is dried immediately to prevent tarnishing.

## 4.2 Storage

- Store the clipboard in a dry environment, away from direct sunlight or extreme temperatures, to preserve the integrity of the cork and cardboard core.
- Avoid placing heavy objects on the clipboard when stored, as this may cause warping.

## 5. TROUBLESHOOTING

This section addresses common issues you might encounter with your clipboard.

### 5.1 Documents Not Held Securely

- **Check Document Thickness:** Ensure the total thickness of the documents does not exceed the clip's maximum clamping width of approximately 8 mm.
- **Proper Placement:** Verify that documents are fully inserted under the clip and centered to allow for even pressure distribution.
- **Clip Integrity:** Inspect the metal clip for any visible damage or deformation. If the clip appears bent or broken, the product may need replacement.

## 6. SPECIFICATIONS

Detailed technical specifications for the MAUL Maulcork Clipboard.

Feature	Detail
<b>Brand</b>	MAUL
<b>Model Number</b>	2393073
<b>Material Type</b>	Natural Cork with Cardboard Core
