

TAINO 93422

TAINO Basic 6+1 Gas Barbecue Instruction Manual

Model: 93422 | Brand: TAINO

INTRODUCTION

Welcome to your new TAINO Basic 6+1 Gas Barbecue. This manual provides essential information for safe assembly, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your grill. Please read all instructions carefully before use and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

WARNING: For outdoor use only. Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance. Failure to follow these instructions could result in fire, explosion, or burn hazard.

- Always operate the grill on a level, stable surface, away from combustible materials.
- Keep children and pets away from the hot grill.
- Do not move the grill while it is in use or still hot.
- Ensure proper ventilation and never use the grill in an enclosed space.
- Check for gas leaks regularly using a soapy water solution. Never use a flame to check for leaks.
- Use only the specified gas type (Propane) and regulator.
- Disconnect the gas supply at the cylinder when the grill is not in use.
- Wear protective gloves when handling hot components or cleaning the grill.

PACKAGE CONTENTS

Before assembly, ensure all parts are present and undamaged. Refer to the following list:

- Main Grill Unit (with 6 stainless steel burners and side burner)
- 3 Grill Grates

- Removable Grease Tray
- Lid with integrated thermometer
- Side shelves
- Wheels for mobility
- Assembly hardware (screws, nuts, etc.)
- Instruction Manual (this document)

ASSEMBLY AND SETUP

The TAINO Basic 6+1 Gas Barbecue requires assembly. Follow these steps carefully. It is recommended to have two people for assembly.

1. Unpack all components and verify against the package contents list.
2. Attach the legs and wheels to the main body of the grill. Ensure all screws are tightened securely.
3. Mount the side shelves to the main unit.
4. Install the grill grates and the removable grease tray into the cooking chamber.
5. Connect the gas hose and regulator to the grill's gas inlet and to your propane gas cylinder. Ensure all connections are tight and check for leaks using a soapy water solution (see Safety Information).

Image: Diagram detailing the dimensions of the three grill grates, each approximately 24.3 cm wide and 33 cm deep, combining for a total width of 72.9 cm.

OPERATING INSTRUCTIONS

Before First Use

Before cooking, operate the grill for 15 minutes on high heat with the lid closed to burn off any manufacturing residues. This helps to season the grill and remove any protective oils.

Lighting the Main Burners

1. Ensure the grill lid is open.
2. Turn on the gas supply at the cylinder.
3. Push and turn one control knob to the "HIGH" position.
4. Press the igniter button (if separate) or continue holding the knob for integrated piezo ignition until the burner lights. You should hear a click and see a flame.
5. Once lit, release the knob and adjust to the desired heat setting.
6. Repeat for other main burners as needed.

Lighting the Side Burner

1. Open the side burner lid.
2. Push and turn the side burner control knob to the "HIGH" position.
3. Press the igniter button or hold the knob for integrated piezo ignition until the burner lights.
4. Once lit, release the knob and adjust.

Indirect Grilling

For indirect grilling, light the outer burners and leave the central burners off. Place food over the unlit burners to cook slowly with indirect heat.

MAINTENANCE AND CLEANING

After Each Use

Turn off all burners and the gas supply at the cylinder. Allow the grill to cool completely before cleaning.

- Clean grill grates with a grill brush to remove food residue.
- Empty and clean the removable grease tray to prevent grease fires.

Regular Maintenance

- Periodically check the gas hose and connections for cracks, cuts, or leaks. Replace if damaged.
- Clean burner ports to ensure even flame distribution. Use a wire brush or a stiff wire to clear any blockages.
- Wipe down exterior surfaces with a damp cloth and mild detergent. Avoid abrasive cleaners.
- Store the grill in a dry, protected area when not in use, or use a weather-resistant grill cover to protect it from the elements.

TROUBLESHOOTING COMMON ISSUES

Problem	Possible Cause	Solution
Burner won't light	No gas flow; clogged burner port; faulty igniter.	Check gas cylinder and connections; clean burner ports; check igniter electrode and wiring.
Uneven flame or low heat	Clogged burner ports; low gas pressure.	Clean burner ports thoroughly; ensure gas cylinder is not empty and regulator is functioning correctly.
Gas smell during operation	Gas leak.	Immediately turn off gas supply at the cylinder. Check all connections with soapy water. If leak persists, do not use the grill and contact qualified service personnel.

Problem	Possible Cause	Solution
Lid thermometer inaccurate	Sensor dirty or damaged; calibration needed.	Clean sensor if accessible; if consistently inaccurate, consider replacement or professional calibration.

PRODUCT SPECIFICATIONS

Brand: TAINO

Model Number: 93422

Dimensions (L x W x H): 141 cm x 50 cm x 103 cm (approx. 55.5 x 19.7 x 40.5 inches)

Weight: 32 kg (approx. 70.55 lbs)

Material: Stainless Steel (burners, handle), Steel (body)

Color: Black

Burners: 6 Main Burners + 1 Side Burner

Fuel Type: Gas (Propane)

Special Features: Removable grease tray, Integrated lid thermometer, Piezo ignition

Assembly Required: Yes

Manufacturer: Clic-Trade GmbH
