

## OVENTE HS560R

# OVENTE Immersion Hand Blender HS560R Instruction Manual

Model: HS560R

## 1. IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

- Read all instructions carefully before operating the appliance.
- Do not immerse the motor body in water or other liquids. Only the blending shaft is designed for immersion.
- Keep hands, hair, clothing, and utensils away from moving blades during operation to prevent injury and/or damage to the appliance.
- Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- Close supervision is necessary when any appliance is used by or near children.
- Avoid contact with moving parts.
- To prevent overheating, operate the hand blender in one-minute intervals or less.

## 2. PARTS AND FEATURES

The OVENTE Immersion Hand Blender consists of a motor body and a detachable blending shaft with stainless steel blades.

Figure 1: OVENTE Immersion Hand Blender HS560R, showcasing its sleek red design.

### Key Features:

- **300-Watt Motor:** Provides efficient blending power.
- **2 Blending Speeds:** Low and High settings for versatile control.
- **Stainless Steel Blades:** Durable and effective for various ingredients.
- **Detachable Shaft:** Allows for easy cleaning and compact storage.
- **Ergonomic, Non-Slip Handle:** Designed for comfortable and secure grip during use.

## NON-SLIP HANDLE

For safe, effortless use

Figure 3: The ergonomic, non-slip handle provides a comfortable and secure grip.

### 3. ASSEMBLY

Assembling your OVENTE Immersion Hand Blender is quick and straightforward:

1. Align the blending shaft with the motor body.
2. Twist the blending shaft clockwise until it locks securely into place. You should hear a click or feel it firmly attach.
3. Ensure the shaft is securely attached before plugging in the appliance.

## DETACHABLE SHAFT

Dishwasher-safe shaft easily attaches to the body;  
simply twist to detach for easy cleaning

Figure 4: The detachable shaft easily twists on and off the motor body for assembly and disassembly.

### 4. OPERATING INSTRUCTIONS

Follow these steps for safe and effective blending:

1. Ensure the blending shaft is securely attached to the motor body.
2. Plug the hand blender into a standard electrical outlet (120V).
3. Immerse the blending shaft into the ingredients you wish to blend. Ensure the blade guard is fully submerged to prevent splashing.
4. Press the desired speed button (Low or High) on the motor body to begin blending.
5. Move the blender gently up and down and in circular motions to ensure even blending.
6. Release the button to stop operation.
7. Unplug the appliance from the outlet immediately after use.

**Note:** To prevent overheating, do not operate the hand blender continuously for more than one minute. Allow it to cool down before resuming use.

## **MULTI-USE**

Make smoothies, soups, marinades, sauces,  
and much more

Figure 5: The slim-stick design allows for blending directly in various containers, including glasses, pots, and bowls.

Figure 6: This versatile tool is suitable for preparing smoothies, soups, marinades, sauces, and more.

Figure 7: The blender can be used for tasks such as whisking eggs or mixing batters.

## 5. CLEANING AND MAINTENANCE

Proper cleaning and maintenance will ensure the longevity of your hand blender:

1. Always unplug the appliance before cleaning.
2. Twist and detach the blending shaft from the motor body.
3. The detachable blending shaft is dishwasher-safe. Alternatively, it can be hand washed with warm, soapy water. Rinse thoroughly and dry.
4. Wipe the motor body with a soft, damp cloth. Do not immerse the motor body in water or any other liquid.
5. Ensure all parts are completely dry before reassembling or storing.

Figure 8: The blending shaft is dishwasher-safe for convenient cleaning.

## 6. TROUBLESHOOTING

If you encounter any issues with your OVENTE Immersion Hand Blender, refer to the following common problems and solutions:

- **Blender does not turn on:**

- Ensure the appliance is properly plugged into a working electrical outlet.
- Check if the blending shaft is securely attached to the motor body.

- **Blender stops during operation:**

- The appliance may have overheated. Unplug it and allow it to cool down for at least 10-15 minutes before resuming use.
- Ensure you are not operating the blender for more than one minute continuously.

- **Ingredients are not blending smoothly:**

- Ensure there is sufficient liquid in your mixture.
- Move the blender up and down and around the container to ensure all ingredients come into

contact with the blades.

- For tougher ingredients, use the High speed setting.

7. SPECIFICATIONS

Feature	Detail
Brand	OVENTE
Model Number	HS560R
Power Source	Electric
Motor Wattage	300W
Number of Speeds	2 (Low, High)
Voltage	120.0V
Controls Type	Push Button
Blade Material	Stainless Steel
Material Type Free	BPA Free
Product Dimensions	2.5"D x 2.5"W x 14.8"H
