

QUIKCELL SFERAA-PUR

Quikcell SFERAA-PUR Portable Wireless Speaker User Manual

Model: SFERAA-PUR | Brand: QUIKCELL

INTRODUCTION

Thank you for choosing the Quikcell SFERAA-PUR Portable Wireless Speaker. This compact and versatile speaker is designed to provide high-quality audio on the go, offering both wireless Bluetooth and wired auxiliary connectivity. Its unique rotating design allows the speakers to act as a convenient stand, making it perfect for travel and outdoor use. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure you get the most out of your device.

WHAT'S IN THE BOX

Upon unboxing your Quikcell SFERAA-PUR speaker, please ensure all the following components are present:

- Portable MP3 Player Wireless Speaker System (Quikcell SFERAA-PUR)
- Auxiliary Cable (for wired connection)
- Charging Cable (USB)
- User Manual (this document)

SETUP

1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided charging cable to the speaker's charging port and the other end to a USB power source (e.g., computer USB port, USB wall adapter). The charging indicator light will illuminate during charging and turn off when fully charged. A full charge provides up to 6 hours of playback time and up to 30 hours of standby time.

2. Powering On/Off

To power on the speaker, locate the power button (usually integrated with the control panel) and press and hold it until you hear an audible prompt or see an indicator light. To power off, repeat the process.

3. Initial Pairing (Bluetooth)

1. Ensure the speaker is powered on and in Bluetooth pairing mode (it may automatically enter this mode when first turned on or if not connected to a device).
2. On your smartphone, tablet, or other Bluetooth-enabled device, navigate to the Bluetooth settings.
3. Search for available devices. The speaker will typically appear as "SFERAA-PUR" or "Quikcell Speaker".
4. Select the speaker from the list to pair. Once paired, you will hear a confirmation sound, and the speaker will automatically connect to this device in the future when turned on.

OPERATING

1. Connectivity Options

The Quikcell SFERAA-PUR speaker offers two primary ways to connect your audio source:

- **Wireless (Bluetooth):** After initial pairing, the speaker will automatically connect to the last paired device when powered on. Ensure Bluetooth is enabled on your device.
- **Wired (Auxiliary):** Use the provided auxiliary cable to connect the speaker's AUX-in port to the headphone jack of any audio device (e.g., smartphone, MP3 player, laptop). The speaker will automatically switch to AUX mode when a cable is detected.

Dual Connectivity

Connect your smartphone wirelessly or via the included Aux cable

Compatible with Wireless-Enabled Devices

Automatically connect to the last connected device when turned on

2. Audio Playback and Controls

Once connected, audio from your device will play through the speaker. Volume control is typically managed via your connected device. The speaker itself may have touch controls for basic functions like play/pause or track skipping, as indicated by its 'Touch' control method in specifications.

Excellent Sound Quality

3. Rotating Speaker Stand Functionality

The unique design of the SFERAA-PUR allows its two speaker halves to rotate outwards, transforming the device into a stable stand. This feature is ideal for positioning the speaker for optimal sound projection or for propping up a smartphone or tablet while watching videos.

MAINTENANCE

To ensure the longevity and optimal performance of your Quikcell SFERAA-PUR speaker, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the speaker. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Storage:** When not in use, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.

- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. If storing for an extended period, charge the battery to about 50% every few months.
- **Water Exposure:** This product is not waterproof. Avoid exposing it to water, rain, or excessive moisture.

TROUBLESHOOTING

If you encounter issues with your Quikcell SFERAA-PUR speaker, please refer to the following common solutions:

- **No Power:** Ensure the speaker is fully charged. Connect it to a power source and try turning it on again.
- **No Sound:**
 - Check the volume level on both the speaker and your connected device.
 - If using Bluetooth, ensure the speaker is properly paired and connected. Try unpairing and re-pairing.
 - If using AUX, ensure the cable is securely connected to both the speaker and your audio source. Try a different AUX cable if available.
- **Bluetooth Pairing Issues:**
 - Ensure the speaker is in pairing mode.
 - Turn off Bluetooth on your device and turn it back on.
 - Move the speaker closer to your device.
 - Clear the Bluetooth device list on your phone and try pairing again.
- **Distorted Sound:**
 - Reduce the volume on your connected device or the speaker.
 - Ensure there are no obstructions between the speaker and your Bluetooth device.
 - Check for interference from other wireless devices.

If these steps do not resolve the issue, please refer to the Warranty and Support section for further assistance.
