## OPERATING INSTRUCTIONS

The Funko POP! Iron Man figure is a static collectible and does not require any operational setup. It is designed for display purposes. Avoid attempting to articulate parts that are not designed to move, as this may cause damage.

- **Display Only:** This figure is intended for display and collection. It is not an action figure with movable joints.
- **Handling:** When moving or repositioning the figure, hold it by the main body to prevent stress on smaller components like the repulsor blasts or armor details.

## MAINTENANCE AND CARE

To maintain the appearance and longevity of your Funko POP! figure, follow these care guidelines:

- **Cleaning:** Dust the figure regularly with a soft, dry cloth or a soft-bristled brush. For stubborn dirt, lightly dampen a cloth with water and gently wipe the affected area, then dry immediately. Avoid abrasive cleaners or harsh chemicals.

- **Storage:** If storing the figure, keep it in its original packaging or a protective display case to prevent dust accumulation and potential damage. Store in a cool, dry place away from direct sunlight.
- **Avoid Extreme Conditions:** Do not expose the figure to extreme temperatures (hot or cold) or high humidity, as this can cause the vinyl material to warp, crack, or fade.

## TROUBLESHOOTING

---

While Funko POP! figures are generally robust, minor issues can sometimes occur. Here are some common concerns and solutions:

- **Figure Instability:** If the figure does not stand upright, ensure it is placed on a completely flat surface. If a clear stand is provided, ensure it is properly inserted into the figure's feet.
- **Minor Scuffs/Marks:** For very minor surface marks, a soft eraser can sometimes gently remove them. Test on an inconspicuous area first.
- **Damaged Upon Arrival:** If your figure arrived with significant damage (e.g., broken parts, major paint defects), please contact the retailer or Funko customer support for assistance.
