# HABA Puppenbuggy Jule Doll Stroller Instruction Manual

Model: Puppenbuggy Jule

Brand: HABA

## 1. SAFETY INSTRUCTIONS

Please read these instructions carefully before assembly and use. Keep this manual for future reference.

- This doll stroller is designed for dolls and toys only. It is not intended for carrying real infants, children, or pets.
- Adult supervision is recommended during play to ensure safe use.
- Ensure all parts are securely fastened before allowing a child to play with the stroller.
- Regularly check for any loose or damaged parts. Discontinue use if any damage is found.
- Keep packaging materials away from children to prevent suffocation hazards.

## 2. PACKAGE CONTENTS

Verify that all components are present in the package:

- 1 x HABA Puppenbuggy Jule Doll Stroller (pre-assembled, folded)

## 3. SETUP AND UNFOLDING

The HABA Puppenbuggy Jule Doll Stroller comes pre-assembled and folded for compact storage. Follow these steps to unfold it:

1. Place the folded stroller on a flat, stable surface.
2. Gently pull the handles upwards and outwards. The frame will begin to extend.
3. Continue pulling until the side locking mechanisms click into place, indicating the stroller is fully open and stable. Ensure both sides are locked.
4. Verify that the seat fabric is taut and properly positioned.

## 4. OPERATING THE DOLL STROLLER

---

Using the Puppenbuggy Jule is straightforward and designed for ease of play:

- 1. Placing the Doll:** Gently place your doll into the fabric seat. The seat is designed to accommodate various doll sizes.
- 2. Securing the Doll:** The stroller features a simple fabric strap to help keep the doll securely in place during play. Fasten the strap around the doll's waist or chest.

3. **Maneuvering:** The lightweight design and smooth-rolling wheels allow for easy pushing and steering. The handles are ergonomically shaped for small hands.
4. **Folding for Storage:** To fold the stroller, locate the locking mechanisms on the sides of the frame. Disengage them (usually by pushing a button or lever) and gently push the handles downwards and inwards until the stroller collapses into its compact form.

## 5. MAINTENANCE

---

Proper care will extend the life of your doll stroller:

- **Cleaning:** Wipe the metal frame and plastic parts with a damp cloth and mild soap if necessary. Avoid harsh chemicals. The fabric seat can be spot cleaned.
- **Storage:** When not in use, fold the stroller and store it in a dry place away from direct sunlight to prevent fading and material degradation.
- **Inspection:** Periodically check all joints, wheels, and fabric for wear and tear.

## 6. TROUBLESHOOTING

---

If you encounter any issues, refer to the following common solutions:

Problem	Possible Cause	Solution
Stroller does not unfold completely.	Locking mechanisms not engaged.	Ensure you pull the handles firmly until both side locks click into place.
Wheels are stiff or squeaky.	Dirt or debris in wheel axles.	Clean around the wheel axles. A small amount of silicone-based lubricant can be applied if needed (avoid oil-based lubricants).
Fabric seat appears loose.	Improper unfolding or wear.	Ensure the stroller is fully unfolded and locked. If wear is significant, contact support.
