Osann FeetUp Car Seat Protector with Footrest - Instruction Manual

Model: 109-193-400

INTRODUCTION

The Osann FeetUp Car Seat Protector with Footrest is designed to provide comprehensive protection for your vehicle's upholstery while offering a comfortable and ergonomic footrest solution for children during car journeys. This manual provides essential information for the proper installation, use, maintenance, and troubleshooting of your FeetUp Car Seat Protector.

PRODUCT OVERVIEW AND FEATURES

The Osann FeetUp Car Seat Protector is engineered with several key features to enhance safety and comfort:

- **Car Seat Protection:** Protects your car's upholstery from pressure marks, discoloration, and dirt caused by child seats or infant carriers, whether with or without ISOFIX.
- **Integrated Footrest:** Features an additional footrest that can be adjusted to two different heights via a zipper, allowing children (up to approximately 6 years) to comfortably rest their feet during travel.
- **Anti-Slip Coating:** Equipped with an anti-slip coating to ensure child car seats have additional stability and grip in the vehicle.
- **Enhanced Comfort:** The footrest is mounted with hook-and-loop fasteners, relieving leg strain and preventing numbness during long journeys.
- **Universal Fit:** Made from durable material, this car seat pad is universally suitable for all car child seats and vehicles.
- **Easy to Clean:** The surface can be easily brushed clean for convenient maintenance.

SETUP AND INSTALLATION

Follow these steps for correct installation of the Osann FeetUp Car Seat Protector:

1. **Prepare the Vehicle Seat:** Ensure the vehicle seat where the protector will be placed is clean and free of debris.
2. **Position the Protector:** Place the Osann FeetUp Car Seat Protector on the vehicle seat. The backrest portion should align with the vehicle's seat back, and the seat portion should rest on the vehicle's seat cushion.
3. **Secure the Backrest:** Use the adjustable strap located at the top of the protector to secure it around the vehicle's headrest. Tighten the strap to ensure the backrest portion is held firmly against the vehicle seat.
4. **Adjust the Footrest:** The footrest section folds out from the front of the seat protector. It can be adjusted to two different heights using the integrated zipper mechanism. Select the appropriate height for your child's comfort.
5. **Install Child Seat:** Place your child's car seat or infant carrier directly on top of the Osann FeetUp Car Seat Protector. The anti-slip coating will help secure the child seat.
6. **Secure Child Seat:** Install the child car seat according to its own manufacturer's instructions, whether using ISOFIX anchors or the vehicle's seat belt system. The FeetUp protector is compatible with ISOFIX systems.

OPERATING INSTRUCTIONS

The primary operational feature of the Osann FeetUp Car Seat Protector is its adjustable footrest:

- **Footrest Adjustment:** The footrest can be set to two different heights. To adjust, locate the zipper on the footrest section. Unzip or zip to fold or unfold the support structure, allowing you to select the desired height for your child's legs.
- **Comfort for Child:** Ensure your child's feet are comfortably resting on the footrest, preventing dangling legs which can lead to discomfort or numbness on longer journeys. The footrest is designed for children up to approximately 6 years of age.

MAINTENANCE AND CARE

To ensure the longevity and cleanliness of your Osann FeetUp Car Seat Protector, follow these care instructions:

- **Cleaning:** The durable material of the seat protector can be easily cleaned by brushing off dirt and debris. For more stubborn stains, use a damp cloth with mild soap and water. Do not machine wash or tumble dry.
- **Drying:** Allow the protector to air dry completely before re-installing it in your vehicle.
- **Storage:** When not in use, store the protector in a clean, dry place away from direct sunlight to prevent material degradation.

TROUBLESHOOTING

If you encounter any issues with your Osann FeetUp Car Seat Protector, refer to the following common solutions:

Problem	Possible Cause	Solution
Footrest does not stay in position or collapses.	Hook-and-loop fasteners are not fully engaged or are worn.	Ensure the hook-and-loop fasteners are firmly pressed together. If worn, contact customer support for possible solutions. Avoid excessive force on the footrest.
Protector slides on the vehicle seat.	Strap not tightened sufficiently or anti-slip coating is dirty.	Re-tighten the strap around the headrest. Clean the anti-slip coating on the underside of the protector. Ensure no foreign objects are between the protector and the vehicle seat.
Child seat does not feel stable on the protector.	Incorrect installation of child seat or protector.	Verify that both the FeetUp protector and the child car seat are installed correctly according to their respective manuals. Ensure the anti-slip surface is clean.

SPECIFICATIONS
