SAFETY INFORMATION

WARNING: Risk of electric shock. Disconnect power at the fuse box or circuit breaker before installing or servicing. Consult a qualified electrician if you are unsure about electrical wiring.

- Read all instructions carefully before installation.
- This fixture is rated for **wet locations**, making it suitable for bathrooms and other areas exposed to moisture.
- Ensure the mounting surface can support the weight of the fixture.
- Use only E26 base bulbs, maximum 60 watts each (bulbs not included).
- Do not exceed the recommended wattage.
- Fixture is dimmable; however, a dimmer switch is not included and must be purchased separately. Ensure the dimmer is compatible with the bulbs used.
- Keep children away from electrical components.
- Dispose of packaging materials responsibly.

PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation.

- 1 x EGLO Truxton 2-Light Bath/Vanity Light Fixture (Model 203119A)
- Mounting Hardware (screws, wire nuts, mounting plate)
- Instruction Manual

Note: E26 60W bulbs are not included and must be purchased separately.

INSTALLATION

Professional installation is recommended. If you are not familiar with electrical wiring, consult a qualified electrician.

1. **Turn Off Power:** Locate the circuit breaker or fuse box that supplies power to the light fixture outlet. Turn off the power completely before proceeding.
2. **Prepare Mounting Surface:** Ensure the electrical box is securely mounted and capable of supporting the fixture's weight.
3. **Attach Mounting Plate:** Secure the mounting plate to the electrical box using the provided screws. Ensure the plate is level.
4. **Make Electrical Connections:** Carefully connect the fixture's wires to the household electrical wires:
 - Connect the **black** (Live) wire from the fixture to the **black** (Live) wire from the electrical box using a wire nut.
 - Connect the **white** (Neutral) wire from the fixture to the **white** (Neutral) wire from the electrical box using a wire nut.
 - Connect the **green** or **bare copper** (Ground) wire from the fixture to the **green** or **bare copper** (Ground) wire from the electrical box, and to the ground screw on the mounting plate.

Ensure all connections are secure.

5. **Mount Fixture:** Carefully align the fixture with the mounting plate and secure it using the provided screws. Do not overtighten.

6. **Install Glass Shades:** Gently place the white glass shades onto the fixture and secure them according to the design.
7. **Install Bulbs:** Screw two E26 base, maximum 60-watt bulbs into the sockets. Do not overtighten.
8. **Restore Power:** Once installation is complete and all components are secure, restore power at the circuit breaker or fuse box.

Image 3: Dimensional drawing of the fixture (L: 12.75", W: 6.81", H: 10.63"). Refer to this for space planning.

OPERATION

Once installed and powered, the EGLO Truxton 2-Light Bath/Vanity Light operates via your wall switch. If a compatible dimmer switch is installed, you can adjust the light intensity. Ensure the bulbs used are dimmable if you intend to use a dimmer.

MAINTENANCE

To maintain the appearance and functionality of your fixture:

- **Cleaning:** Turn off power before cleaning. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or glass.
- **Bulb Replacement:** Turn off power before replacing bulbs. Allow bulbs to cool completely before touching. Replace with E26 base, maximum 60-watt bulbs.
- **Inspection:** Periodically check all electrical connections and mounting hardware for tightness.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Loose wiring connection. Faulty bulb.	Check circuit breaker/fuse. Verify all wire connections are secure (power off first). Replace bulb.
Light flickers.	Loose bulb. Incompatible dimmer switch/bulb. Loose wiring.	Tighten bulb. Ensure dimmer and bulbs are compatible. Check wiring connections (power off first).
Glass shade falls out.	Improper installation of glass shade.	Ensure glass shades are securely fastened according to installation steps. Refer to the product diagram for proper seating.
