Mayco SC016 (1589229)

Mayco Stroke & Coat Wonderglaze User Manual

Model: SC016 (1589229)

INTRODUCTION

This manual provides essential information for the proper use and care of Mayco Stroke & Coat Wonderglaze, Cotton Tail SC016. Please read these instructions carefully before use to ensure optimal results and product longevity.

Mayco Stroke & Coat Wonderglaze is an opaque glaze designed for application on wet clay or bisqueware. It offers versatility in finish, from translucent to rich opaque coverage, and is suitable for various firing temperatures.

SAFETY INFORMATION

- **AP Certified, Non-toxic:** This product is certified non-toxic, making it safe for educational and home use when handled as directed.
- **Lead and Cadmium Free:** The glaze is formulated without lead or cadmium, ensuring safety for users and the environment.
- **Food Safe:** Once fired according to instructions, items glazed with Mayco Stroke & Coat Wonderglaze are food safe.
- Always work in a well-ventilated area.
- Keep out of reach of small children.
- Avoid ingestion. In case of accidental ingestion, seek medical attention.

PRODUCT OVERVIEW

Mayco Stroke & Coat Wonderglaze, Cotton Tail SC016, is a versatile white glaze. Its opaque nature allows for varied application techniques to achieve different visual effects.

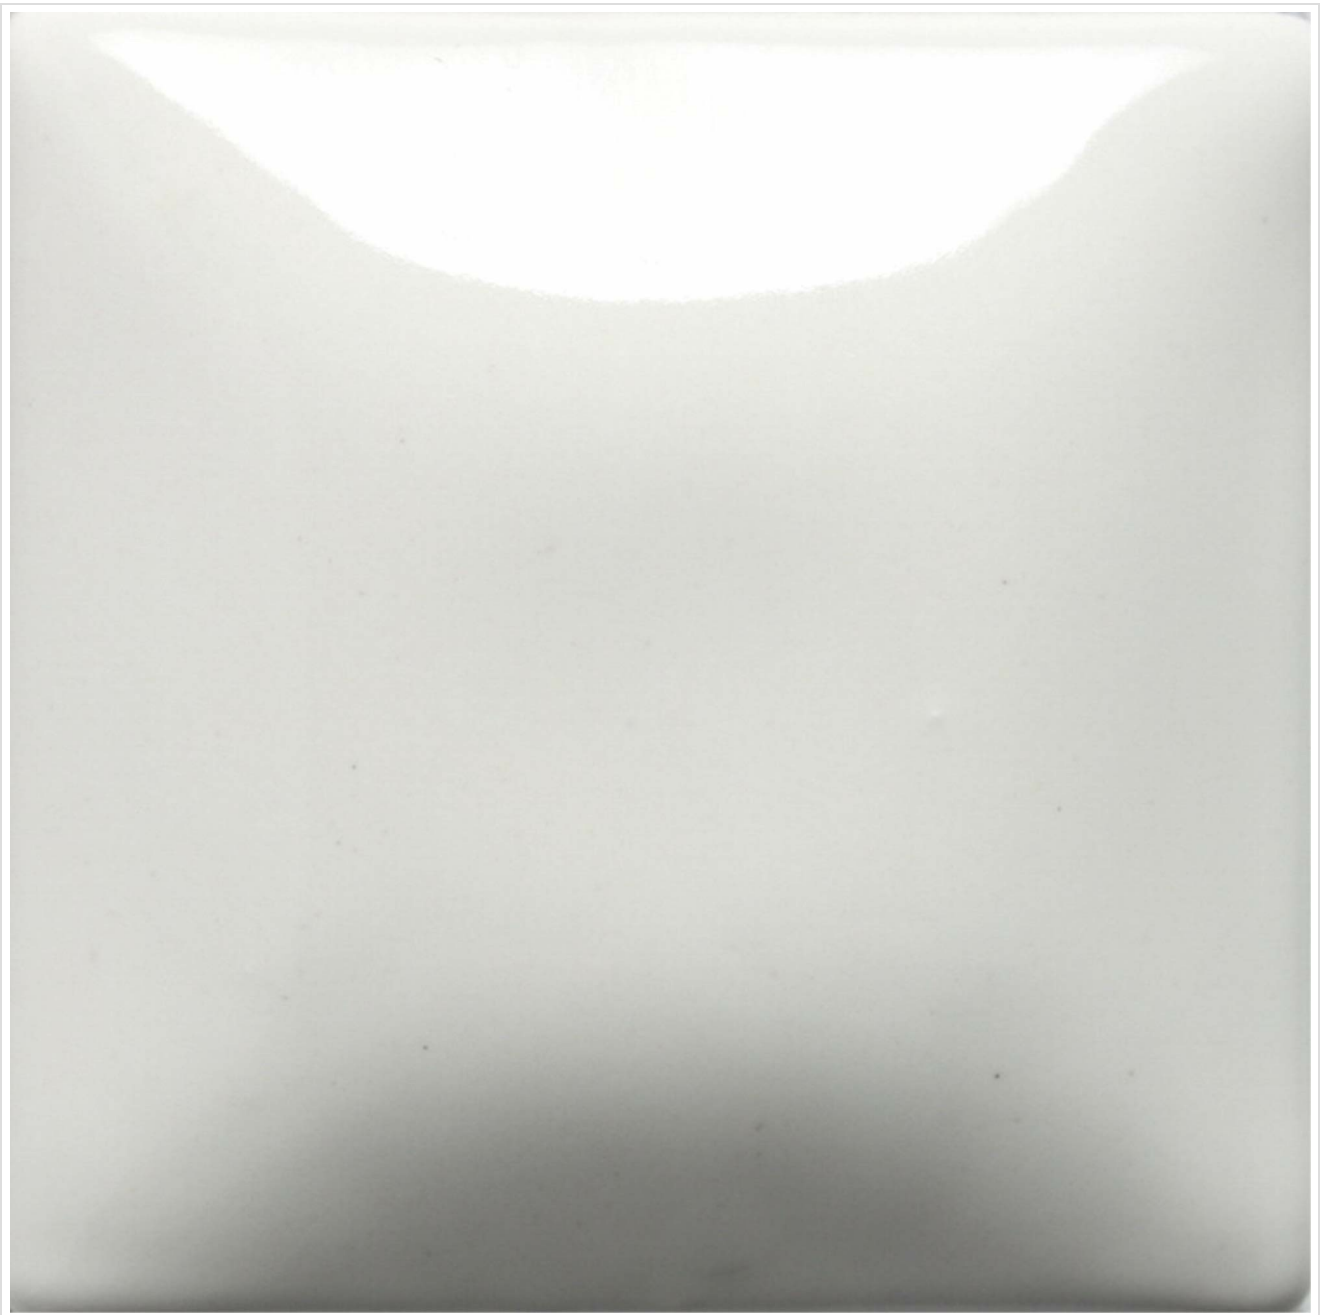

Figure 1: Mayco Stroke & Coat Wonderglaze, Cotton Tail SC016 applied to a ceramic surface.

Key Features:

- Opaque glaze suitable for wet clay or bisqueware.
- Fires from Cone 06 to Cone 10.
- No thinning required for application.
- Glaze colors can be intermixed.
- Freeze/Thaw stable.

SETUP

Mayco Stroke & Coat Wonderglaze is ready to use directly from the container. No thinning is required before application.

1. Ensure the glaze is thoroughly stirred before use to achieve a consistent consistency and color.
2. Prepare your ceramic piece (wet clay or bisqueware) by ensuring it is clean and free of dust or debris.

OPERATING INSTRUCTIONS

Application:

- **Translucent Finish / Majolica Technique:** Apply one coat of glaze on wet clay or bisqueware for a graceful, translucent appearance.
- **Opaque Coverage:** For rich, opaque coverage, apply up to three coats. Allow each coat to dry to the touch before applying the next.
- **Color Intermixing:** Glaze colors can be intermixed to create custom shades. Test new color combinations on a small sample piece before applying to your main project.

Firing:

Mayco Stroke & Coat Wonderglaze can be fired within a broad temperature range:

- **Cone 06 to Cone 10:** This glaze is stable and performs well across this firing range. Consult your kiln's firing schedule for specific temperature recommendations.

MAINTENANCE

- **Storage:** Store the glaze in its original container in a cool, dry place. Ensure the lid is tightly sealed to prevent drying.
- **Freeze/Thaw Stability:** This product is freeze/thaw stable, meaning it can withstand freezing and thawing cycles without significant degradation. However, it is best to avoid repeated freezing if possible.
- **Cleaning:** Clean brushes and tools immediately after use with water.

TROUBLESHOOTING

- **Uneven Application:** Ensure the glaze is thoroughly stirred before each use. Apply even coats, allowing each to dry before applying the next.
- **Color Variation After Firing:** Firing temperature and kiln atmosphere can affect final glaze color. Always perform test firings with new glazes or firing schedules.
- **Glaze Not Adhering:** Ensure the ceramic surface is clean and free of dust, grease, or other contaminants before application.
- For further assistance, please refer to Mayco's official resources or contact their customer support.

SPECIFICATIONS

Attribute	Detail
Product Name	Mayco Stroke & Coat Wonderglaze, Cotton Tail SC016
Model Number	1589229
Volume	1 Gallon
Product Dimensions	5 x 5.5 x 10.75 inches
