SAFETY INFORMATION

Always follow assembly instructions carefully. Keep away from children and pets. Do not place heavy objects on the furniture. Be cautious of sharp edges and small parts. Machine wash cushions separately in cold water on a gentle cycle. Allow them to air dry.

PACKAGE CONTENTS

Your PHI VILLA 3-Piece Outdoor Patio Rattan Sectional Sofa package includes the following components:

- Sofa sections (typically two main pieces for the L-shape)
- Chaise lounge section (can be fixed on either side)
- Coffee table

- Seat cushions (3.7" thickness foam)
- Back cushions
- All necessary hardware for assembly
- Instruction manual

Note: Small floral print cushions are not included. The entire set is contained in different boxes, which are shipped separately and might arrive at different times. Please wait patiently for all packages.

ASSEMBLY INSTRUCTIONS

Assembly is required for this furniture set. All necessary hardware and clear instructions are included in the package. It is recommended to have two people for assembly. An electric tool may assist in speeding up the process.

1. **Unpack all components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts are present against the included parts list.
2. **Identify components:** Match each piece to the diagrams in the instruction manual. Note that some parts may not be labeled correctly, so visual identification is crucial.
3. **Assemble the sofa sections:** Begin by attaching the backrests and armrests to the seat frames using the provided screws and tools. Do not fully tighten screws until all components are loosely fitted.
4. **Assemble the chaise lounge:** Attach the chaise lounge section to the main sofa frame. The chaise lounge can be fixed on either the left or right side to suit your patio layout.
5. **Assemble the coffee table:** Follow the specific instructions for the coffee table, which is generally simpler to assemble.
6. **Tighten all screws:** Once all sections are assembled and aligned, gradually tighten all screws. Ensure the furniture is stable and secure.
7. **Place cushions:** Position the seat and back cushions on the assembled frames.

Tip: Some users have found it easier to assemble the couch part first, then the chaise, to better visualize the final structure. A metric #10 closed wrench may be helpful in addition to the included tools for tightening screws in tight areas.

OPERATING INSTRUCTIONS

The PHI VILLA Outdoor Patio Rattan Sectional Sofa is designed for versatile outdoor seating. The chaise lounge component can be positioned on either the left or right side of the main sofa to adapt to your space and preferences. Simply adjust its placement during assembly or by repositioning the sections as needed.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your PHI VILLA patio furniture.

- **Cushion Care:** The superior spun cushion covers with zippers are fade resistant and water repellent. They are machine washable. Wash separately in cold water on a gentle cycle. Allow cushions to air dry completely. Do not tumble dry. It is recommended to bring cushions indoors during heavy rain or prolonged periods of non-use to prevent saturation and potential mold growth.

- **Rattan Frame Care:** The rust-free frame and all-weather PE rattan are designed for durability. Wipe the rattan surfaces with a damp cloth to clean. Avoid harsh chemicals or abrasive cleaners.
- **Glass Tabletop Care:** The coffee table features a tempered glass top. Clean with a soft cloth and a mild glass cleaner.
- **General Protection:** Consider using a furniture cover during off-seasons or extreme weather conditions to protect the set from elements.

TROUBLESHOOTING

If you encounter issues with your PHI VILLA Outdoor Patio Rattan Sectional Sofa, please refer to the following common solutions:

- **Assembly Difficulties:** If parts do not align, loosen all screws slightly, adjust the pieces, and then retighten. Ensure you are using the correct hardware for each connection. Refer to the assembly diagrams carefully.
- **Unstable Furniture:** Check that all screws are fully tightened. Ensure the furniture is placed on a level surface.
- **Cushion Water Absorption:** While cushions are water repellent, they are not fully waterproof. Bring cushions indoors during heavy rain. If they become saturated, remove covers and allow foam inserts to air dry completely to prevent mold.
- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, please contact PHI VILLA customer service immediately for assistance.
