Operating Instructions

The Ingenuity Comfort 2 Go swing features intuitive controls for swing speed, music, and timer settings. Power is supplied by 4 C batteries (not included).

- **Power On/Off:** Press the power button located on the control panel to turn the swing on or off.
- **Swing Speed Adjustment:** Use the speed control buttons to select one of the six available swing speeds. The weight-sensing technology will help maintain a consistent speed.
- **Music Playback:** Activate the music feature using the dedicated music button. Adjust the volume as desired.
- **Timer Function:** Set a timer for automatic shut-off if desired. Refer to the full user manual for specific timer intervals.
- **Harness System:** Always secure your infant using the 5-point harness system. Ensure the harness is snug but comfortable.

Troubleshooting

If you encounter issues with your Ingenuity Comfort 2 Go Baby Swing, consider the following common solutions:

- **Swing Not Operating:** Check that 4 C batteries are correctly installed and not depleted. Ensure the power button is pressed.

- **Swing Speed Inconsistent:** Verify that the swing is on a flat, stable surface. The weight-sensing technology adjusts for the baby's weight, but extreme unevenness can affect performance.
- **Music Not Playing/Low Volume:** Check battery levels. Adjust volume settings on the control panel.
- **Squeaking Noises:** Ensure all assembly points are secure. Lubrication may be required on moving parts if squeaking persists after checking connections.
- **Folding Difficulty:** Ensure the seat is in the correct position for folding. Refer to the assembly instructions for the proper folding mechanism.
