CC KITS M4799/M5789

Full-Size Conversion Kit Bed Rails Instruction Manual

Model: M4799/M5789 | Brand: CC KITS

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use of this conversion kit. Failure to follow these instructions could result in serious injury or death.

- Keep all small parts away from children during assembly.
- Ensure all hardware is securely tightened before use. Periodically check and re-tighten hardware as needed.
- Do not substitute parts. Use only the hardware provided by the manufacturer.
- This conversion kit is designed to convert a compatible crib into a full-size bed. It is not intended for use as a standalone bed frame without a compatible headboard and footboard.
- The converted bed supports up to 600 pounds when used with additional slats (sold separately). Ensure adequate mattress support is in place.
- Always place the bed on a level surface.

PRODUCT OVERVIEW

The CC KITS Full-Size Conversion Kit allows you to transform your compatible Namesake (formerly Million Dollar Baby) convertible crib into a full-size bed. This kit utilizes your existing crib's headboard and footboard, providing a seamless transition and extending the lifespan of your nursery furniture. The rails are constructed from 100% solid wood for durability.

CRIB CONVERTED TO FULL SIZE BED

Children grow fast. Too fast. And it is now time for them to move into a big kids' bed. If you purchased a convertible crib, you may now be looking for the bed rail kit to convert your crib to a bed. CC KITS is here to help. With our 100% solid wood kits, our products will extend the life of your crib so your child can enjoy for years to come. The full-size conversion kit is designed to easily convert your crib to a full-size bed, using both your headboard and footboard. The bed rails simply replace the sides of your crib to accommodate your growing child. By allowing the crib to grow with your child, you ensure an easy transition into the "big-boy" or "big-girl" bed, establishing a sense of normalcy and routine. Your kids will love it, but you will love it more. Check out the great add-ons below to complete your room. Happy Growing!

Model #M7689 Compatibility (for reference):

- Arcadia (M8901)

- Darlington (M15801)
- Durham Cribs purchased 2021 & later (M18301)
- Eloise (M24801)
- Emma Regency (M10701)
- Palermo (M17301)
- Rhodes (M20401)
- Strathmore (M5401)
- Sullivan (M9201)
- Tillsdale (M9601)
- Wakefield (M7701)

PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

For Kit #M5789:

- Two (2) Wooden Bed Rails
- Four (4) Slats
- Hardware Pack
- Instruction Manual

For Kit #M4799/M5789:

- Two (2) Wooden Bed Rails
- Hardware Pack
- Instruction Manual

Note: Additional slats or a box spring are recommended for optimal mattress support and are sold separately.

SETUP AND INSTALLATION

The conversion process typically takes 20-30 minutes. Ensure you have adequate space and the necessary tools (e.g., screwdriver, Allen wrench, if not included).

1. **Prepare the Crib:** Disassemble the front and back panels of your convertible crib, retaining the headboard and footboard. Remove any existing mattress supports or spring frames.
2. **Attach Bed Rails:** Align the conversion bed rails with the pre-drilled holes on your crib's headboard and footboard. Secure the rails using the provided hardware. Ensure all connections are tight and stable.
3. **Install Mattress Support:** If your kit includes slats, evenly space and secure them across the bed rails. If your kit does not include slats or you require additional support, install a box spring or additional slats (sold separately).
4. **Place Mattress:** Position your full-size mattress (and box spring, if used) onto the installed support system.

Image: Comparison of mattress height with slats versus a box spring.

Optional Add-ons:

- **Safety Bed Rail Guard:** For toddlers transitioning to a full-size bed, a safety rail guard (sold separately) can provide added security.
- **Extra Slats:** To increase the weight capacity and mattress support, additional slats can be purchased.
- **Mattress:** A full-size mattress is required for the converted bed.

Image: Optional add-ons including slats, safety rail, and mattress.

USAGE

Once assembled, the full-size bed is ready for use. Ensure the mattress is properly seated on the support system. The bed is designed to accommodate a standard full-size mattress.

MAINTENANCE AND CARE

To maintain the quality and appearance of your bed rails:

- Wipe surfaces with a damp cloth. Avoid abrasive cleaners or harsh chemicals.
- Periodically check all hardware connections and tighten if necessary to ensure stability.
- Protect the wood from extreme temperature changes and direct sunlight to prevent warping or fading.

Image: Non-toxic product seal.

TROUBLESHOOTING

- **Bed feels unstable:** Ensure all hardware is fully tightened. Verify that the bed rails are correctly seated in the headboard and footboard slots. Check if the bed is on a level surface.
- **Mattress sags:** This kit supports up to 600 lbs with additional slats. If sagging occurs, consider adding more slats or using a box spring for enhanced support.
- **Parts missing:** Review the 'Package Contents' section. If parts are missing, contact CC KITS customer support for assistance.
- **Rails do not fit:** Double-check your crib's model number against the compatibility list. If your crib is not listed, the kit may not be compatible. Contact CC KITS for guidance.

SPECIFICATIONS

Brand	CC KITS
Model Number	M5789/M4799
Material	Solid Wood
Color	Manor Grey/Slate
Product Dimensions	75"W x 5"H
Item Weight	13.62 pounds
Maximum Weight Recommendation	600 Pounds (with additional slats)
