## HiGoing HB01\_N

# HiGoing Bluetooth Headset HB01\_N User Manual

Model: HB01\_N | Brand: HiGoing

## INTRODUCTION

The HiGoing Bluetooth Headset HB01\_N is a wireless in-ear earbud designed for hands-free communication and audio streaming. It features Bluetooth V4.1 connectivity, noise-cancelling microphone, and a comfortable design suitable for various activities including business calls, office use, driving, and sports. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your headset.

## PACKAGE CONTENTS

---

Please check the package for the following items:

- HiGoing Bluetooth Headset HB01\_N
- USB Charging Cable
- Ear Tips (3 sizes: Small, Medium, Large)
- Ear Hook
- User Manual

## PRODUCT OVERVIEW

---

Familiarize yourself with the main components of your HiGoing Bluetooth Headset:

Image: An overhead view of the HiGoing Bluetooth Headset showing the Multi-Function Button, Volume + and Volume - buttons, USB Charging Port, and Microphone.

- **Multi-Function Button (MFB):** Power On/Off, Play/Pause, Answer/End Call, Redial.
- **Volume + Button:** Increase volume, Next track.
- **Volume - Button:** Decrease volume, Previous track.
- **USB Charging Port:** For charging the headset.
- **Microphone (MIC):** For voice input during calls.

## SETUP

### 1. Charging the Headset

Before first use, fully charge the headset. A full charge takes approximately 1.5 hours.

1. Connect the small end of the USB charging cable to the USB Charging Port on the headset.
2. Connect the other end of the USB cable to a USB power adapter (not included) or a computer's USB port.

3. The indicator light will show charging status (e.g., red for charging, blue for fully charged).

## 2. Powering On/Off

- **Power On:** Press and hold the Multi-Function Button for approximately 3 seconds until the indicator light flashes blue and you hear a voice prompt.
- **Power Off:** Press and hold the Multi-Function Button for approximately 3 seconds until the indicator light turns red and you hear a voice prompt.

## 3. Pairing with a Bluetooth Device

The headset uses Bluetooth V4.1 for stable and fast pairing. It is compatible with iOS, Android, Windows, and other Bluetooth-enabled devices.

1. Ensure the headset is powered off.
2. Press and hold the Multi-Function Button for approximately 5-7 seconds until the indicator light flashes red and blue alternately. This indicates pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for new devices.
4. Select "HB01\_N" or "HiGoing Headset" from the list of available devices.
5. Once paired, the indicator light on the headset will flash blue slowly, and you will hear a voice prompt indicating successful connection.

The headset will automatically attempt to reconnect to the last paired device when powered on, if the device's Bluetooth is enabled and within range (up to 33ft).

# WIDE COMPATIBILITY

Works with all devices with Bluetooth function

iOS/Android  
cellphone

Tablet

Computer

Laptop

## 4. Wearing the Headset

The headset is designed for comfortable and secure wearing. It can be worn on either ear.

- Choose the ear tip size (Small, Medium, Large) that provides the best fit and sound isolation for your ear.
- Attach the ear hook if desired for added stability. The ear hook can be rotated to fit either the left or right ear.
- Gently insert the earbud into your ear canal and adjust the ear hook over your ear until it feels secure and comfortable.

# SECURE AND COMFORTABLE

Stable and secure wearing even without earhook.  
Never fall out.

## OPERATING INSTRUCTIONS

### Call Functions

- **Answer Call:** Press the Multi-Function Button once.
- **End Call:** Press the Multi-Function Button once during a call.
- **Reject Call:** Press and hold the Multi-Function Button for 2 seconds during an incoming call.
- **Redial Last Number:** Double-press the Multi-Function Button.
- **Voice Assistant (Siri/Google Assistant):** Press and hold the Multi-Function Button for 2 seconds when not on a call.

# CLEAR PHONE CALLING

CVC 6.0 noise canceling with sensitive microphone, Ensure a crystal clear phone calling.

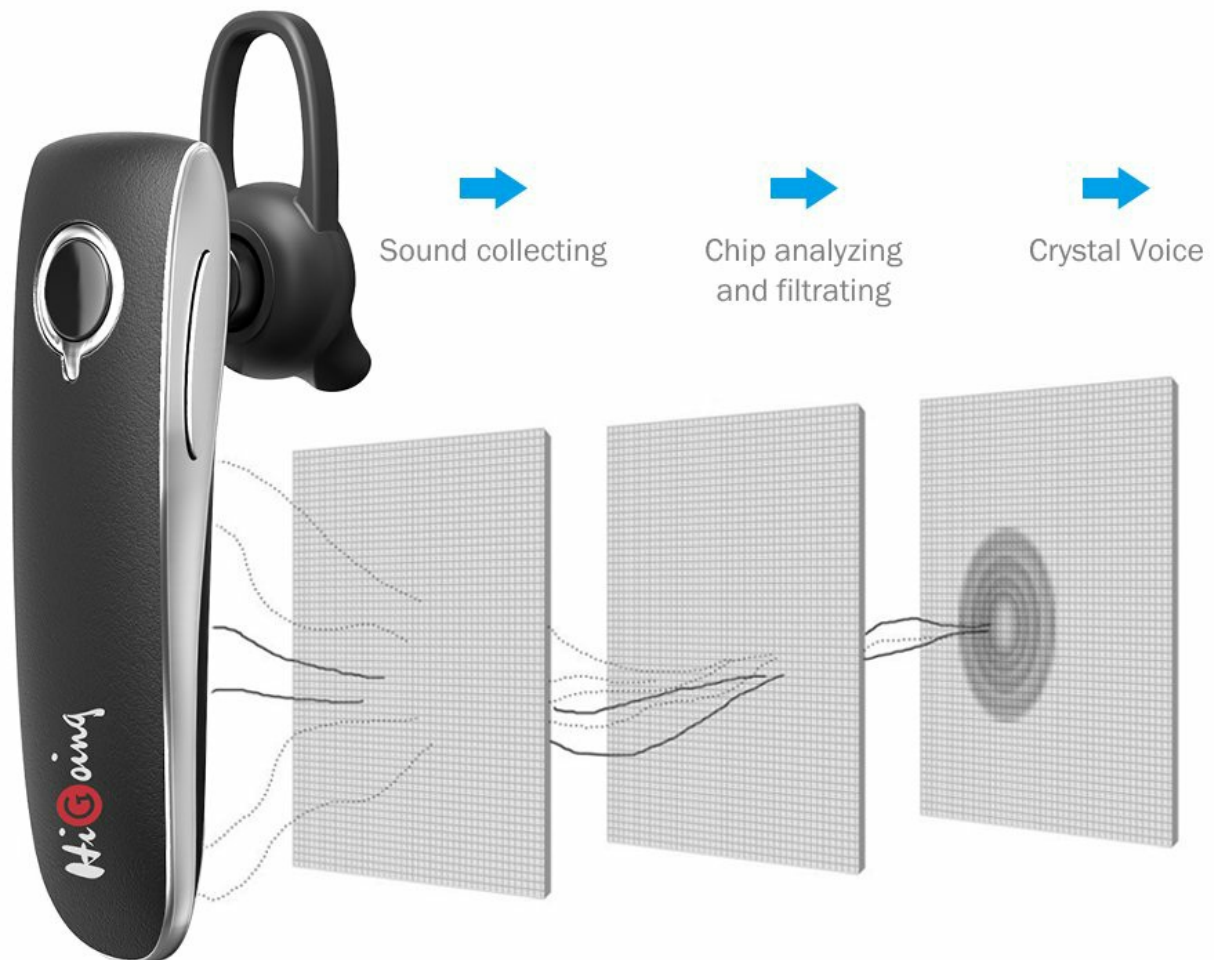

Image: Diagram illustrating the CVC 6.0 noise canceling technology for clear phone calls, showing sound collection, chip analyzing and filtering, and crystal voice output.

## Music Playback

- **Play/Pause:** Press the Multi-Function Button once.
- **Volume Up:** Press the Volume + button.
- **Volume Down:** Press the Volume - button.
- **Next Track:** Press and hold the Volume + button for 2 seconds.
- **Previous Track:** Press and hold the Volume - button for 2 seconds.

## Battery Life

The headset offers extended battery life for continuous use:

- Up to 8 hours of talk time.
- Up to 5 hours of music playback.
- Up to 200 hours of standby time.

Actual battery life may vary based on volume level and usage.

## MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your HiGoing Bluetooth Headset.

- **Cleaning:** Use a soft, dry cloth to wipe the headset. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging:** Charge the headset regularly, even if not in use, to maintain battery health. Avoid overcharging.
- **Water Resistance:** The headset is not waterproof. Avoid exposure to water, rain, or excessive moisture.
- **Ear Tips:** Periodically remove and clean the ear tips with a damp cloth. Ensure they are completely dry before reattaching.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Headset won't power on.	Low battery.	Charge the headset for at least 1.5 hours.
Cannot pair with device.	Headset not in pairing mode; Bluetooth disabled on device; device too far.	Ensure headset is in pairing mode (flashing red/blue). Enable Bluetooth on your device. Move device closer to headset (within 33ft).
No sound or low volume.	Volume too low on headset or device; headset not connected.	Increase volume on both headset and connected device. Reconnect the headset to your device.
Intermittent connection or static.	Interference; device out of range.	Move away from sources of strong electromagnetic interference (e.g., Wi-Fi routers). Ensure device is within 33ft.
Microphone not working.	Microphone muted on device; headset not selected as audio input.	Check device settings to ensure headset microphone is selected as input. Unmute microphone if applicable.

If the problem persists, try resetting the headset by powering it off and on again, or consult the manufacturer's support.
