## LUMIO SF Lito

# Lito by Lumio: The Original Foldable Book Lamp User Manual

Model: Lito

---

## INTRODUCTION

The Lito lamp is a modern, portable lighting solution designed to provide versatile illumination in various settings. Inspired by the form of a book, it combines simplicity, beauty, and utility, offering a unique lighting experience that adapts to your needs.

Image: The Lito lamp in its compact, closed form, resembling a hardcover book with a yellow spine and gray cover.

## PRODUCT OVERVIEW

### Design and Authenticity

Lito's patented design allows it to transform from a compact book into a sculptural lamp. This innovative design aims to enhance living in small spaces, blending seamlessly into various environments.

### Adaptable Form & Function

When closed, Lito appears as a hardcover book. When opened, its pages fan out to create a sculptural light source. This adaptability makes it suitable for diverse lighting needs, from indoor living spaces to outdoor environments.

Image: The Lito lamp fully opened, fanned out to create a 360-degree light source, resembling a circular sculpture.

## **Superior Performance**

Despite its compact size, Lito provides high-quality illumination comparable to larger, permanent light fixtures. It offers up to 8 hours of continuous light on a full charge and folds down to approximately 1 inch thick for easy storage.

## **Versatile Use**

Integrated strong magnets allow Lito to be mounted on various metal surfaces. It can function as a table lamp, wall sconce, ceiling pendant, task light, accent light, or emergency light, adapting to numerous scenarios.

Image: Multiple Lito lamps suspended among trees in a forest, illustrating their potential for outdoor and decorative use.

## Quality Materials & Sustainability

Lito is constructed from environmentally friendly materials. The cover is made from FSC certified wood (available in two finishes) and 100% cotton cloth (available in three finishes). The lamp body utilizes 100% recyclable, water-resistant Tyvek. Its core features high-output LED lights and a long-lasting Lithium-Ion battery.

## WHAT'S IN THE BOX

Upon unboxing your Lito lamp, please ensure all the following components are present:

- Lito Foldable Book Lamp
- USB Charging Cable
- Magnetic Strap (for mounting)

Image: An overhead view of the Lito lamp's packaging contents, including the lamp, USB cable, and magnetic strap, laid out on a yellow surface.

## SETUP

1. **Unpack:** Carefully remove the Lito lamp and all accessories from its packaging.
2. **Initial Charge:** Before first use, fully charge your Lito lamp. Connect the provided USB charging cable to the lamp's charging port and to a standard USB power adapter (not included) or a computer USB port. The charging indicator (if present) will show charging status. A full charge takes approximately [Charging Time - not specified in data, so omit specific time] and provides up to 8 hours of light.
3. **Familiarize:** Gently open and close the lamp to understand its folding mechanism.

## OPERATING INSTRUCTIONS

### Turning On/Off and Adjusting Brightness

The Lito lamp operates by opening and closing. There is no physical switch. Simply open the lamp to turn it on, and

close it to turn it off. The brightness is fixed and does not adjust.

## Utilizing Magnetic Features

The Lito lamp features strong magnets embedded in its covers. These magnets allow the lamp to be attached to metal surfaces or to hold itself open in various configurations, such as a full 360-degree circle or a half-circle.

Image: A pair of hands gently holding the Lito lamp, partially opened, illustrating its compact size and ease of handling.

## CHARGING

The Lito lamp is powered by a long-lasting Lithium-Ion battery. To charge, connect the provided USB cable to the lamp's charging port and to a compatible USB power source. A full charge provides approximately 8 hours of illumination. It is recommended to charge the lamp when the light output begins to dim significantly.

## MAINTENANCE

To ensure the longevity and optimal performance of your Lito lamp, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the wood and cotton covers with a soft, dry cloth. For the Tyvek body, a slightly damp cloth can be used, but avoid excessive moisture. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the lamp in its closed, book-like form in a dry place away from direct sunlight and extreme temperatures.
- **Handling:** While the Tyvek material is water-resistant, avoid submerging the lamp in water or exposing it to heavy rain. Handle the lamp gently to prevent damage to the pages and internal components.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on when opened.	Battery is depleted.	Charge the lamp using the provided USB cable.
Lamp does not charge.	Faulty USB cable or power source.	Try a different USB cable or a different USB power adapter/port. Ensure the cable is securely connected.
Light output is dim.	Low battery.	Recharge the lamp fully.
Lamp does not stay in desired open position.	Magnets not properly aligned or surface is not magnetic.	Ensure the lamp covers are fully brought together for magnetic hold. If mounting, ensure the surface is ferrous metal.

## SPECIFICATIONS

Feature	Detail
Brand	LUMIO SF
Model	Lito
Color	Yellow/Gray
Product Dimensions	6.5 x 8.5 x 1.25 inches
Item Weight	1.5 pounds
Light Source Type	LED
Power Source	Battery Powered (Lithium Ion)
Battery Life	Up to 8 hours (on full charge)
Connectivity Technology	USB (for charging)
Materials	FSC Certified Wood, 100% Cotton Cloth, 100% Recyclable Water Resistant Tyvek
Water Resistance Level	Water Resistant
Wattage	4.4 watts

Feature	Detail
Voltage	3.7 Volts
