- Warranty & Support

1. Overview

This manual provides instructions for the Feit Electric A19 LED Light Bulbs, model A800/830/10KLED/10/RP. These bulbs are designed to offer energy-efficient lighting for various residential and commercial applications. They provide 800 lumens of 2700K Soft White light, equivalent to a standard 60-watt incandescent bulb, while consuming only 10 watts of power.

Key Features:

- **Energy Saving:** Replaces 60W incandescent bulbs with 10W LED, offering up to 83% energy savings.
- **Long Lasting:** Designed for an average life of 11,000 hours (approximately 10 years), reducing the frequency of bulb replacements.
- **Soft White Light:** Produces a 2700K color temperature, ideal for creating a warm and inviting atmosphere.
- **Instant On:** Provides full brightness immediately upon activation, with no warm-up time.
- **Quality and Safety:** UL listed and FCC compliant, ensuring high standards for performance and safety.

## 2. Safety Information

Please read and understand all safety instructions before installing or using these LED bulbs. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- **Risk of Electric Shock:** Always turn off the power to the fixture before inspecting, installing, or removing the bulb.
- **Non-Dimmable:** These bulbs are **NOT** designed for use with dimmers. Using them with a dimmer switch may cause flickering, damage to the bulb, or premature failure.
- **Suitable for Damp Locations:** These bulbs are suitable for use in damp locations, but not for direct exposure to water.
- **Operating Temperature:** Do not use in totally enclosed luminaires unless the fixture is specifically designed for LED bulbs. Excessive heat can shorten bulb life.
- **Mercury-Free:** These bulbs are 100% mercury-free.
- **UL Listed:** This product is UL listed, indicating compliance with safety standards.

## 3. Setup and Installation

Installation of the Feit Electric A19 LED Light Bulb is straightforward. Ensure the power is off before proceeding.

1. **Turn Off Power:** Locate the light switch or circuit breaker controlling the fixture and turn off the power.
2. **Remove Old Bulb:** Carefully unscrew the existing light bulb from the fixture. Allow it to cool if it has been recently in use.
3. **Install New Bulb:** Screw the Feit Electric A19 LED bulb into the standard E26 medium base socket. Turn clockwise until it is finger-tight. Do not overtighten.
4. **Restore Power:** Turn the power back on at the switch or circuit breaker.
5. **Test:** Turn on the light switch to ensure the bulb is functioning correctly.

## 4. Operation

The Feit Electric A19 LED Light Bulb operates like a standard light bulb. Once installed and power is restored, simply use the wall switch or fixture switch to turn the light on or off.

- **Instant Brightness:** The bulb will illuminate to full brightness immediately without any delay.
- **Light Output:** Provides 800 lumens of light, suitable for general room illumination.
- **Color Temperature:** Emits a 2700K Soft White light, creating a warm and comfortable ambiance.
- **Non-Dimmable:** This bulb is not compatible with dimmer switches. Ensure it is used in a non-dimmable circuit.

# Long Lasting

Long lasting **11,000** life hours, for ease of mind.

# Energy Efficient

**Saves 120\$** in energy costs.

## 5. Maintenance

Feit Electric A19 LED Light Bulbs require minimal maintenance due to their long lifespan and durable design.

- **Cleaning:** To clean the bulb, ensure the power is off and the bulb is cool. Wipe gently with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **No User-Serviceable Parts:** The bulb contains no user-serviceable parts. Do not attempt to open or repair the bulb.
- **Disposal:** Dispose of old bulbs according to local regulations for electronic waste.

## 6. Troubleshooting

If you encounter issues with your Feit Electric A19 LED Light Bulb, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bulb does not light up.	No power to the fixture, loose connection, or faulty bulb.	Check if the light switch is on. Ensure the bulb is securely screwed into the socket. Check the circuit breaker. If issues persist, replace the bulb.
Bulb flickers.	Incompatible dimmer switch or unstable power supply.	Ensure the bulb is not connected to a dimmer switch, as it is non-dimmable. Check for loose wiring in the fixture.
Bulb is too dim.	Incorrect bulb for desired brightness.	Verify the bulb's lumen output (800 lumens for this model) meets your lighting needs.

# Feit LED A19 Bulb

Brighter, more efficient, eco-friendly with lower carbon footprint & safer for the environment.

# Incandescent Bulb

Low efficiency with shorter lifespan, high heat output and frequent replacements.

Detailed technical specifications for the Feit Electric A19 LED Light Bulb (Model: A800/830/10KLED/10/RP):

Specification	Value
Model Number	A800/830/10KLED/10/RP
Bulb Shape Size	A19
Bulb Base	E26 Medium
Light Type	LED
Wattage	10 Watts
Incandescent Equivalent	60 Watts
Brightness	800 Lumens
Light Color	2700K Soft White
Color Rendering Index (CRI)	80
Voltage	110-120 Volts
Average Life	11,000 Hours / 10 Years
Special Features	Non Dimmable, Mercury Free, Instant On, UL Listed, FCC Compliant
Indoor/Outdoor Usage	Indoor, Outdoor (Suitable for Damp Locations)
Material	Plastic
Product Dimensions	2.35"W x 4.4"H
