KAWADA NB038

KAWADA Nanoblock NB038 Collection Case Instruction Manual

Model: NB038

Introduction

The KAWADA Nanoblock NB038 Collection Case is designed to display and protect your Nanoblock creations. This case features a modular design, allowing for expansion both horizontally and vertically with additional units. It provides a clear view of your assembled models while keeping them safe from dust and damage.

Safety Information

Warning:

- Suitable for ages 12 years and up. This product contains small parts which may pose a choking hazard for younger children.
- Keep out of reach of children under 3 years of age.
- Avoid exposing the case to extreme temperatures or direct sunlight for prolonged periods, as this may cause material degradation.

What's in the Box

Your Nanoblock NB038 Collection Case package includes the following components:

- Collection Case components (top, four side panels, base)
- Expansion blocks (approximately 20 pieces) for connecting multiple cases

Setup Instructions

The Nanoblock Collection Case requires simple assembly. Follow these steps to construct your display case:

1. **Unpack Components:** Carefully remove all case components (base, four side panels, top, and expansion blocks) from the packaging.
2. **Attach Side Panels to Base:** Align the grooves of the four clear side panels with the corresponding slots on the black base plate. Gently press them into place until they fit securely. Ensure all panels are oriented correctly to form a square or rectangular enclosure.
3. **Secure the Top Panel:** Once the side panels are in place, position the clear top panel over the assembled sides. Press down firmly to secure it. The top panel also features studs for stacking.
4. **Optional: Interconnect Multiple Cases:** If you have multiple NB038 cases, use the included expansion blocks to connect them. These blocks can be used to expand your display horizontally or vertically, creating a larger, customized display area.

Operating Instructions

Using your Nanoblock Collection Case is straightforward:

1. **Placing Models:** To place your Nanoblock creation inside, carefully lift the top panel or one of the side panels. Position your assembled Nanoblock model onto the base plate.

2. **Securing Models:** Ensure your model is stable within the case. If necessary, you can use additional Nanoblock studs to secure the model to the base plate.
3. **Closing the Case:** Reattach the top panel or side panel firmly to enclose your model.
4. **Display and Stacking:** The case is designed for display on flat surfaces. Multiple cases can be stacked vertically or connected horizontally using the expansion blocks to create a larger, integrated display.

Maintenance

To keep your Nanoblock Collection Case in optimal condition:

- **Cleaning:** Use a soft, dry cloth to gently wipe the exterior of the case. For smudges or fingerprints, a slightly damp cloth with mild soap can be used, followed by drying with a clean, soft cloth. Avoid abrasive cleaners or solvents, as they may scratch or damage the plastic.
- **Dust Removal:** Periodically remove the top panel and gently dust the interior and your Nanoblock model with a soft brush or compressed air.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic.

Troubleshooting

If you encounter any issues with your Nanoblock Collection Case, consider the following:

- **Panels Not Fitting:** Ensure all panels are correctly aligned with their respective grooves and slots. Apply gentle, even pressure during assembly. Do not force components, as this may cause damage.
- **Case Appears Unstable:** Verify that all panels are fully seated and secured. If stacking multiple cases, ensure they are properly interlocked using the expansion blocks.
- **Scratches on Panels:** Minor surface scratches can sometimes be reduced with plastic polish designed for acrylic. For deeper scratches, replacement panels may be required.

Specifications

Product Dimensions	3.31 x 3.31 x 3.74 inches (8.4 x 8.4 x 9.5 cm)
Item Weight	5 ounces (141.7 grams)

Model Number	NB038
Material	100% Plastic (Acrylic)
Recommended Age	12 years and up
Manufacturer	KAWADA
