# jjphonecase TA0226 Acrylic Cupcake Toppers Instruction Manual

## 1. PRODUCT OVERVIEW

---

The jjphonecase TA0226 Acrylic Cupcake Toppers are decorative accessories designed to enhance the visual appeal of cupcakes, fruits, and other desserts. Each set includes 10 pieces of acrylic toppers, featuring a silhouette design. These toppers are suitable for a variety of celebratory occasions.

### Key Features:

- **Material:** Made from food-safe acrylic.
- **Quantity:** 10 pieces per set.
- **Dimensions:** Approximately 4 inches (10 cm) tall (including a 1.9-inch / 5 cm spike) and 0.12 inches (3 mm) thick.
- **Versatile Use:** Ideal for bridal showers, weddings, anniversaries, birthdays, Christmas, holidays, Easter, and other party theme events.

## 2. SETUP AND INSTALLATION

---

Follow these steps to properly set up and install your cupcake toppers:

1. **Unpack:** Carefully remove the 10 cupcake toppers from their packaging.
2. **Placement:** Gently hold the topper by its main body and insert the spike end into the desired dessert. Ensure the dessert surface is firm enough to hold the topper upright.
3. **Positioning:** Adjust the topper's position as needed to achieve the desired decorative effect.

This image displays the TA0226 acrylic cupcake toppers inserted into frosted cupcakes, demonstrating their decorative application.

### 3. OPERATING INSTRUCTIONS

---

The jiphonecase TA0226 Acrylic Cupcake Toppers are designed for simple decorative use and do not require complex operation. Once inserted into your dessert, they serve their purpose as a visual enhancement.

- Ensure the toppers are securely placed to prevent them from falling.
- Avoid bending or applying excessive force to the toppers, as this may cause breakage.

### 4. MAINTENANCE AND CARE

---

Proper care will ensure the longevity and reusability of your acrylic cupcake toppers:

- **Cleaning:** After use, gently hand wash the toppers with mild soap and lukewarm water.
- **Drying:** Air dry completely or gently wipe with a soft, non-abrasive cloth.
- **Storage:** Store the toppers in a clean, dry place, preferably in their original packaging or a protective container, to prevent scratches and damage.
- **Avoid:** Do not use abrasive cleaners, harsh chemicals, or put them in a dishwasher, as this can damage the acrylic material.

### 5. TROUBLESHOOTING

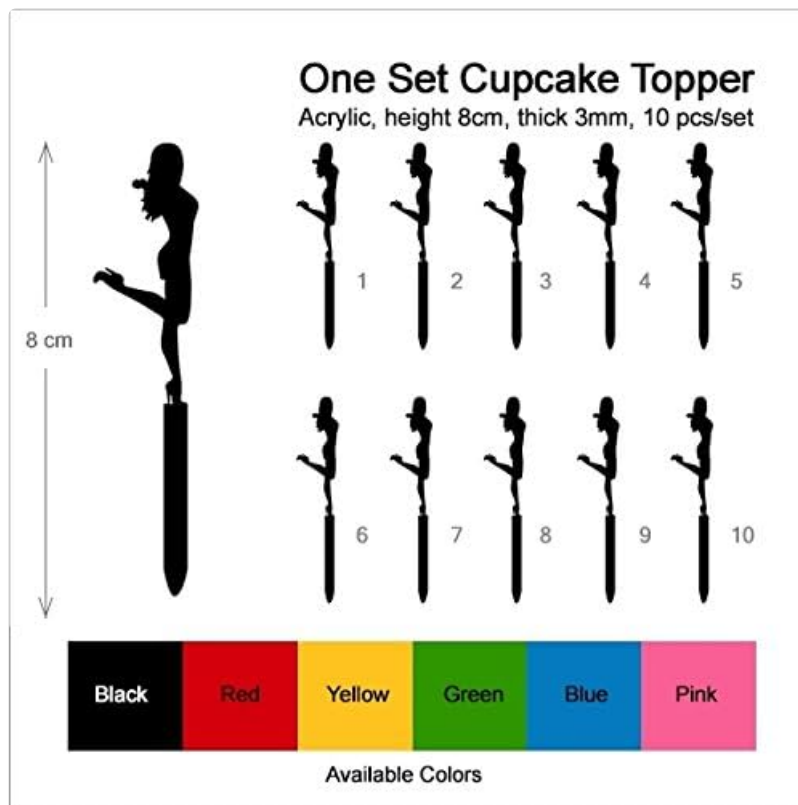

---

If you encounter minor issues with your cupcake toppers, consider the following:

- **Topper is unstable:** Ensure the dessert you are inserting it into has a firm enough consistency to support the topper. If the dessert is too soft, the topper may lean or fall.
- **Scratches on topper:** Acrylic can scratch if not handled with care. Always store toppers in a way that prevents them from rubbing against hard or abrasive surfaces.
- **Topper broke:** Acrylic is durable but can break under excessive force or if dropped. Handle with care.

## 6. SPECIFICATIONS
