## Hot Wheels FTB68

# Hot Wheels Mega Garage Playset Instruction Manual

Model: FTB68 | Brand: Hot Wheels

### PRODUCT OVERVIEW

The Hot Wheels Mega Garage Playset offers extensive vehicle play and imaginative storytelling opportunities. This multi-level vertical garage provides storage for over 35 Hot Wheels cars and features a two-lane racetrack for exciting side-by-side racing. Its design includes swinging carousels for car storage and a manual crank system to transport vehicles to the top of the tower. The playset also incorporates a tune-up station and refueling area at its base. Designed for portability, it includes a convenient top handle. Multiple connection points allow for integration with other Hot Wheels sets, expanding play possibilities.

### Key Features:

- Vertical tower design with storage capacity for more than 35 cars.
- Swinging carousels and a manual crank system for car transport to the top.
- Thrilling downhill side-by-side racetrack with an air jump finale.
- Integrated tune-up and refueling station at the base.
- Multiple connection points for compatibility with other Hot Wheels sets.
- Convenient top handle for easy portability.

### IMPORTANT SAFETY INFORMATION

**WARNING: Small parts may be generated. Not suitable for children under 3 years due to choking hazard.**

Manufacturer recommended age: 5 months and up. Adult supervision is recommended during play, especially during initial setup and operation, to ensure safe use and prevent misuse of small components.

### SETUP GUIDE

The Hot Wheels Mega Garage Playset comes unassembled and requires adult assembly. Follow the included visual instructions for proper setup. The assembly process is designed to be straightforward.

### Assembly Steps:

1. Unpack all components from the box. Verify all parts are present according to the packing list.
2. Connect the main garage tower sections. Ensure all locking mechanisms click into place securely.
3. Attach the two-lane racetrack to the base of the garage. The track sections are designed to fit snugly.
4. Install the swinging carousels within the tower.
5. Attach the manual crank handle to its designated slot.
6. Apply any included stickers to their corresponding locations as indicated in the visual guide.
7. Ensure all connections are firm before play.

## OPERATING INSTRUCTIONS

### 1. Storing and Loading Cars:

- The Mega Garage can store over 35 Hot Wheels vehicles. Utilize the various parking slots and the swinging carousels for storage.
- To load cars into the carousels, place them onto the designated platforms.
- Use the manual crank to rotate the carousels, lifting the cars to higher levels of the garage.

Figure 2: Turning the manual crank to load cars into the garage's carousels.

## 2. Racing Cars:

- Once cars are at the top of the tower, position them on the starting gates of the two-lane racetrack.
- Release the cars for a thrilling downhill side-by-side race. The track includes an air jump finale at the end.

Figure 3: Cars racing down the two-lane track from the top of the Mega Garage.

### 3. Tune-Up and Refueling Station:

- At the base of the garage, utilize the designated areas for car maintenance.
- Place cars on the lift for a "tune-up" or near the fuel pump for "refueling" before sending them back up the tower for more racing action.

**GET A TUNE-UP!**

Figure 4: The tune-up station at the base of the playset.

#### 4. Connecting to Other Sets:

- The Mega Garage features multiple connection points. These allow you to attach other Hot Wheels track sets and playsets, creating an expanded and customizable Hot Wheels world.

PLAY SET INCLUDES 1 CAR. ALL OTHER CARS SOLD SEPARATELY.

## MAINTENANCE

- **Cleaning:** Wipe the playset surfaces with a damp cloth as needed. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, the playset can be easily transported using its top handle. Store in a dry, clean area away from direct sunlight to prevent material degradation.
- **Inspection:** Periodically inspect all connections and moving parts (like the crank and carousels) to ensure they are functioning correctly and are not damaged.

## TROUBLESHOOTING

Problem	Possible Cause / Solution
Cars get stuck on the track or in the carousels.	<ul style="list-style-type: none"><li>◦ Ensure only standard Hot Wheels die-cast cars are used. Larger vehicles (e.g., SUVs) may not fit or move smoothly.</li><li>◦ Check for any debris or obstructions on the track or within the carousel mechanism.</li><li>◦ Verify that the manual crank is being operated smoothly and not forced.</li></ul>
Playset components do not connect securely.	<ul style="list-style-type: none"><li>◦ Re-check the assembly instructions to ensure all parts are aligned correctly.</li><li>◦ Apply firm, even pressure until you hear a click, indicating a secure connection.</li><li>◦ Inspect components for any damage or warping.</li></ul>
Manual crank is difficult to turn.	<ul style="list-style-type: none"><li>◦ Ensure no cars are jammed within the carousel system.</li><li>◦ Do not force the crank if resistance is met. Clear any obstructions.</li></ul>

## SPECIFICATIONS

Attribute	Detail
Product Dimensions	14.96 x 23.82 x 5.51 inches
Item Weight	3.12 pounds
Model Number	FTB68

Attribute	Detail
Manufacturer Recommended Age	5 months and up
Release Date	June 3, 2018
Language	English
Manufacturer	Mattel
