# Magic Sing Tagalog 13 Song Chip Instruction Manual

Model: TAG13

## INTRODUCTION

---

This manual provides essential instructions for the installation and operation of your Magic Sing Tagalog 13 Song Chip. This chip expands your karaoke system's song library with 200 popular Tagalog and English songs, enhancing your singing experience. Please read this manual thoroughly before use to ensure proper functionality and longevity of your product.

The Magic Sing Tagalog 13 Song Chip is compatible with various Magic Sing and Leadsinger karaoke systems, including models such as LEADSINGER KARAOKE LS-2000, LS-2100, LS-2700, LS-3000, LS-3700, LS-3700W, MagicSing ET23PRO, ET23KH, ET25K, ET9K, ET19Kv, ET18Kv, ET13K, ET12K, MT14K, ET15K, ET21K, EG-18000, ED-11000, ED-9000, ED-8000, ED-7000, ED-6000, and ED-2000 (Magic Sing II).

## SETUP

---

- 1. Identify Chip Slot:** Locate the song chip slot(s) on your Magic Sing or Leadsinger karaoke system. These are typically found on the main unit or microphone. Refer to your karaoke system's specific manual for exact location if unsure. The product is designed for systems with 3 or more slots.
- 2. Insert Song Chip:** Carefully align the Magic Sing Tagalog 13 Song Chip with the designated slot. Ensure the chip is oriented correctly (usually with the label facing up or as indicated by the system). Gently push the chip into the slot until it is fully seated. Do not force the chip, as this may cause damage.
- 3. Power On System:** Connect your karaoke system to a power source and your television or display unit as per your system's instructions. Power on the karaoke system.

4. **Verify Chip Recognition:** Once the system powers on, it should automatically detect the new song chip. A message on your screen or an indicator light may confirm successful installation. If the songs do not appear, power off the system, re-insert the chip, and power on again.

## OPERATING INSTRUCTIONS

After successful installation, you can access the new songs added by the Tagalog 13 Song Chip. A hard copy of the song list is included with your purchase to help you navigate the new additions.

1. **Access Song List:** Use your karaoke system's remote control or on-screen menu to access the song selection interface. The new songs from the Tagalog 13 chip will be integrated into the system's song library.
2. **Browse Songs:** Refer to the physical song list provided with the chip. This list contains song titles, numbers, versions, and composers. You can typically search for songs by number, title, or artist using your karaoke system's controls.
3. **Select and Play:** Enter the song number or select the desired song from the on-screen list. Press the play button to begin singing.
4. **Adjust Settings:** Use your karaoke system's controls to adjust microphone volume, music volume, echo, and other audio settings to your preference.

## MAINTENANCE

---

- **Handling:** Always handle the song chip by its edges. Avoid touching the metal contacts to prevent damage from oils or static electricity.
- **Storage:** When not in use, store the song chip in its original packaging or a protective case to prevent dust accumulation and physical damage.
- **Cleaning:** If the metal contacts appear dirty, gently wipe them with a clean, dry, lint-free cloth. Do not use liquids or abrasive cleaners.
- **System Maintenance:** For maintenance of your karaoke system, refer to its specific user manual.

## TROUBLESHOOTING

---

**Problem: Song chip not recognized / Songs do not appear.**

**Solution:**

- Ensure the song chip is fully and correctly inserted into the slot. Power off the karaoke system, remove the chip, re-insert it firmly, and power on again.
- Check for any visible damage to the chip's contacts.
- Verify that your karaoke system model is listed as compatible with the Tagalog 13 Song Chip.

**Problem: Audio issues (no sound, distorted sound).**

**Solution:**

- This is likely related to the karaoke system or its connection to the audio output (TV, speakers). Refer to your karaoke system's manual for audio troubleshooting.
- Ensure all cables (audio, video) are securely connected.
