Bentgo Easyboxes 4-Compartment Snack Containers User Manual

Model: BEBSNK-BR | Brand: Bentgo

1. INTRODUCTION

Thank you for choosing Bentgo Easyboxes 4-Compartment Snack Containers. This 8-piece set, including 4 trays and 4 custom-fit lids, is designed to simplify healthy meal and snack preparation. These reusable, BPA-free containers are ideal for portion control and keeping various food items separate and fresh. Please read this manual carefully to ensure proper use and maintenance of your new Bentgo Easyboxes.

2. PRODUCT OVERVIEW

The Bentgo Easyboxes are versatile food storage solutions, perfect for packing snacks or small meals. Each container features four individual compartments, allowing for diverse food combinations without mixing. The custom-fit lids are designed to seal in freshness, making them suitable for daily use.

Key Features:

- **4-Compartment Design:** Ideal for portion control and separating different food items.
- **Custom-Fit Lids:** Designed to seal in freshness and prevent spills between compartments.
- **Durable & Reusable:** Made from high-quality, BPA-free polypropylene for long-lasting use.
- **Stackable:** Containers nest neatly together for compact storage in your pantry, fridge, or freezer.
- **Versatile Use:** Microwave, dishwasher (top rack), and freezer safe for convenience.

This image displays the Bentgo Easyboxes, an 8-piece set of 4-compartment snack containers, each filled with a variety of healthy snacks. The containers are shown with different colored lids (purple, green, yellow, pink) and are arranged on a light-colored surface, highlighting their practical design for meal prep and portion control.

This image focuses on a single Bentgo Easybox container with a pink lid, clearly indicating its key features through icons: it is microwave safe, dishwasher safe, freezer safe, and made from BPA-free materials. The compartments are visible, ready for various food items.

3. SETUP

Before first use, wash all containers and lids thoroughly with warm, soapy water or in the dishwasher. Ensure they are completely dry before storing or filling with food.

Assembling the Containers:

1. Place desired food items into the four compartments of the tray.
2. Align the custom-fit lid over the tray, ensuring each square on the lid matches its corresponding compartment.
3. Press down firmly around the edges of the lid to create a secure seal. The tab on the lid is designed for easy opening by children.

4. OPERATING INSTRUCTIONS

Bentgo Easyboxes are designed for convenience and versatility in packing meals and snacks for all ages.

Packing Food:

- Utilize the four compartments to pack a balanced meal or snack, separating main dishes from sides, fruits, and vegetables.
- The 1/2 cup (118 ml) capacity per compartment is ideal for portion control.
- For best results, avoid overfilling compartments to ensure the lid seals properly.

Transporting:

- The compact size of the containers allows them to fit easily into most lunch bags and backpacks.
- For temperature-sensitive foods, place an ice pack underneath or on top of the container within an insulated lunch bag.

5. MAINTENANCE AND CARE

Proper care will extend the life of your Bentgo Easyboxes.

Cleaning:

- **Dishwasher Safe:** Both trays and lids are safe for the top rack of your dishwasher. For best longevity, especially for the lids, hand washing is recommended by some users.
- **Hand Washing:** Wash with warm, soapy water. Use a soft sponge or cloth to avoid scratching. Rinse thoroughly and air dry or towel dry.

Storage:

- **Freezer Safe:** Containers can be stored in the freezer for meal prepping.
- **Stackable Design:** When not in use, the containers nest together to save space.

Heating:

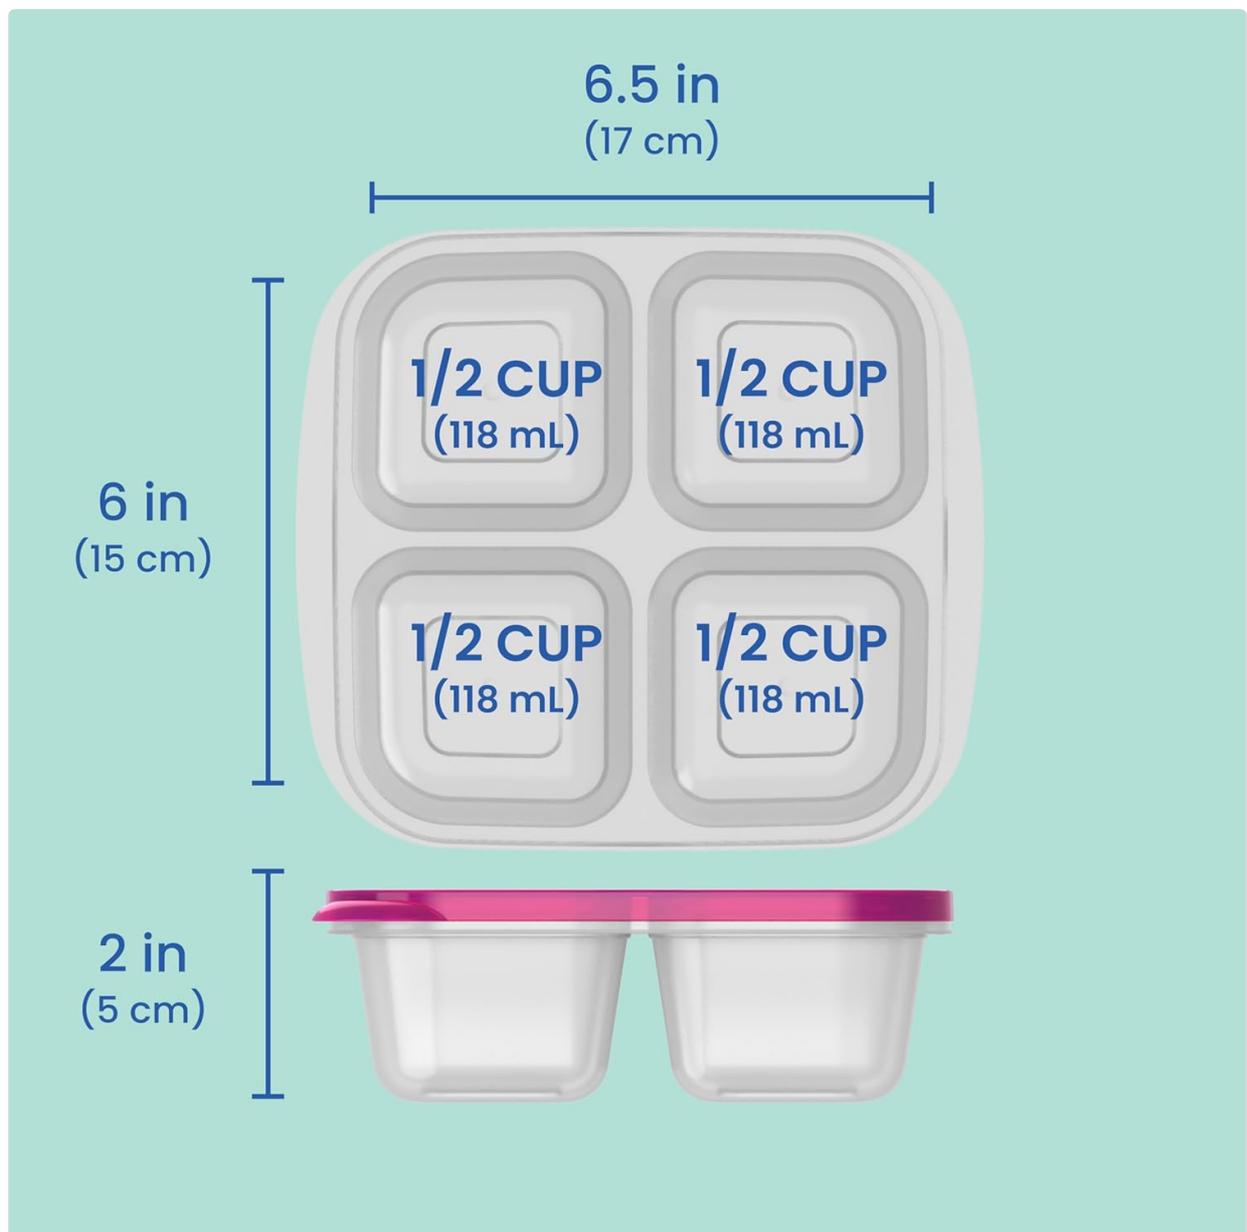

- **Microwave Safe:** The trays are microwave safe. Remove the lid before microwaving to prevent pressure buildup and potential warping.

6. TROUBLESHOOTING

Issue	Possible Cause	Solution
Lids not sealing tightly	Overfilling compartments; improper lid alignment; lid warping from high heat.	Ensure compartments are not overfilled. Align lid carefully and press down firmly on all sides. If warping occurs, consider hand washing or using top rack only in dishwasher.
Food becoming stale	Lid not properly sealed; prolonged storage.	Always ensure the lid is securely fastened. For optimal freshness, consume food within recommended storage times.
Container damage (cracks, breaks)	Excessive force during opening/closing; dropping; extreme temperature changes.	Handle with care. Avoid using sharp objects. While durable, plastic can break under extreme stress.
