

Altec Lansing MZX658-BLK

Altec Lansing Evo True Wireless Headphones User Manual

Model: MZX658-BLK

1. INTRODUCTION

Thank you for choosing the Altec Lansing Evo True Wireless Headphones. These earbuds are designed to provide a seamless and high-quality audio experience with the freedom of true wireless connectivity. Featuring IPX6 waterproof rating, a convenient wireless charging case, and integrated voice assistant access, your True Evo headphones are built for an active lifestyle.

This manual provides detailed instructions on how to set up, operate, maintain, and troubleshoot your headphones to ensure optimal performance and longevity.

2. WHAT'S IN THE BOX

- Altec Lansing Evo True Wireless Earbuds (Left and Right)
- Wireless Charging Case
- USB Charging Cable
- Multiple Sizes of Ear Tips (pre-installed and additional pairs)

3. PRODUCT OVERVIEW

Familiarize yourself with the components of your Altec Lansing Evo True Wireless Headphones.

Image: Close-up view of the Altec Lansing Evo True Wireless Earbuds, showcasing their compact design and the Altec Lansing logo on each earbud.

Image: The Altec Lansing Evo charging case shown open, with both earbuds securely seated inside their respective charging cradles. The 'R' and 'L' indicators for right and left earbuds are visible.

Image: The Altec Lansing Evo charging case with the lid open, showing one earbud removed from its charging slot, highlighting the charging contacts within the case.

Image: The Altec Lansing Evo charging case in its closed position, displaying the Altec Lansing brand logo on the top surface.

4. SETUP

4.1 Charging the Headphones and Case

Before first use, fully charge your Altec Lansing Evo headphones and charging case.

1. **Charging the Earbuds:** Place the earbuds into their respective slots in the charging case. Ensure they are properly seated; indicator lights on the earbuds will confirm charging.
2. **Charging the Case (Wired):** Connect the provided USB charging cable to the charging port on the case and the other end to a USB power source (e.g., computer, wall adapter).
3. **Charging the Case (Wireless):** Place the charging case on a Qi-compatible wireless charging pad. The case will begin charging automatically.

A full charge provides approximately 4 hours of playback for the earbuds, and the charging case holds enough power for up to 4 additional charges, totaling 16 hours of listening time.

4.2 Bluetooth Pairing

Follow these steps to pair your headphones with your device:

1. **Step 1:** Ensure the earbuds are charged.
2. **Step 2:** Open the charging case. The earbuds will automatically power on and enter pairing mode. You may see indicator lights flashing on the earbuds.
3. **Step 3:** On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings.
4. **Step 4:** Search for new devices. Select "Altec Lansing Evo" (or similar name) from the list of available devices.
5. **Step 5:** Once connected, the earbuds will indicate successful pairing (e.g., a voice prompt or steady indicator light).
6. **Note:** The earbuds will automatically connect to the last paired device when removed from the case, if

Bluetooth is enabled on the device.

5. OPERATING THE HEADPHONES

5.1 Power On/Off

- **Power On:** Open the charging case and remove the earbuds. They will automatically power on.
- **Power Off:** Place the earbuds back into the charging case and close the lid. They will automatically power off and begin charging.

5.2 Music Playback and Call Management

The Altec Lansing Evo headphones feature intuitive touch controls for managing your audio and calls.

- **Play/Pause:** Tap the touch surface on either earbud once.
- **Next Track:** Double-tap the touch surface on the right earbud.
- **Previous Track:** Double-tap the touch surface on the left earbud.
- **Answer/End Call:** Tap the touch surface on either earbud once during an incoming call or during an active call.
- **Reject Call:** Press and hold the touch surface on either earbud for 2 seconds during an incoming call.

5.3 Voice Assistant (Just Ask)

Access your device's voice assistant (Siri or Google Assistant) directly through your earbuds.

- **Activate Voice Assistant:** Triple-tap the touch surface on either earbud. You will hear a prompt indicating the voice assistant is active.
- Speak your command clearly into the built-in microphone.

6. MAINTENANCE

6.1 Cleaning

To maintain optimal sound quality and hygiene, regularly clean your earbuds and charging case.

- **Earbuds:** Gently wipe the earbuds, especially the ear tips and charging contacts, with a soft, dry, lint-free cloth. For stubborn dirt, a slightly damp cloth can be used, but ensure the earbuds are completely dry before placing them back in the charging case. The IPX6 rating means they can withstand powerful water jets, but avoid submerging them for extended periods or using harsh chemicals.
- **Charging Case:** Wipe the exterior of the charging case with a soft, dry cloth. Use a cotton swab to clean the charging pins inside the case if necessary. Ensure no moisture enters the charging port.

6.2 Storage

When not in use, store your headphones in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from extreme temperatures and direct sunlight.

7. TROUBLESHOOTING

If you encounter issues with your Altec Lansing Evo headphones, try the following solutions:

Problem	Possible Solution
Earbuds not powering on	Ensure earbuds are charged. Place them in the charging case, close the lid, then open it again.

Problem	Possible Solution
Earbuds not pairing with device	Ensure Bluetooth is enabled on your device. Turn off and on your device's Bluetooth. Forget the device in your Bluetooth settings and re-pair. Ensure earbuds are in pairing mode.
Only one earbud has sound	Place both earbuds back in the case, close the lid, wait a few seconds, then remove them. Ensure both earbuds are charged.
Charging case not charging	Check USB cable connection and power source. If using wireless charging, ensure the case is correctly placed on a Qi-compatible pad.
Poor sound quality or connection drops	Ensure your device is within the 30-foot Bluetooth range. Reduce interference from other wireless devices. Ensure earbuds are clean and free of debris.

8. SPECIFICATIONS

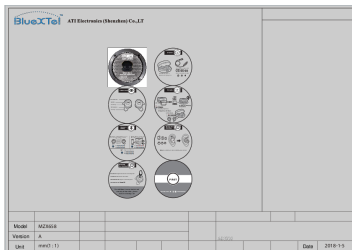

Feature	Detail
Model Name	MZX658-BLK
Connectivity Technology	Bluetooth 4.2
Wireless Range	Up to 30 feet (9 meters)
Earbud Battery Life	Up to 4 hours per charge
