## Eurofase 34166-017

# EuraFase 34166-017 LED Large Pendant User Manual

Model: 34166-017

## PRODUCT OVERVIEW

The Eurofase 34166-017 LED Large Pendant is a modern lighting fixture designed for various indoor applications. It features an integrated LED light source, dimmable functionality, and a sleek satin nickel finish. This manual provides essential information for the safe installation, operation, and maintenance of your pendant light.

## SAFETY INFORMATION

---

- Always turn off the main power supply at the circuit breaker before beginning installation or performing any maintenance.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all wiring connections are secure and comply with local electrical codes.
- Do not exceed the specified voltage (120 Volts) or wattage (3 watts).

- Handle glass components with care to prevent breakage.
- This product is designed for indoor use only.

## SETUP AND INSTALLATION

---

The Eurofase 34166-017 LED Large Pendant requires semi-flush mount installation and assembly. Follow these general steps for proper setup:

1. **Unpack Contents:** Carefully remove all components from the packaging. Verify that all parts listed in the packing list are present and undamaged.
2. **Prepare for Installation:** Turn off power at the main circuit breaker. Ensure the mounting surface is clean, dry, and structurally sound.
3. **Mounting Bracket Installation:** Attach the mounting bracket to the junction box in the ceiling using the provided screws. Ensure it is securely fastened.
4. **Wiring Connections:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using wire nuts. Ensure connections are tight and insulated.
5. **Fixture Assembly:** Assemble the pendant light components as per the detailed instructions included in the product packaging. This typically involves attaching the pendant body to the canopy.
6. **Secure Fixture:** Carefully push the wired connections into the junction box and secure the fixture canopy to the mounting bracket using the provided screws.
7. **Final Check:** Ensure the fixture is firmly attached and all connections are secure.

## OPERATING INSTRUCTIONS

---

Once installed, operating your Eurofase LED Large Pendant is straightforward:

- **Power On:** Restore power at the main circuit breaker.
- **Turning On/Off:** Use the wall switch or the remote control (if included with your specific model) to turn the light on

or off. The control method is typically a push button.

- **Dimming Function:** This fixture is dimmable. If connected to a compatible dimmer switch, adjust the dimmer to achieve your desired brightness level. Ensure your dimmer switch is rated for LED lighting.
- **Light Color:** The pendant provides Daylight White light.

## MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your pendant light:

- **Cleaning:** Before cleaning, ensure the power is turned off. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or electrical components.
- **LED Light Source:** The integrated LED light source is designed for long life and does not require replacement under normal operating conditions. Do not attempt to replace the LED components yourself.
- **Inspection:** Periodically inspect the fixture for any loose connections or signs of wear. If any issues are found, turn off power and consult a qualified electrician.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture; loose wiring; faulty switch.	Check circuit breaker. Ensure all wiring connections are secure. Test the wall switch.
Light flickers or dims unexpectedly.	Incompatible dimmer switch; loose wiring; power fluctuations.	Ensure dimmer is LED compatible. Check wiring connections. Consult an electrician if power fluctuations persist.
Humming noise from fixture.	Incompatible dimmer switch.	Replace dimmer with a high-quality, LED-compatible dimmer.

If troubleshooting steps do not resolve the issue, please contact customer support.

## SPECIFICATIONS

Attribute	Detail
Brand	Eurofase
Model Name	34166-017
Light Source Type	LED
Wattage	3 watts
Voltage	120 Volts
Brightness	250 Lumen

Attribute	Detail
Color	Satin Nickel (Fixture), Frosted (Shade)
Material	Metal (Fixture), Glass (Shade)
Product Dimensions	1"L x 1"W x 36"H
Item Weight	2.07 pounds
