## Hot Wheels FTB69

# Hot Wheels City Mega Garage Playset

Instruction Manual - Model FTB69

## INTRODUCTION

Welcome to the exciting world of the Hot Wheels City Mega Garage Playset! This multi-level garage is designed for endless creative play, featuring a tunnel, a launcher for a double-lane loop, and a surprise shark obstacle. It connects to other Hot Wheels sets, allowing for expanded play scenarios. The integrated maintenance area encourages children to care for their Hot Wheels cars, which can then be stored within the garage. This manual provides essential information for assembly, operation, maintenance, and specifications of your new playset.

## PRODUCT FEATURES

The Hot Wheels City Mega Garage Playset offers a variety of interactive features for dynamic play:

- **Massive Capacity:** This enormous garage can accommodate over 90 Hot Wheels cars (sold separately), providing ample storage and display space.
- **Thrilling Double-Lane Loop:** Experience exhilarating races with the huge double-lane loop, complete with a surprise shark attack feature that adds an element of suspense.
- **Interactive Two-Car Elevator:** Utilize the interactive, button-operated elevator designed to transport two cars simultaneously to different levels of the garage.
- **Epic Tunnel Ramp:** Once cars reach the top, they can race down through the levels and enter the epic tunnel ramp for a grand exit.
- **Integrated Maintenance Area:** A dedicated section for car maintenance and storage, encouraging imaginative play and organization.
- **Connectable Design:** The playset features connection points to link with other Hot Wheels sets, expanding the possibilities for track configurations and adventures.

## SETUP AND ASSEMBLY

The Hot Wheels City Mega Garage requires assembly. Please follow the included visual instructions carefully. While the main components are few, the assembly process involves connecting various track pieces and structural elements.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the product's assembly guide are present.
2. **Identify Parts:** Parts are typically labeled with letters or numbers. Refer to the assembly diagram to identify each piece.
3. **Connect Base Sections:** Begin by connecting the main base sections of the garage. Ensure they click securely into place.
4. **Assemble Vertical Structures:** Attach the vertical support pillars and ramps to the base. These form the multi-level structure.

5. **Install Elevator Mechanism:** Integrate the two-car elevator into its designated slot. Ensure the button mechanism operates smoothly.
6. **Construct Loop and Launcher:** Assemble the large double-lane loop and the car launcher mechanism. Position the shark obstacle within the loop as indicated in the instructions.
7. **Attach Ramps and Tracks:** Connect all remaining ramps, tracks, and connecting points to complete the circuit.
8. **Final Check:** Once assembled, gently test all moving parts, such as the elevator and launcher, to ensure proper function.

## OPERATING INSTRUCTIONS

The Hot Wheels City Mega Garage is designed for intuitive play. Follow these steps to maximize your experience:

1. **Parking Cars:** Utilize the various parking spots on each level to store and display your Hot Wheels car collection. The garage can hold over 90 cars.
2. **Using the Elevator:** Place one or two Hot Wheels cars onto the elevator platform. Press the button or operate the lever (depending on the specific model's design) to raise or lower the cars to different levels.

Figure 4: A detailed view of the two-car elevator mechanism within the Hot Wheels City Mega Garage, showing cars being lifted between levels.

- 3. Launching Cars:** Position a car at the designated launcher area. Activate the launcher mechanism (e.g., by pressing a lever or button) to propel the car onto the track, often into the double-lane loop.

Figure 5: A Hot Wheels car being launched into the large orange loop, with the shark obstacle visible, illustrating the dynamic play feature.

4. **Navigating the Shark:** As cars race through the loop, they may encounter the surprise shark obstacle. The shark's jaws may close, adding an exciting challenge to the race.
5. **Exiting the Garage:** Guide cars down the various ramps and through the tunnel ramp to exit the garage and continue their adventures.

## MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Hot Wheels City Mega Garage Playset, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the playset regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the plastic.
- **Dust Removal:** Use a soft brush or a can of compressed air to remove dust and debris from track grooves and moving parts.
- **Storage:** When not in use, store the playset in a clean, dry environment away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect all connections and moving parts for any signs of wear or damage. Ensure all track pieces are securely connected to prevent cars from derailing.
- **Car Compatibility:** Use only standard Hot Wheels die-cast cars with the playset to ensure proper function and prevent damage to the tracks or mechanisms.

## TROUBLESHOOTING

While the Hot Wheels City Mega Garage is designed for durability and reliable performance, occasional issues may arise. Here are some common troubleshooting tips:

- **Cars Not Launching Properly:**

- Ensure the car is correctly positioned in the launcher.
- Check if the launcher mechanism is fully engaged and released with sufficient force.
- Verify that the car's wheels are clean and free of debris.

- **Cars Getting Stuck on Tracks:**

- Inspect track connections to ensure they are fully snapped together and there are no gaps or misalignments.
- Confirm that the track surface is clean and free of obstructions.
- Ensure you are using standard Hot Wheels cars, as oversized or non-Hot Wheels vehicles may not fit properly.

- **Elevator Not Moving Smoothly:**

- Check for any small objects or debris obstructing the elevator's path.
- Ensure the operating button/lever is being pressed fully.

If you encounter persistent issues not covered here, please refer to the manufacturer's support information.

## SPECIFICATIONS

Attribute	Detail
Model Number	FTB69
Brand	Hot Wheels
Dimensions (L x W x H)	43 x 76 x 64 cm (16.9 x 29.9 x 25.2 inches)
Weight	6.51 kg (14.35 lbs)
Recommended Age	5 years and up
Material	Plastic
Power Source	Non-powered (No batteries required)
Assembly Required	Yes
Included Components	Mega Garage playset, 2 Hot Wheels cars
Educational Value	Building, Designing, Creative Play

## SAFETY INFORMATION

Please observe the following safety guidelines when using the Hot Wheels City Mega Garage Playset:

- **Choking Hazard:** This toy contains small parts and is not suitable for children under 3 years due to potential

choking hazards.

- **Adult Supervision:** Adult supervision is recommended during assembly and play, especially for younger children.
- **Proper Use:** Use the playset only as intended with Hot Wheels die-cast cars. Do not use other objects or vehicles that may damage the tracks or mechanisms.
- **Avoid Force:** Do not apply excessive force to the moving parts or connections, as this may cause damage.
- **Placement:** Place the playset on a stable, flat surface to prevent tipping during play.

## WARRANTY AND SUPPORT

Information regarding specific warranty details for the Hot Wheels City Mega Garage Playset (Model FTB69) is not provided in this manual. For warranty claims, product support, or to inquire about replacement parts, please contact Hot Wheels customer service directly or visit their official website. Keep your proof of purchase for any warranty-related inquiries.

For further assistance, please refer to the contact information provided on the product packaging or the official Hot Wheels website.
