TG90° A-5K03

TG90° Mini Portable Charger User Manual

Model: A-5K03

1. SETUP

Before initial use, fully charge your TG90° Mini Portable Charger. Use the provided USB Type-C charging cable to connect the power bank to a compatible USB power source (e.g., wall adapter, computer USB port). The LED indicator lights on the device will illuminate to show the charging progress. All four lights will be solid when fully charged.

Video: An overview of the TG90° Mini Portable Phone Charger, highlighting its built-in cord and compact size for easy portability.

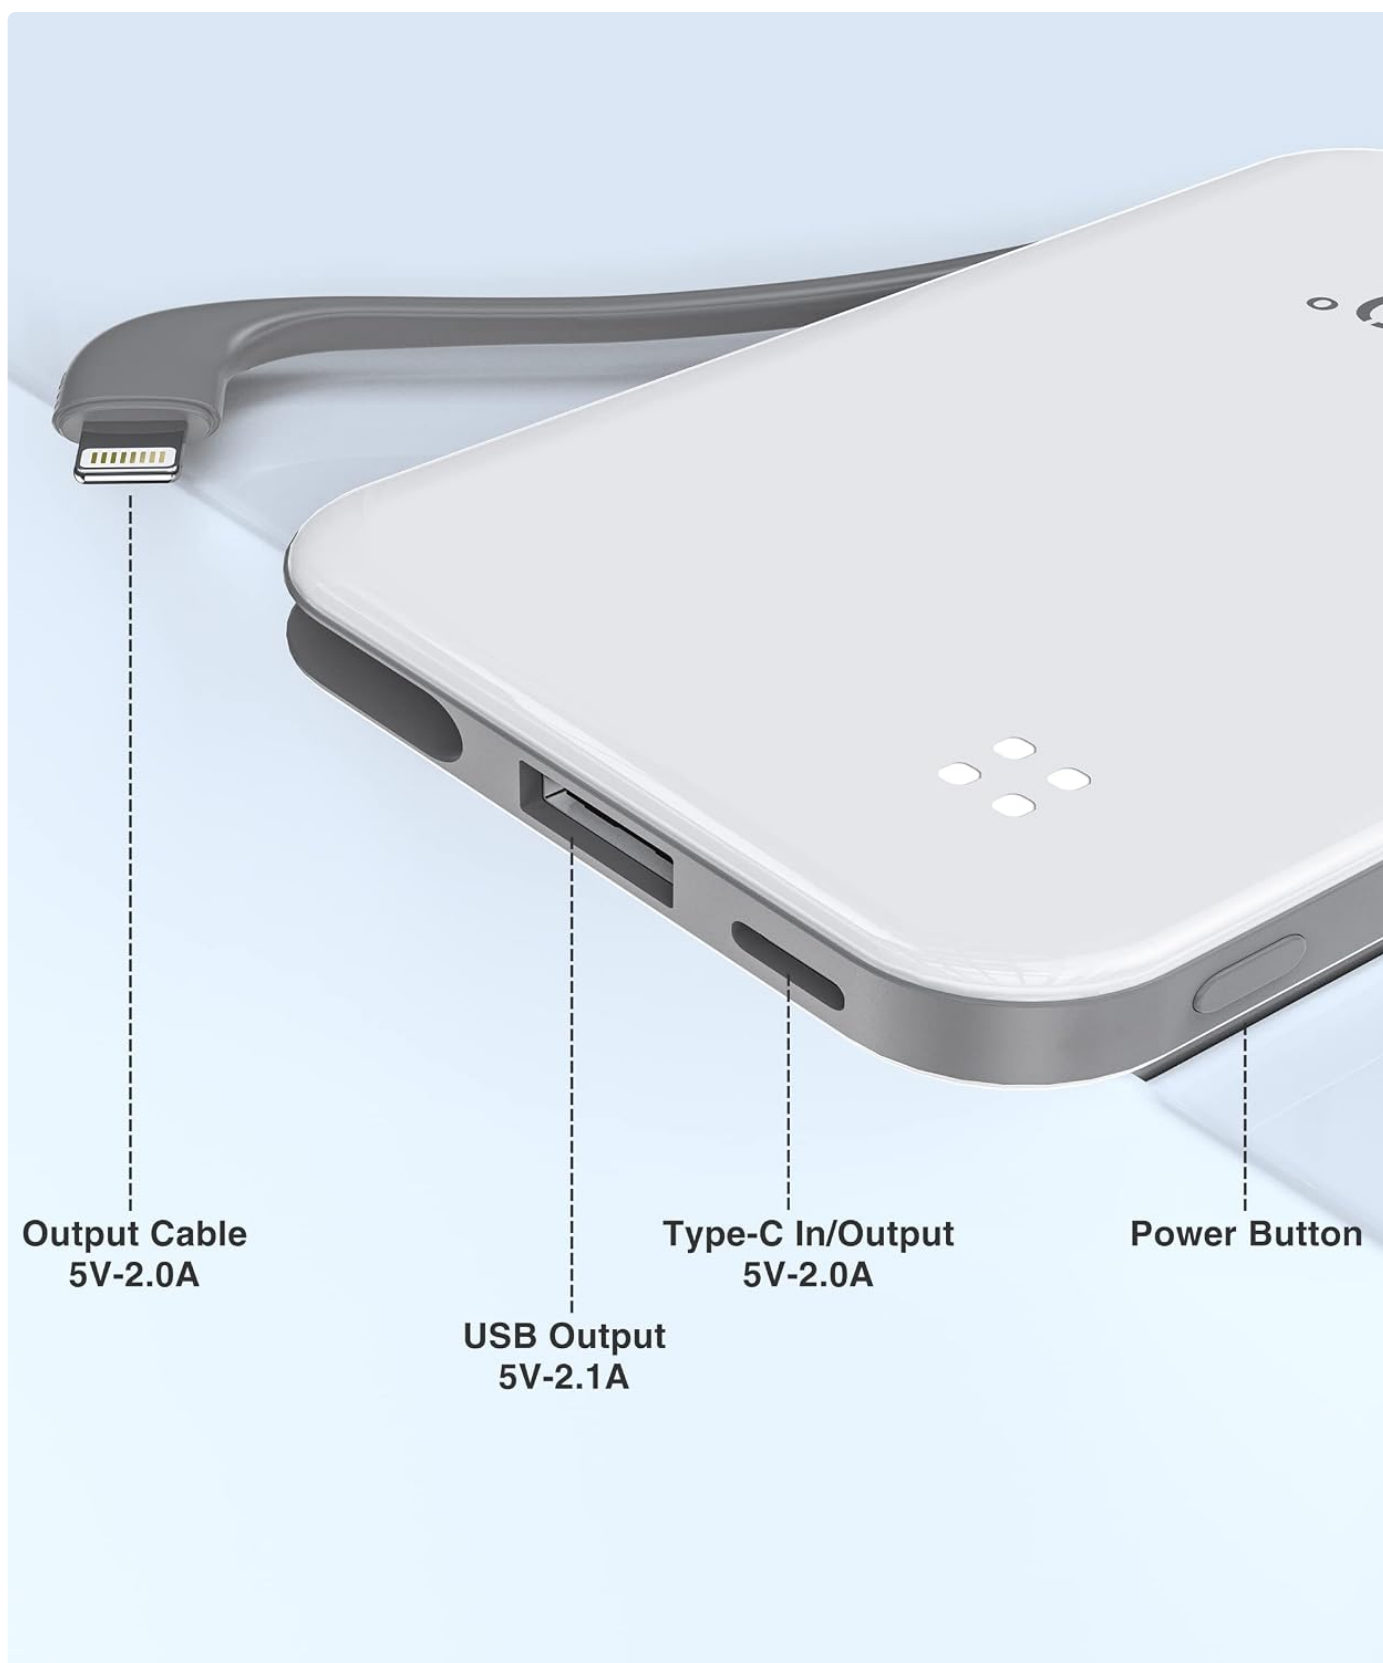

Image: A close-up view of the TG90° Mini Portable Charger's ports, including the built-in output cable, USB Type-C input/output, USB output, and power button.

2. OPERATING INSTRUCTIONS

Charging Your Device:

- **Using the Built-in Cable:** For iPhone devices, simply extend the built-in cable and plug it directly into your iPhone's

charging port. The power bank will automatically begin charging.

- **Using USB-A or USB Type-C Output:** For other devices, connect your device's charging cable to either the USB-A output port or the USB Type-C input/output port on the power bank. The power bank will automatically detect and begin charging your device.

To check the remaining battery level of the power bank, briefly press the power button. The LED indicator lights will illuminate, with each light representing approximately 25% of the battery capacity.

Triple-Output for More Charging Choices

Image: The TG90° Mini Portable Charger simultaneously charging multiple smartphones, demonstrating its triple-output capability.

Pocket Friendly Design for Daily Use

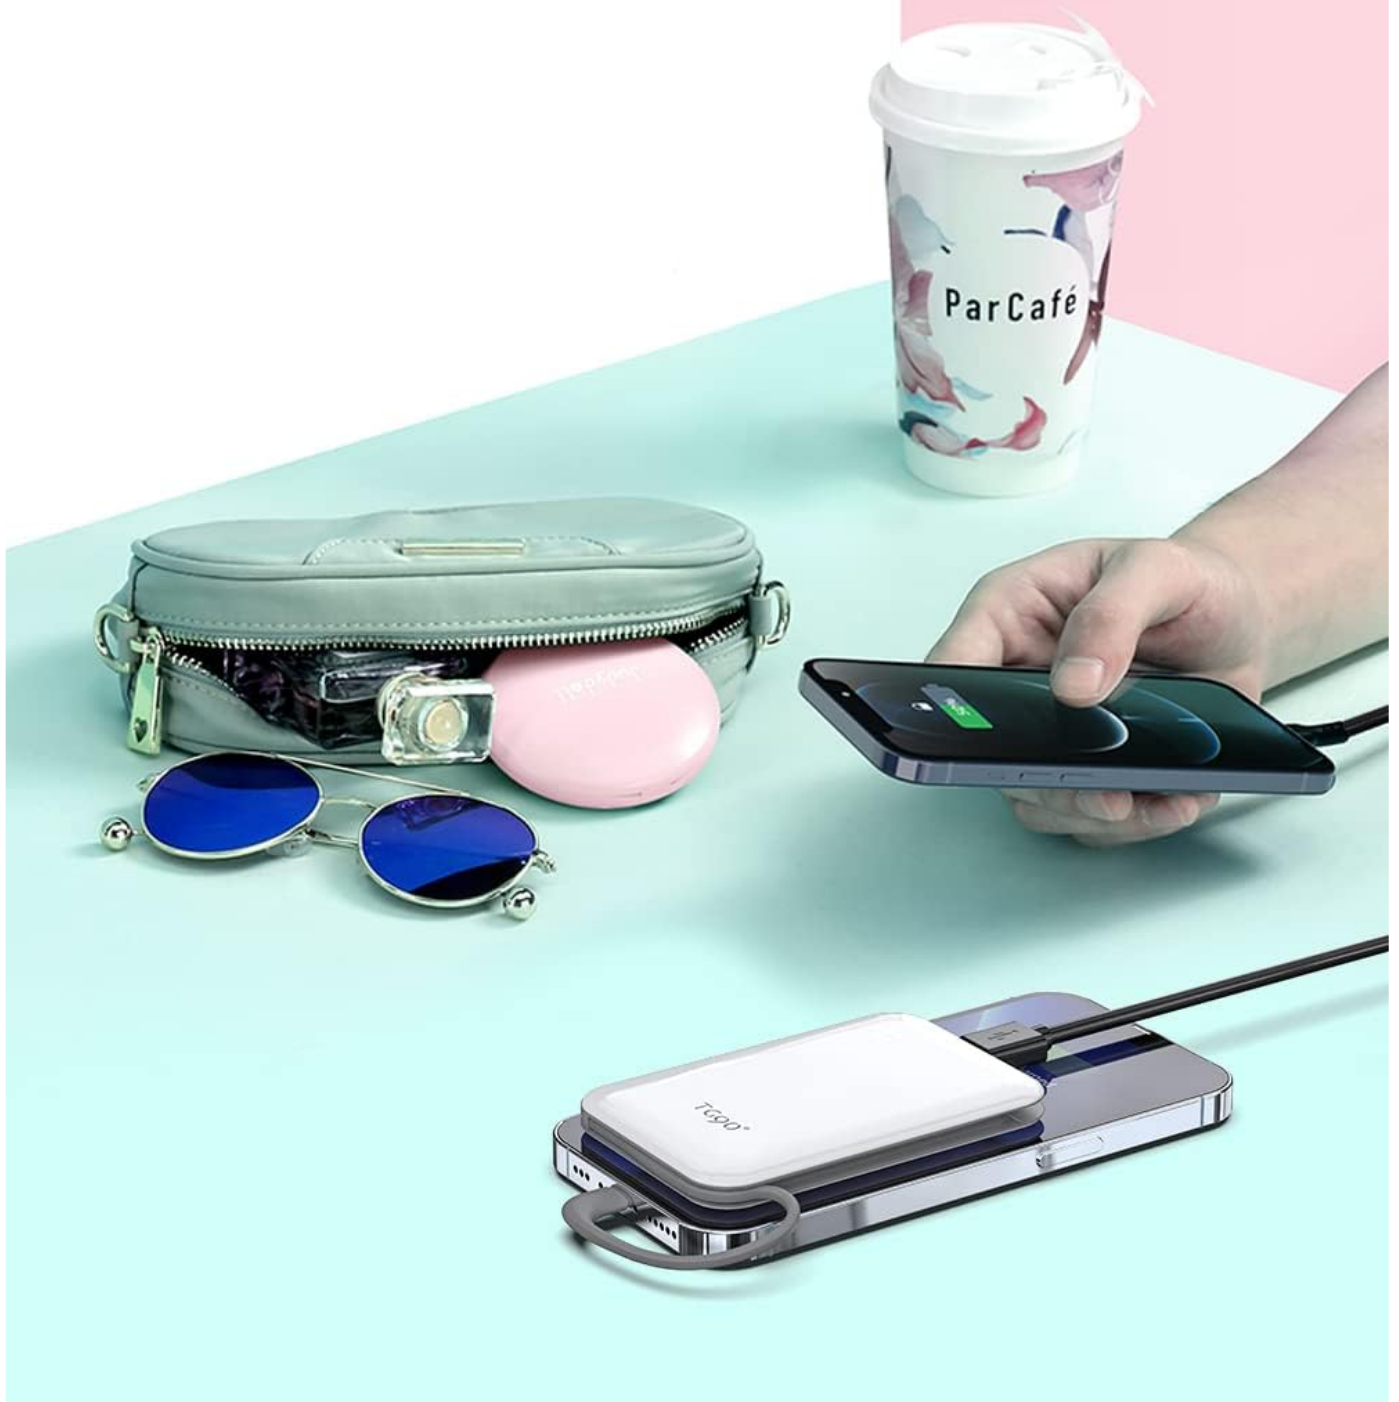

Image: The TG90° Mini Portable Charger shown alongside a small handbag and other personal items, emphasizing its pocket-friendly design for daily use.

3. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Avoid using harsh chemicals or abrasive materials.

- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the power bank regularly. Recharge it when the battery level is low.

4. TROUBLESHOOTING

- **Device not charging:**
 - Ensure the power bank is sufficiently charged.
 - Check that the charging cable is securely connected to both the power bank and your device.
 - Try a different charging cable or port on the power bank.
- **Slow charging:**
 - Ensure you are using a compatible charging cable and adapter.
 - The 2.1A USB output port provides faster charging than the 1A port.

5. SPECIFICATIONS

Feature	Detail
Brand	TG90°
Model Number	A-5K03

Answered questions about this manual

How long will it take for the TG90° A-5K03 Mini Portable Charger to be fully charged and for the last LED light to stop flashing?

For the TG90° A-5K03 Mini Portable Charger, the charging process is complete when all four LED indicator lights become solid. The last light will stop flashing and remain steady once the device reaches 100%...
