## 5. CARE AND CLEANING

---

Maintaining your Husky Liners Weatherbeater Trunk Liner is straightforward, ensuring its longevity and continued protection for your vehicle.

### 5.1. Routine Cleaning

- For light dirt or dust, simply wipe the liner with a damp cloth.
- For spills, the FormFit Edge is designed to contain liquids. Carefully remove the liner from the vehicle.

### 5.2. Deep Cleaning

1. Remove the liner from your vehicle.
2. Hose down the liner with water to remove mud, dirt, or other debris.
3. For stubborn stains, use a mild soap and a soft brush. Avoid harsh chemicals or abrasive cleaners, as these may damage the material.
4. Rinse thoroughly with water.
5. Allow the liner to air dry completely before placing it back in your vehicle.

## 6. TROUBLESHOOTING

---

### 6.1. Liner Does Not Lie Flat

- **Issue:** The liner appears warped or does not sit perfectly flat in the trunk.
- **Solution:** Due to packaging, the liner may have minor creases upon arrival. Place the liner in direct sunlight for a few hours or use a hairdryer on a low setting to gently warm the affected areas. This will allow the material to relax and conform to the vehicle's contours.

### 6.2. Slippage

- **Issue:** The liner or items on the liner are shifting during transit.
- **Solution:** Ensure the liner is properly seated and pressed down firmly. The Form-Fit Design and textured surface are intended to minimize slippage. If items are still shifting, consider using cargo organizers or restraints.
