TechCare Massager DP01

TechCare Plus 24 Massager User Manual

Model: DP01

1. INTRODUCTION

The TechCare Plus 24 Massager is an advanced TENS (Transcutaneous Electrical Nerve Stimulation) and PMS (Powered Muscle Stimulator) device designed to provide effective, drug-free pain relief and muscle stimulation. Utilizing low-voltage pulses, it targets nerve fibers to block pain signals and promote the body's natural pain relievers. This manual provides comprehensive instructions for safe and effective use of your device.

2. SAFETY INFORMATION

Please read and understand all safety warnings before using the TechCare Plus 24 Massager.

- Consult with a physician before use if pregnant, suffering from epilepsy, or have a serious health condition.
- Do not use this product if you have a heart condition or pacemaker.
- Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.
- Keep out of reach of children.
- Do not apply pads over open wounds, rashes, or inflamed skin.
- Avoid using the device while driving or operating heavy machinery.

3. WHAT'S INCLUDED

Your TechCare Plus 24 Massager package includes the following items:

- 1x Newest Model Controller (TechCare Plus 24 Device)
- 1x Hard Cover Travel Case
- 6x Large Electrodes (Pads)

Video: A step-by-step guide on how to set up your TechCare Plus 24 Massager, including charging, connecting pads, and applying them to the body.

5. OPERATING INSTRUCTIONS

Once set up, follow these steps to operate your TechCare Plus 24 Massager:

1. **Turn On:** Switch down the button on the upper left side of the device to turn it on. The screen

will illuminate.

2. **Select Massage Mode:** Press the "M" button to cycle through the multi-preprogrammed massage modes (Tapping, Acupuncture, Deep Tissue, Foot, Cupping, Combo, Kneading, Swedish, Scrapping, Reflexology, Tai-Chi). Please note that the intensity level will reset to level 1 after changing the massage mode.
3. **Set Time:** Press the "T" button to adjust the desired treatment time, ranging from 10 to 60 minutes.
4. **Adjust Intensity:** Use the "+" and "-" buttons to increase or decrease the intensity level to your desired comfort. There are 20 intensity bars.
5. **Lock/Unlock Device:** To lock the device and prevent accidental changes during treatment, long press the "T" button for approximately 3 seconds. To unlock, long press the "T" button again.

Dual Channel (A/B) Operation

The TechCare Plus 24 features dual output channels (A and B), allowing you to use different modes or intensities on two separate areas of the body simultaneously, or to treat a larger area more effectively.

- Plug Both Jacks:** Ensure both electrode cables are securely plugged into the A and B output ports on the device.
- Independent Control:** Channel A and Channel B can be operated separately. Press the round center button to switch between controlling Channel A and Channel B. You can then adjust the mode and intensity for each channel independently.

8. CARE AND MAINTENANCE

- Store the device and pads in the provided travel case when not in use to protect them from dust and damage.
- Clean the device with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.
- The electrode pads are reusable but will lose their adhesiveness over time. Replace pads when they no longer stick well to ensure effective treatment.
- Ensure the device is fully charged before long periods of storage to maintain battery health.

9. TROUBLESHOOTING

If you encounter issues with your TechCare Plus 24 Massager, please refer to the following common troubleshooting tips:

- **No Power:** Ensure the device is fully charged. Check the charging cable and adapter for damage.
- **No Sensation/Weak Sensation:** Verify that the electrode pads are securely connected to the cables and the cables are firmly plugged into the device. Ensure the pads are making good contact with your skin and are not worn out. Increase the intensity level using the "+" button.
- **Pads Not Sticking:** Clean the skin area where pads are applied. Ensure pads are clean and free of debris. Replace old pads with new ones if adhesiveness is lost.
- **Device Locked:** If the device is unresponsive, you may have accidentally activated the lock function. Long press the "T" button for approximately 3 seconds to unlock it.

If problems persist, please contact TechCare Massager customer support for assistance.

10. WARRANTY AND SUPPORT

The TechCare Plus 24 Massager comes with a lifetime limited warranty. For warranty claims, technical support, or any inquiries regarding your device, please contact TechCare Massager customer service.
