

## Cellet B07BLMGSTX

# Cellet Universal Wireless Charger and Phone Stand Instruction Manual

Model: B07BLMGSTX

## INTRODUCTION

Thank you for choosing the Cellet Universal Wireless Charger and Phone Stand. This device provides a convenient and efficient way to wirelessly charge your compatible smartphone while holding it in an optimal viewing position. Please read this manual carefully to ensure proper use and to maximize the product's lifespan.

## PRODUCT FEATURES

- **Wireless Charging Stand:** Allows compatible wireless-enabled devices to be mounted and charged in either landscape or portrait orientation.
- **Advanced Wireless Charging Technology:** Features a 2-coil design for a larger, high-efficiency charging position.
- **LED Indicators:** Lights indicate when the charging pad is on standby and when your phone is actively charging or fully charged.
- **Easy Connectivity:** Simply plug the Micro USB cable into a laptop, desktop, or AC adapter to begin charging.

## PACKAGE CONTENTS

- Cellet Universal Wireless Charger and Phone Stand
- Micro USB Charging Cable
- Instruction Manual

## SETUP INSTRUCTIONS

1. Connect the provided Micro USB cable to the Micro USB port on the back of the Cellet Wireless Charger Stand.
2. Plug the other end of the Micro USB cable into a compatible power source, such as a USB wall adapter (not included), a computer's USB port, or a power bank.
3. Once connected, the LED indicator on the stand will illuminate blue, indicating it is powered on and in standby mode.

4. Place your Qi-compatible smartphone directly onto the charging stand. Ensure the phone is centered on the stand for optimal charging.

The Cellet Universal Wireless Charger and Phone Stand, designed for convenient wireless charging of compatible smartphones. The phone is shown in an upright, portrait orientation on the stand.

## OPERATING INSTRUCTIONS

The Cellet Wireless Charger Stand is designed for simple operation:

- **Placing Your Device:** Position your Qi-compatible smartphone on the stand. The dual-coil design allows for flexible placement, supporting both portrait and landscape orientations.
- **Initiating Charge:** When a compatible device is correctly placed on the stand, the LED indicator will change from blue to green, signifying that charging has begun.
- **Charging Status:** The green LED will remain lit during the charging process. Some devices may also display a charging icon on their screen.

- **Optimal Performance:** For best charging results, ensure your phone case is not excessively thick (typically less than 5mm) and does not contain metal or magnetic materials.

## 2 COILS WIRELESS CHARGER

Built-in 2 coils to make sure larger high-efficiency charging position

This image illustrates the dual-coil design of the Cellet wireless charger, which allows for a larger, high-efficiency charging area. It demonstrates phones being charged in both vertical (portrait) and horizontal (landscape) positions.

### LED INDICATOR GUIDE

The LED indicator provides visual feedback on the charger's status:

- **Blue Light:** Indicates the charger is powered on and in standby mode, ready to charge a device.
- **Green Light:** Indicates that a compatible device is actively charging.

A close-up view of the LED indicator on the Cellet Wireless Charger. It shows a blue light indicating power connection or standby mode, and a green light indicating active charging.

## MAINTENANCE

To ensure the longevity and optimal performance of your wireless charger:

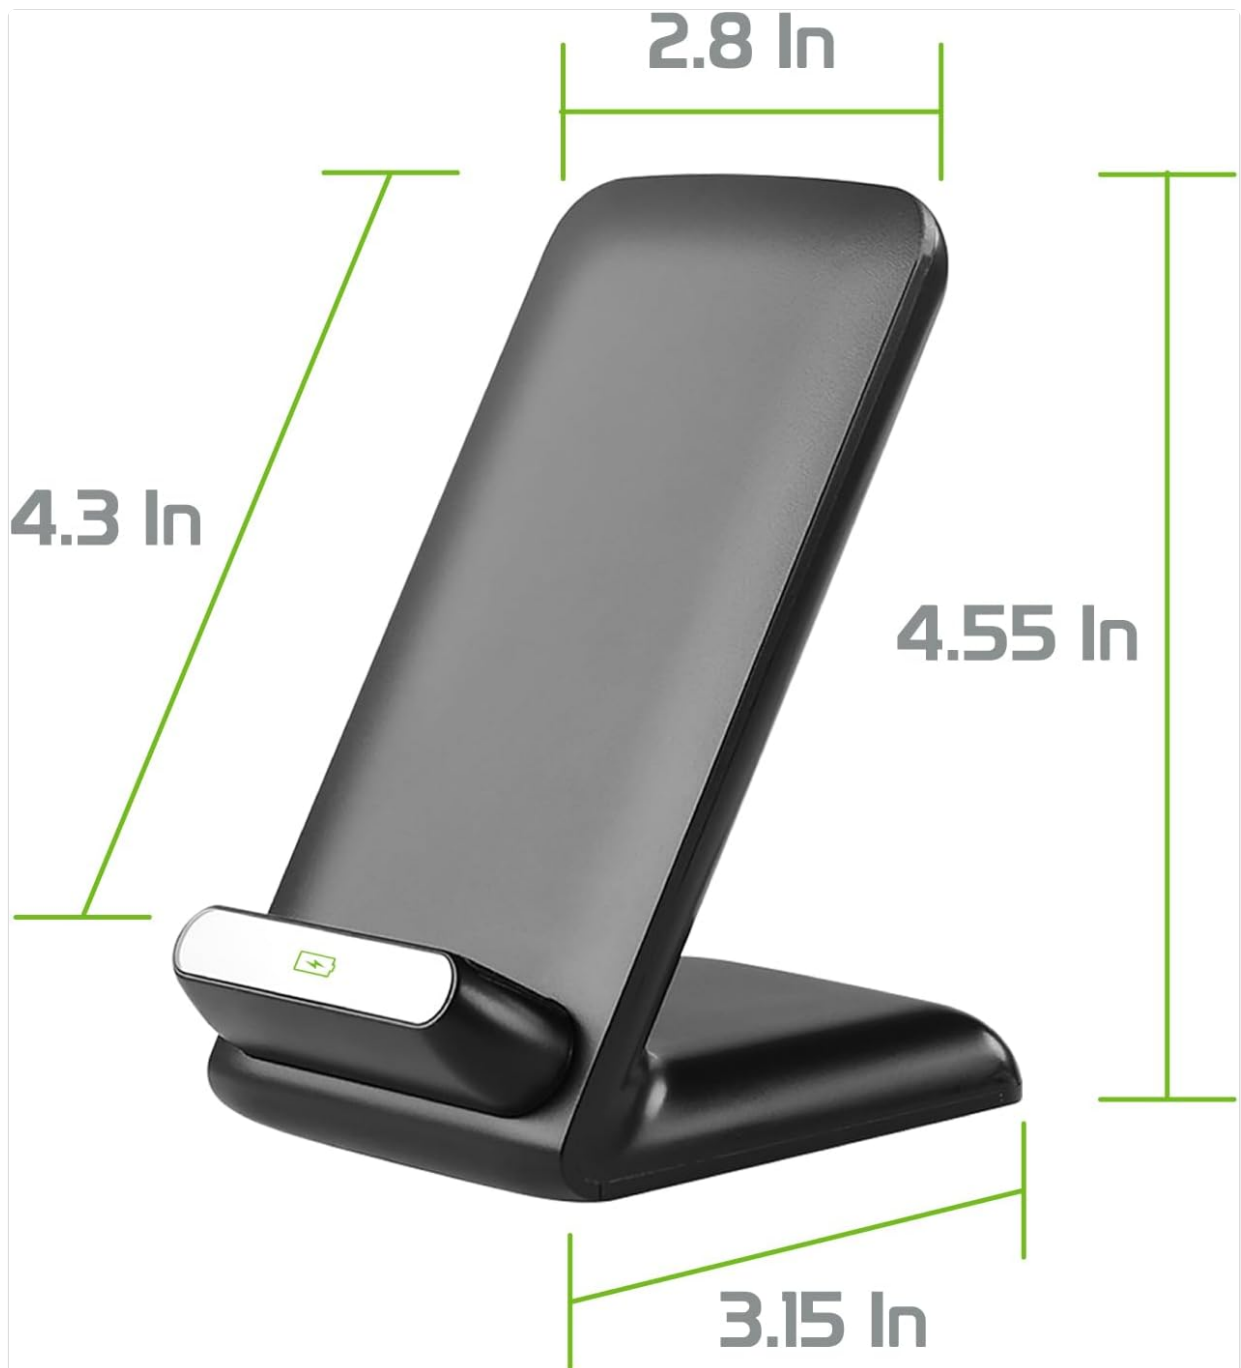

- Keep the charger clean by wiping it with a soft, dry cloth.
- Avoid exposing the charger to water, moisture, or extreme temperatures.
- Do not disassemble or attempt to repair the device yourself.
- Store the charger in a cool, dry place when not in use.

## TROUBLESHOOTING

Problem	Possible Solution
Device not charging	<ul style="list-style-type: none"> <li>• Ensure the Micro USB cable is securely connected to both the charger and the power source.</li> <li>• Verify that your phone is Qi-compatible.</li> <li>• Remove any thick or metallic phone cases.</li> <li>• Reposition the phone on the charging stand to ensure proper alignment with the coils.</li> <li>• Try a different USB wall adapter or power source.</li> </ul>
Slow charging	<ul style="list-style-type: none"> <li>• Ensure you are using a power adapter that supports fast charging (e.g., Quick Charge 2.0/3.0 or Power Delivery).</li> <li>• Avoid using your phone extensively while it is charging wirelessly.</li> <li>• Ensure proper phone alignment on the charging coils.</li> </ul>
LED indicator not lighting up	<ul style="list-style-type: none"> <li>• Check the power connection to the charger.</li> <li>• Try a different Micro USB cable or power source.</li> </ul>

## SPECIFICATIONS

- **Model:** B07BLMGSTX
- **Input:** 5V/2A, 9V/1.67A
- **Output:** 5W/7.5W/10W (Max)
- **Connector Type:** Micro USB (input), Wireless (output)
- **Material:** Plastic
- **Item Weight:** 10.7 ounces
- **Package Dimensions:** 5.35 x 2.87 x 2.4 inches
- **Special Feature:** Wireless Charging, Phone Stand
- **Certification:** Qi-compatible

# LED INDICATOR

Blue light for Power connection  
Green light for charging

Blue light for power

Green light for charging

This image displays a range of smartphones, such as various iPhone models, Samsung Galaxy devices, and Google Pixel phones, illustrating the broad compatibility of the Cellet Wireless Charger. It also shows a phone charging in landscape mode, suggesting media consumption while charging.

## SAFETY INFORMATION

Please observe the following safety precautions:

- Do not expose the device to high temperatures, direct sunlight, or fire.
- Avoid dropping or subjecting the device to strong impacts.
- Keep out of reach of children.
- Use only the provided or certified compatible cables and power adapters.
- Do not place metal objects, credit cards, or other magnetic items between your phone and the charging pad, as this may interfere with charging or damage the device.

## WARRANTY AND SUPPORT

For warranty information or technical support, please contact Cellet customer service directly. Refer to the product packaging or the official Cellet website for contact details.
