

LUXOR AVJ42C

Luxor Multipurpose Adjustable Height Steel A/V Utility Cart with Cabinet - Black

Model: AVJ42C | Brand: LUXOR

1. INTRODUCTION

This manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your Luxor Multipurpose Adjustable Height Steel A/V Utility Cart with Cabinet. Please read this manual thoroughly before use to ensure proper and safe operation.

The Luxor A/V Utility Cart is a robust and versatile solution for various environments, including offices, classrooms, and industrial settings. Its durable steel construction and adjustable height make it suitable for a wide range of audio/visual equipment and other utility needs.

Figure 2: The utility cart in a typical operational environment.

2. SETUP AND ASSEMBLY

Assembly of your Luxor A/V Utility Cart is required. Please ensure all components are present before beginning. Refer to the included hardware and instructions for detailed steps. The cart's height is adjustable from 24 inches to 42 inches, allowing for customization based on your specific needs.

Key features for setup include:

- **Adjustable Height:** The cart can be set to various heights to accommodate different users or equipment.
- **Casters:** Equipped with four 4-inch silent-roll, full-swivel ball bearing casters for smooth mobility. Two casters include locking brakes to secure the cart in place.
- **Electrical Assembly:** A three-outlet, 15-foot UL and CSA listed electrical assembly with a cord plug snap is integrated for convenient power access.
- **Safety Mats:** Includes safety mats for added protection and stability of items placed on the shelves.
- **Locking Cabinet:** A secure cabinet provides storage for valuable equipment, complete with a recessed handle and keys.

Assembly Video Guide

Video 1: Official product video demonstrating the Luxor Adjustable-Height Steel AV and Presentation Cart. This video provides a visual guide to the cart's features and potential uses, aiding in understanding its assembly and functionality.

3. OPERATING INSTRUCTIONS

To operate your Luxor A/V Utility Cart:

- **Adjusting Height:** Loosen the securing bolts on the vertical supports, adjust the shelves to the desired height, and then securely tighten the bolts.
- **Mobility:** Unlock the two locking casters to move the cart freely. To secure the cart in a stationary position, engage the brakes on the locking casters.
- **Power Access:** Utilize the integrated three-outlet electrical assembly to power your devices. Ensure the cord is properly managed using the cord plug snap and side-wrap hooks.

- **Cabinet Use:** The bottom cabinet can be locked for secure storage. Use the provided keys to lock and unlock the cabinet door.

4. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your utility cart:

- **Cleaning:** Wipe down steel surfaces with a damp cloth and mild detergent. Avoid abrasive cleaners that may damage the finish.
- **Casters:** Periodically check casters for debris and ensure they roll smoothly. Lubricate if necessary.
- **Hardware:** Inspect all bolts and fasteners regularly to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Electrical Assembly:** Ensure the power cord and outlets are free from damage. Do not overload the electrical assembly.

5. TROUBLESHOOTING

If you encounter issues with your Luxor A/V Utility Cart, consider the following:

- **Assembly Difficulties:** If bolts do not thread or holes do not align, double-check the orientation of components against the assembly instructions. Ensure you are using the correct hardware for each step.
- **Unstable Cart:** Verify that all height adjustment bolts are securely tightened. Ensure casters are fully inserted and locked when stationary.
- **Cabinet Door Issues:** If the cabinet door is flimsy or the lock mechanism is not working correctly, check for proper alignment during assembly. Ensure the door hinges are securely fastened.
- **Electrical Issues:** If the power strip is not functioning, check the power source and ensure the strip is properly plugged in. Avoid plugging in too many high-power devices simultaneously.

For persistent issues, please contact Luxor customer support.

6. SPECIFICATIONS

Feature	Detail
Product Dimensions	28"D x 24"W x 42"H
Brand	LUXOR
Material	Alloy Steel
Color	Black
Special Feature	Locking Cabinet
Number of Shelves	3
Item Weight	106.7 pounds
Item Model Number	AVJ42C
Assembly Required	Yes
