

Loowoko 50L Hiking Backpack

Loowoko 50L Hiking Backpack Instruction Manual

Brand: Loowoko | Model: 50L Hiking Backpack (45+5 Liter)

1. INTRODUCTION

Thank you for choosing the Loowoko 50L Hiking Backpack. This manual provides essential information for the proper setup, operation, and maintenance of your new backpacking essential. Designed for outdoor enthusiasts, this lightweight and durable backpack offers ample storage and comfort for 3-5 day trips, hiking, camping, trekking, and mountaineering.

Key features include a comprehensive upgraded design with robust materials, a built-in waterproof rain cover, and an ergonomic, breathable back support system.

2. COMPONENTS OVERVIEW

Familiarize yourself with the various parts of your Loowoko 50L Hiking Backpack to maximize its utility and comfort.

- **Main Compartment:** Large capacity for primary gear.
- **Bottom Storage Compartment:** Separate access for items like sleeping bags or shoes.
- **Front Storage Compartment:** For quick-access items.
- **Side Elasticized Mesh Pockets:** Ideal for water bottles or small items.
- **Waist Pack/Hip Belt Pockets:** Convenient storage for small essentials like phones or snacks.
- **Rain Cover Pouch:** Located at the bottom, containing the integrated rain cover.
- **External Attachment Points:** Various straps and loops for securing sleeping bags, tents, trekking poles, ice axes, etc.
- **Adjustable Shoulder Straps & Chest Strap:** For load stability and comfort.
- **Breathable Back Support:** High-elastic mesh padding for ventilation and reduced back pressure.

SHOULDER STRAP ADJUSTER

3. SETUP AND ADJUSTMENT

Proper adjustment of your backpack is crucial for comfort and efficient weight distribution, especially during extended use.

1. **Load the Backpack:** Pack your gear, placing heavier items closer to your back and centered.
2. **Adjust Hip Belt:** Fasten the hip belt so it rests comfortably on your hips, transferring most of the pack's weight to your lower body. Tighten securely.
3. **Adjust Shoulder Straps:** Pull the shoulder straps to snug the pack against your back. They should be tight enough to keep the pack stable but not bear the majority of the weight.
4. **Adjust Chest Strap:** Fasten the chest strap across your sternum. Adjust its height and tension to prevent the shoulder straps from digging into your armpits and to stabilize the load.
5. **Load Adjuster Straps:** Use the straps located above your shoulders to pull the top of the pack closer to your body, optimizing balance and comfort.

Expandable Mesh Pockets On The Side

4. OPERATING AND USAGE

Effectively utilize the backpack's features for organized and secure carrying of your essentials.

- **Packing:** Use the large main compartment for bulky items. The separate bottom compartment is ideal for shoes or a sleeping bag, keeping them isolated from other gear.
- **External Gear:** Secure items like trekking poles, tents, or sleeping pads using the ample compression straps and attachment points on the exterior of the backpack.
- **Hydration:** The backpack is compatible with hydration bladders. Insert your bladder into the dedicated sleeve (if available) and route the hose through the designated port.
- **Rain Cover:** In case of rain, locate the orange rain cover in its dedicated pouch at the bottom of the backpack. Unfold it and stretch it over the entire backpack to protect your belongings from moisture.

RAIN COVER INCLUDED

stored in the bottom compartment

5. MAINTENANCE

To ensure the longevity and performance of your Loowoko 50L Hiking Backpack, follow these care instructions:

- **Cleaning:** The backpack is machine washable. Use a mild detergent and cold water on a gentle cycle. Do not use bleach.
- **Drying:** Air dry the backpack completely. Do not tumble dry or expose to direct heat, as this can damage the fabric and coatings.
- **Storage:** Store the backpack in a cool, dry place away from direct sunlight when not in use. Ensure it is clean and completely dry before storage to prevent mold or mildew.

6. TROUBLESHOOTING

Here are some common issues and solutions for your backpack:

- **Discomfort/Poor Weight Distribution:** Ensure all straps (shoulder, chest, hip belt, load adjusters) are properly adjusted to your body. The hip belt should bear most of the weight. Repack your backpack, placing heavier items closer to your back and centered.
- **Buckle or Zipper Malfunction:** Inspect buckles and zippers for any damage. If a component is faulty, contact customer support for assistance. Always check all buckles and zippers for proper function before each trip.
- **Wet Contents Despite Rain Cover:** Ensure the rain cover is properly deployed and covers the entire backpack. Check for any tears or holes in the rain cover or backpack fabric.

7. SPECIFICATIONS

- **Capacity:** 50 Liters (45+5 Liter expandable)
- **Material:** High-quality tear-resistant Polyester and Nylon fabric
- **Lining:** Polyester lining
- **Weight:** Approximately 2.1 pounds
- **Department:** Unisex-adult
- **Care Instructions:** Machine Wash
- **Origin:** Imported

8. WARRANTY AND SUPPORT

For any product inquiries, warranty claims, or support needs, please contact Loowoko Direct, the seller of your backpack. Ensure you retain your proof of purchase for any warranty-related services.
