

## Pyle PLD94BK

# Pyle Universal Car Headrest Mount Monitor

Model: PLD94BK

## 1. INTRODUCTION

Thank you for purchasing the Pyle PLD94BK Universal Car Headrest Mount Monitor. This multimedia entertainment system is designed to provide an engaging audio and video experience for passengers in your vehicle. Featuring a 9-inch high-resolution LCD screen and a built-in DVD/CD player, it offers versatile entertainment options for short commutes or long road trips.

The PLD94BK supports various media formats and includes multiple input options such as USB, SD card, HDMI, and RCA, allowing you to connect a wide range of devices. Its universal design ensures easy installation in most vehicle headrests. Please read this manual thoroughly before installation and operation to ensure proper use and to maximize the product's performance and longevity.

### Key Features:

- 9-inch LCD Digital Wide Screen Display
- Built-in Top-Loading DVD/CD (Multimedia Disc) Player
- Universal 'Clip-On' Headrest Mounting Hardware
- USB & SD Memory Card Readers
- HDMI Input Port for Smartphone & Device Connectivity
- RCA (L/R) Audio/Video Inputs/Outputs
- Built-in Speakers and Headphone Jack
- Built-in IR Transmitter for Wireless IR Headphone Use
- Integrated FM Transmitter
- Full Function Wireless Remote Control

## 2. SAFETY INFORMATION

To ensure safe operation and prevent damage, please observe the following safety precautions:

- Do not attempt to disassemble or modify the unit. This may cause electric shock or other hazards.
- Keep the unit away from water, moisture, and extreme temperatures.
- Ensure proper ventilation around the unit to prevent overheating.
- Use only the provided power cables and accessories.
- Do not operate the unit in a manner that distracts the driver or obstructs their view.
- Securely mount the unit to prevent it from becoming a projectile during sudden stops or accidents.
- **California Proposition 65 Warning:** This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

### 3. PACKAGE CONTENTS

Please check the contents of your package to ensure all items are present:

- Pyle 9-inch Headrest Monitor (PLD94BK)
- Wireless Remote Control
- Universal 'Clip-On' Headrest Mounting Hardware
- RCA Wiring Harness (Audio/Video)
- Cigarette Lighter Power Cable
- User Manual (this document)

## 4. SETUP & INSTALLATION

### 4.1 Mounting the Unit

The PLD94BK comes with universal 'clip-on' headrest mounting hardware designed for easy installation. The unit can be attached to either the front-seat or back-seat headrests.

1. Identify the headrest posts in your vehicle.
2. Attach the universal mounting bracket to the headrest posts. Ensure it is securely fastened.
3. Slide the PLD94BK monitor onto the mounting bracket until it clicks into place.
4. Adjust the tilt/angle of the monitor display screen for optimal viewing. The screen can also be rotated.
5. Ensure the unit is stable and does not wobble.

## 4.2 Power Connection

The unit can be powered in two ways:

- **Cigarette Lighter Power Cable:** Plug the included power cable into your vehicle's 12V cigarette lighter socket.
- **Hard-Wired Installation:** For a more permanent installation, the unit can be hard-wired into your vehicle's electrical system (DC 12V). Professional installation is recommended for hard-wiring.

## 4.3 Connecting External Devices

The PLD94BK offers various ports for connecting external audio and video sources:

- **HDMI Input:** Connect smartphones, tablets, or other HDMI-enabled devices to stream video directly to the monitor.
- **AV Input:** Use the RCA (L/R) audio/video input connectors to connect older devices such as game consoles or camcorders.
- **USB Port:** Insert a USB flash drive (up to 8GB) to play compatible media files. This port also doubles as a device charging port.
- **SD Card Slot:** Insert an SD memory card (up to 8GB) to play compatible media files.

- **Headphone Jack:** Connect wired headphones for private listening.

## 5. OPERATING INSTRUCTIONS

### 5.1 Basic Operation

- **Power On/Off:** Press the power button on the front panel or remote control to turn the unit on or off.
- **Source Selection:** Use the 'Source' button on the front panel or remote to cycle through input sources (DVD, USB, SD, HDMI, AV).
- **Volume Control:** Adjust the volume using the dedicated buttons on the front panel or remote control.
- **OSD Menu:** Press the 'Menu' button to access the On-Screen Display (OSD) menu for settings adjustments. Navigate using the arrow keys and confirm with 'Enter'.

## 5.2 Media Playback (DVD/CD, USB/SD)

- **DVD/CD:** Insert a disc into the top-loading slot. The unit will automatically detect and begin playback. Use the playback controls (Play/Pause, Stop, Next/Previous, Fast Forward/Rewind) on the front panel or remote.
- **USB/SD:** Insert a USB flash drive or SD card into the respective slot. Select the USB or SD source. The unit will display the file browser, allowing you to select and play compatible media files (MP3, MP4, MP5, JPG, MPEG4, WMA, AVI).

### 5.3 Audio Output Options

- **Built-in Speakers:** Audio will play through the integrated speakers.
- **Wired Headphones:** Plug 3.5mm headphones into the headphone jack for private listening.
- **Wireless IR Headphones:** The built-in IR transmitter allows for wireless audio transmission to compatible IR headphones. Ensure your IR headphones are powered on and set to the correct channel.
- **FM Transmitter:** The integrated FM transmitter allows you to broadcast the audio from the monitor to your vehicle's FM radio. Tune your car radio to an unused FM frequency, then set the monitor's FM transmitter to the same frequency via the OSD menu.

## 6. MAINTENANCE

Proper maintenance will help extend the life of your Pyle headrest monitor.

- **Cleaning the Screen:** Use a soft, lint-free cloth to gently wipe the screen. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution. Do not spray liquid directly onto the screen.
- **Cleaning the Unit:** Wipe the exterior of the unit with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Disc Care:** Handle discs by their edges. Keep discs clean and free of scratches to ensure proper playback. Store discs in their cases when not in use.
- **Storage:** If storing the unit for an extended period, disconnect it from power and store it in a cool, dry place away from direct sunlight.

## 7. TROUBLESHOOTING

If you encounter issues with your PLD94BK, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Power cable not connected; Vehicle's power outlet not working; Fuse blown.	Ensure power cable is securely connected. Check vehicle's cigarette lighter or fuse box. Try a different power source.
No picture/No sound	Incorrect source selected; Cables not connected properly; Volume too low.	Select the correct input source. Check all audio/video cable connections. Increase volume.
Disc not recognized/Disc error	Disc is dirty, scratched, or incompatible format; Disc inserted incorrectly.	Clean the disc. Try a different disc. Ensure the disc is inserted correctly with the label side facing up. Check disc compatibility (CD-R, CD-RW, DVD, VCD, DVDR+, SVCD, DVCD).
USB/SD card not reading	Card/drive not inserted correctly; Incompatible file format; Card/drive capacity too large.	Re-insert the USB drive/SD card. Ensure files are compatible (MP3, MP4, MP5, JPG, MPEG4, WMA, AVI). Max capacity is 8GB.
No sound from wireless IR headphones	IR headphones not powered on; Incorrect IR channel selected on headphones.	Ensure IR headphones have power. Adjust the channel on the IR headphones to match the monitor's IR output.
FM Transmitter not working	Incorrect FM frequency selected; Interference.	Ensure the monitor's FM transmitter frequency matches your car radio's frequency. Try a different, clear FM frequency.

## 8. SPECIFICATIONS
