Garnier Olia Ammonia-Free Permanent Hair Dye - 1.0 Black Instruction Manual

Model: 603084554737

PRODUCT OVERVIEW

Garnier Olia is an ammonia-free, oil-powered permanent hair color designed to deliver vivid color results and 100% gray coverage. Its unique formula, enriched with a 60% oil blend including natural flower oils, helps to propel colorants deep into the hair fiber. This process aims to reverse roughness and dullness, leaving hair hydrated, silky, and up to 3x shinier than uncolored, unwashed hair. The non-drip formula ensures a pleasant application experience without the strong ammonia odor.

SAFETY INFORMATION

IMPORTANT:

Hair color products can cause allergic reactions. Do not use this product if you have previously experienced a reaction to hair color or if your scalp is sensitive, itchy, or damaged. Tattoos may increase the risk of an allergic reaction. Always perform a skin allergy test 48 hours before each use of this product. Do not use over compound henna or progressive color. Wait at least 14 days after bleaching, relaxing, or perming hair before use. This product is not intended for use on children. This is a summary; read all labeling and instructions completely before use.

WHAT'S IN THE BOX

Each Garnier Olia hair dye kit contains the following components:

- Developer Applicator Bottle
- Colorant Tube

- After Color Conditioner
- Protective Gloves
- Instruction Sheet

WHAT'S IN THE BOX?

Image: Components of the Garnier Olia hair color kit. This includes the developer bottle, colorant tube, after-color conditioner, and protective gloves, all essential for the hair coloring process.

PREPARATION

1. **Perform Allergy Test:** 48 hours before application, perform a skin allergy test as directed in the instruction sheet.
2. **Gather Supplies:** Ensure you have the entire kit, an old towel, and a timer ready.
3. **Protect Clothing:** Drape an old towel over your shoulders to protect your clothing from stains.
4. **Wear Gloves:** Put on the protective gloves provided in the kit before handling any product components.

APPLICATION INSTRUCTIONS

1. **Mix Color:** Remove the cap from the Developer Applicator Bottle. Squeeze the entire contents of the Colorant Tube into the Developer Applicator Bottle.
2. **Shake Vigorously:** Replace the cap on the Developer Applicator Bottle and shake vigorously for at least 30 seconds until the mixture is thoroughly combined.
3. **Apply to Roots:** Immediately apply the mixture to dry, unwashed hair, starting at the roots. Create small sections to ensure even coverage.
4. **Spread Through Ends:** Once roots are covered, spread the remaining color mixture through the lengths and ends of your hair. Gently massage to ensure even distribution.
5. **Process:** Allow the color to process for 30 minutes. For stubborn grays or a more intense result, you may extend the processing time by an additional 5-10 minutes (not exceeding 40 minutes total).

AFTER COLOR CARE

1. **Rinse:** After the processing time, rinse your hair thoroughly with warm water until the water runs clear.
2. **Condition:** Apply the After Color Conditioner to your hair. Gently massage it in, focusing on the lengths and ends.
3. **Leave-in:** Leave the conditioner in for 2-3 minutes.
4. **Final Rinse:** Rinse your hair thoroughly again until all conditioner is removed.
5. **Style:** Towel dry your hair and style as desired.

COLOR RESULTS - 1.0 BLACK

The Garnier Olia 1.0 Black shade provides a natural black color with subtle reflects, ensuring 100% gray coverage. The oil-rich formula contributes to visibly healthier hair that is hydrated, silky, and up to three times shinier.

Item Form	Oil
Product Dimensions	2.75 x 7 x 6.5 inches
Item Weight	15.31 ounces
UPC	603084554737
GTIN	603084554737
Manufacturer	L'Oreal (Beauty)

TROUBLESHOOTING

- **Color Not Even:** Ensure hair is fully saturated during application. Sectioning hair carefully can help achieve more uniform results.
- **Gray Coverage Issues:** For stubborn grays, ensure the product is applied generously to those areas and consider extending the processing time by an additional 5-10 minutes (not exceeding 40 minutes total).
- **Hair Feels Dry:** Always use the After Color Conditioner provided. For continued moisture, incorporate a hydrating hair mask into your routine.
- **Skin Staining:** Apply a thin layer of petroleum jelly around your hairline before application to prevent skin

staining. Immediately wipe off any accidental splashes on skin with a damp cloth.

- **Allergic Reaction:** If you experience any itching, burning, or rash during or after application, rinse immediately and consult a medical professional. Always perform the allergy test 48 hours prior to use.

WARRANTY AND SUPPORT

Specific warranty information for Garnier Olia hair color is typically provided within the product packaging. For further assistance, product inquiries, or support, please refer to the contact information provided on the product packaging or visit the official Garnier website.
