KAWADA NB-042

Kawada Nano-Block NB-042 Himeji Castle Special Deluxe Edition Instruction Manual

Model: NB-042 | Brand: KAWADA

Product Overview

The Kawada Nano-Block NB-042 Himeji Castle Special Deluxe Edition is a micro-sized building block set designed for constructing a detailed replica of Himeji Castle. This set offers a challenging and rewarding building experience for enthusiasts.

The completed model features intricate details, showcasing the unique characteristics of nanoblocks. It is a large-scale model, providing a significant building project.

Setup and Preparation

1. **Unboxing:** Carefully open the product packaging and remove all contents.
2. **Component Check:** Verify that all block bags and the instruction manual are present. Refer to the parts list in the manual to ensure no pieces are missing.
3. **Workspace Preparation:** Choose a clean, well-lit, and stable surface for assembly. A large area is recommended due to the number of pieces.
4. **Sorting (Optional but Recommended):** For easier assembly, sort the nanoblocks by color and size. This can significantly reduce building time and frustration.

Assembly Process

Follow the detailed step-by-step instructions provided in the included manual. Each step illustrates the placement of

specific blocks to construct the Himeji Castle model.

- **Start from the Base:** Begin assembly with the foundation of the castle as indicated in the manual.
- **Layer by Layer:** Construct the model layer by layer, ensuring each block is securely connected.
- **Attention to Detail:** Pay close attention to the color and orientation of each block as shown in the diagrams. Nanoblocks are small, requiring precision.
- **Review Steps:** Before proceeding to the next step, review the current section to confirm correct assembly.

Image: A detailed perspective of the castle's structure, including the base and surrounding elements.

Maintenance

- **Cleaning:** To clean the assembled model, use a soft, dry brush or a can of compressed air to remove dust. Avoid using water or chemical cleaners, as these may damage the blocks or cause discoloration.
- **Storage:** Store the assembled model or unbuilt blocks in a cool, dry place away from direct sunlight to prevent material degradation or color fading. Keep loose blocks in their original packaging or sealed containers to prevent loss.
- **Handling:** Handle the completed model with care to avoid accidental disassembly.

Troubleshooting

Missing Pieces:

If you discover missing pieces, double-check all packaging and the surrounding workspace. If pieces are still missing, contact KAWADA customer support with details of the missing components.

Difficulty with Assembly:

Review the instruction manual carefully, paying close attention to the diagrams. Ensure blocks are oriented correctly and fully pressed into place. Sometimes, a small error in an earlier step can affect later assembly. Re-examine previous steps if necessary.

Model Instability:

Ensure all blocks are firmly connected. Apply gentle, even pressure when joining blocks. If a section feels unstable, re-check the connections in that area.

Specifications

Model Number	NB-042
Brand	KAWADA
Product Dimensions (Packaging)	3.94 x 16.54 x 11.02 inches
Completion Size	220 × 240 × 240 mm (approx. 8.66 x 9.45 x 9.45 inches)
Item Weight	1.98 pounds
Number of Pieces	Approximately 6000 pieces
Difficulty Level	5/5 (Advanced)
Recommended Age	12 years and up
Material	Plastic (micro-sized building blocks)

Warranty Information

Specific warranty details for the Kawada Nano-Block NB-042 Himeji Castle Special Deluxe Edition are not provided in this manual. For information regarding product warranty, please refer to the product packaging or contact KAWADA customer support directly.
