GROHE 27867001

GROHE 27867001 Retro-Fit Euphoria 25 Inch Shower System User Manual

Model: 27867001 | Brand: GROHE

1. PRODUCT OVERVIEW

The GROHE Retro-Fit Euphoria 25 Inch Shower System is designed to upgrade an existing shower setup without extensive renovation. It integrates a main shower head and a hand shower, offering multiple spray patterns and ease of use. This system is finished in Starlight Chrome and features a 2.5 GPM flow rate.

Key Features:

- Transforms standard showers into multi-functional systems using existing plumbing.
- GROHE DreamSpray technology ensures precise and consistent water distribution.
- SpeedClean anti-lime system for easy nozzle cleaning.
- Built-in diverter to switch between shower head and hand shower.
- Adjustable height bar with gliding bracket for the hand shower.

2. SAFETY INFORMATION

Please read all instructions carefully before installation and use. Failure to follow these instructions may result in property damage or personal injury.

- Always turn off the main water supply before beginning any installation or maintenance.
- Ensure all connections are secure to prevent leaks.
- If you are unsure about any part of the installation process, consult a qualified plumber.
- Wear appropriate personal protective equipment (PPE) during installation.

3. COMPONENTS LIST

The GROHE Retro-Fit Euphoria Shower System includes the following components:

- Shower Arm
- Hand Shower
- Shower Head
- Shower Hose

4. SETUP AND INSTALLATION

This Retro-Fit system is designed for easy installation using existing plumbing. Follow the steps below and refer to the official installation video for visual guidance.

Installation Video:

Video 1: Official GROHE installation guide for the Retro-Fit Euphoria Shower System. This video demonstrates the step-by-step process for mounting the system, connecting the components, and ensuring proper function.

General Installation Steps:

1. **Preparation:** Ensure the main water supply is turned off. Gather all necessary tools as indicated in the video (e.g., 8mm hex key, wrench, drill with 8mm/5/16" and 10mm bits, level, measuring tape, pencil).
2. **Remove Existing Shower Head:** Carefully remove your current shower head and arm.
3. **Install Adapter:** Follow the video to install the adapter into your existing wall connection, ensuring proper depth and tightness.
4. **Mount Shower Bar:** Position and secure the main shower bar to the wall, using the provided mounting hardware. Use a level to ensure vertical alignment.
5. **Connect Components:** Attach the shower arm, main shower head, hand shower, and hose to the main bar and diverter as shown in the video.
6. **Final Checks:** Turn on the water supply and check for any leaks. Test the diverter and all spray functions.

Figure 3: Product dimensions, including arm depth (17 11/16" / 450mm), face width (10 1/4" / 260mm), and total height (25 11/16" / 653mm).

5. OPERATING INSTRUCTIONS

The GROHE Retro-Fit Euphoria Shower System offers versatile showering options:

- **Main Shower Head:** The large shower head features a center dial to select between Jet, SmartRain, or Rain spray patterns. Rotate the dial to change the spray.
- **Hand Shower:** The hand shower also offers multiple spray patterns, typically Normal, SmartRain, and Massage.

Adjust the spray by rotating the head of the hand shower.

- **Diverter:** Use the built-in diverter to easily switch the water flow between the main shower head and the hand shower. The diverter is located on the main bar.
- **Hand Shower Height Adjustment:** The hand shower is held by a gliding bracket on the adjustable height bar. Press the button on the bracket to slide it up or down to your desired height.

6. MAINTENANCE

To ensure the longevity and optimal performance of your GROHE shower system, regular maintenance is recommended.

- **Cleaning:** Clean the Starlight Chrome finish with a soft cloth and mild soap or a non-abrasive cleaner. Avoid harsh chemicals or abrasive pads, as these can damage the finish.
- **SpeedClean Nozzles:** The shower head and hand shower are equipped with SpeedClean nozzles. To remove limescale residue, simply wipe the nozzles with your fingertip. This should be done regularly to maintain spray performance.
- **Hose Care:** Periodically check the shower hose for kinks or damage. Clean the hose with a soft cloth.

7. TROUBLESHOOTING

If you encounter issues with your shower system, consider the following common troubleshooting steps:

- **Low Water Pressure:** Check if the main water supply is fully open. Ensure the SpeedClean nozzles are free of limescale. Verify that the diverter is fully engaged for the desired shower outlet.
- **Leaks:** Inspect all connections for tightness. Ensure gaskets and O-rings are properly seated and not damaged. If leaks persist, professional assistance may be required.
- **Diverter Malfunction:** If the diverter does not switch properly, check for any obstructions or debris. Ensure it is fully rotated to the desired position.

For persistent issues, refer to the detailed troubleshooting section in the full product manual or contact GROHE customer support.

8. SPECIFICATIONS

Attribute	Detail
Brand	GROHE
Model Number	27867001
Color	StarLight Chrome
Material	Metal
Finish Type	Chrome
Mounting Type	Wall Mount
Flow Rate	2.5 Gallons Per Minute (2.5 gpm)
Head Size	30-1/4 inches (overall height)
Product Dimensions	22.81 x 10.25 x 30.25 inches
