

Port Authority J768

Port Authority Endeavor Jacket User Manual

Model: J768 Black/Gunmetal

1. PRODUCT OVERVIEW

The Port Authority Endeavor Jacket is designed for professional and practical use, featuring a soft hand and modern details. It is constructed from 100% polyester twill with a PU coating, ensuring durability and water resistance. The jacket includes a mesh upper-body lining and polyester lower-body and sleeve lining for comfort.

Key Features:

- 100% Polyester Twill with PU Coating
- Mesh upper-body lining, polyester lower-body and sleeve lining
- Two-way zipper with ergonomic pull
- Interior chest pocket
- Sleeve storage pocket
- Front zippered pockets
- Adjustable tab cuffs with hook and loop closures
- Open hem with locking drawcords
- Port Pocket™ for easy embroidery access

2. SETUP

2.1 Unpacking

Carefully remove the jacket from its packaging. Retain the packaging for future storage or transport if needed.

2.2 Initial Inspection

Before first use, inspect the jacket for any signs of damage or manufacturing defects. Check all zippers, seams, and closures to ensure they are in proper working order. If any issues are found, refer to the 'Troubleshooting' section or contact customer support.

3. OPERATING INSTRUCTIONS

3.1 Wearing the Jacket

To wear the jacket, simply slide your arms through the sleeves and zip up the front two-way zipper. Ensure the zipper is fully engaged at the bottom before pulling it upwards.

Figure 3.1: The jacket features convenient front zippered pockets for secure storage.

3.2 Using Pockets and Zippers

The jacket is equipped with multiple pockets for convenience:

- **Front Zippered Pockets:** Located on the lower front, these pockets are ideal for hands or small items.
- **Interior Chest Pocket:** A secure pocket inside the jacket, suitable for valuables.
- **Sleeve Storage Pocket:** A smaller pocket on the sleeve for quick access items.

All external zippers feature ergonomic pulls for easy operation.

3.3 Adjusting Cuffs and Hem

- **Cuffs:** The cuffs are adjustable with hook and loop closures. Fasten or loosen them to achieve a comfortable and secure fit around your wrists.
- **Hem:** The jacket's hem features an open design with locking drawcords. Pull the drawcords to tighten the hem for a snugger fit and to help seal out drafts. Release the locks to loosen.

3.4 Deploying the Stowaway Hood

The Endeavor Jacket includes a convenient stowaway hood. To deploy the hood, locate the zipper or closure at the back of the collar. Unzip or unfasten it, and pull the hood out. To stow the hood, fold it neatly and tuck it back into the collar compartment, then re-zip or re-fasten the closure.

Figure 3.2: The jacket with its stowaway hood deployed, providing additional protection from elements.

4. MAINTENANCE

4.1 Cleaning Instructions

To ensure the longevity and performance of your Port Authority Endeavor Jacket, follow these care instructions:

- **Hand Wash Only:** The jacket should be hand washed. Do not machine wash, bleach, or dry clean.
- Use cold water and a mild detergent.
- Do not wring or twist the fabric.
- Hang to dry in a well-ventilated area, away from direct sunlight or heat.

- Do not iron.

4.2 Storage

Store the jacket in a cool, dry place when not in use. Ensure it is clean and completely dry before storing to prevent mildew or damage to the fabric and coating. Hang the jacket on a wide hanger to maintain its shape.

5. TROUBLESHOOTING

5.1 Common Issues and Solutions

- **Zipper Sticking:** If a zipper becomes difficult to operate, ensure no fabric is caught in the teeth. Apply a small amount of zipper lubricant or a graphite pencil lead to the teeth to improve smoothness.
- **Reduced Water Repellency:** Over time, the PU coating's water repellency may diminish. Ensure the jacket is clean, as dirt can affect performance. If repellency is still an issue after cleaning, consider applying a fabric-specific water repellent spray designed for coated polyester materials.
- **Minor Stains:** For minor stains, gently spot clean with a damp cloth and mild soap. Rinse thoroughly and air dry. Avoid harsh scrubbing.

6. SPECIFICATIONS

Attribute	Detail
Product Dimensions	5 x 5 x 5 inches
Item Weight	0.01 ounces
Model Number	J768
Department	Mens
Fabric Type	100% Polyester Twill with PU Coating
