## Sunjoy 110109451

# Sunjoy 110109451 Replacement Canopy Set (Deluxe) User Manual

Model: 110109451

Brand: Sunjoy

## INTRODUCTION

---

This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your Sunjoy 110109451 Replacement Canopy Set (Deluxe). This canopy is designed as a replacement for the L-GZ519PST-C 10x12 Creole Gazebo. Please read these instructions carefully before installation and retain for future reference.

**Important Note:** This product includes the replacement canopy fabric only. The metal frame, curtains, and mosquito netting are not included.

Image: The Sunjoy 110109451 Replacement Canopy Set (Deluxe) installed on a gazebo frame, showcasing its appearance in a garden environment. Note that the image displays the full gazebo structure for context, but this product is for the canopy fabric only.

## SETUP INSTRUCTIONS

---

Before beginning installation, ensure you have the original L-GZ519PST-C 10x12 Creole Gazebo metal frame. It is recommended that two or more people assist with the installation for safety and ease.

## Required Tools (Not Included):

- Step ladder (if needed for height)
- Gloves (optional, for protection)

## Installation Steps:

1. **Remove Old Canopy:** Carefully remove the existing canopy from the gazebo frame. Note how the old canopy was attached to understand the new canopy's placement.
2. **Unpack New Canopy:** Unfold the new Sunjoy 110109451 Replacement Canopy. Identify the main canopy (big canopy) and the top canopy (vented canopy).
3. **Install Main Canopy:** Position the main canopy over the gazebo frame. Align the corners and edges with the frame's structure. Secure the canopy to the frame using the integrated ties, straps, or pockets provided on the canopy. Ensure all attachment points are firmly fastened to prevent wind uplift.
4. **Install Top Canopy:** Place the smaller top canopy onto the upper tier of the gazebo frame. This section typically sits above the main canopy, providing ventilation and additional protection. Secure it using its dedicated attachment points.
5. **Check Tension:** Once installed, ensure the canopy is taut and evenly stretched across the frame to prevent water pooling and improve stability. Adjust attachment points as necessary.

*For detailed visual instructions, refer to the original gazebo assembly manual if available, as the canopy attachment points are specific to the L-GZ519PST-C model.*

## OPERATION AND USAGE

---

The Sunjoy 110109451 Replacement Canopy is designed to provide shade and light rain protection for your L-GZ519PST-C gazebo. It is made from CPAI-84 US standard fire-retardant fabric.

### Key Features:

- **Water Resistant:** The canopy is water resistant, meaning it can withstand light rain. It is *not* waterproof and prolonged exposure to heavy rain may result in water penetration.
- **Fire-Retardant:** Fabric meets CPAI-84 US standard for fire retardancy. This does not mean it is fireproof; keep away from open flames and heat sources.
- **UV Protection:** Provides shade and helps block harmful UV rays, enhancing comfort under the gazebo.

### Usage Guidelines:

- Do not hang heavy objects from the canopy frame or fabric.
- In strong winds or heavy snowfall, it is recommended to remove the canopy to prevent damage to both the canopy and the gazebo frame.
- Ensure the canopy is properly secured at all times to prevent it from being lifted by wind.

## CARE AND MAINTENANCE

---

Proper care will extend the life of your replacement canopy.

### Cleaning:

- Clean the canopy fabric periodically with mild soap and lukewarm water.

- Use a soft brush or cloth to gently scrub away dirt and debris.
- Rinse thoroughly with clean water.
- Allow the canopy to air dry completely before storing or re-installing. Do not use harsh chemicals, bleach, or abrasive cleaners, as these can damage the fabric and its protective coatings.

## Storage:

- When not in use for extended periods, especially during off-seasons or severe weather, remove the canopy from the frame.
- Ensure the canopy is completely dry before folding and storing to prevent mildew and mold growth.
- Store in a cool, dry place, away from direct sunlight and extreme temperatures.

## Inspection:

- Regularly inspect the canopy for any signs of wear, tear, or damage.
- Check all attachment points and seams for integrity.

## TROUBLESHOOTING

---

This section addresses common issues you might encounter with your replacement canopy.

Problem	Possible Cause	Solution
Canopy does not fit the frame.	Incorrect model number; frame is not L-GZ519PST-C.	Verify your gazebo model number. This canopy is specifically designed for the L-GZ519PST-C 10x12 Creole Gazebo.
Water pooling on the canopy.	Canopy not taut enough; improper installation.	Re-adjust the canopy's tension by ensuring all attachment points are securely fastened and evenly stretched. Ensure the frame is level.
Canopy flapping in light wind.	Canopy not securely attached to the frame.	Check all ties, straps, and pockets. Ensure they are tightly secured to the gazebo frame.
Fabric appears faded or worn prematurely.	Prolonged exposure to harsh weather; improper cleaning/storage.	Follow recommended cleaning and storage guidelines. Consider removing the canopy during extreme weather conditions.

## SPECIFICATIONS

---

- **Product Name:** Replacement Canopy Set (Deluxe)
- **Model Number:** 110109451
- **Compatibility:** Universal to L-GZ519PST-C 10x12 Creole Gazebo
- **Material:** Polyester fabric
- **Main Canopy Dimensions:** Approximately 122.05 x 133.86 inches (309.9 x 340 cm)
- **Top Canopy Dimensions:** Approximately 29.53 x 38.58 inches (75 x 98 cm)
- **Water Resistance:** Water resistant (not waterproof)
