

Hape E4083

Hape Leaning Tower of Pisa Sand Shaper Mold

Model: E4083

INTRODUCTION

Thank you for choosing the Hape Leaning Tower of Pisa Sand Shaper Mold. This durable and engaging toy is designed to inspire creativity and imaginative play at the beach or in a sandbox. It allows children to easily create a miniature replica of the iconic Leaning Tower of Pisa with sand.

This manual provides essential information on how to use, maintain, and care for your sand shaper mold to ensure a safe and enjoyable experience.

SAFETY INFORMATION

- **Age Recommendation:** This product is recommended for children aged 18 months and up.
- **Material Safety:** The sand shaper mold is made from non-toxic, child-safe plastic materials.
- **Supervision:** Always ensure children are supervised during play, especially near water.
- **Inspection:** Before each use, inspect the mold for any damage or wear. Discontinue use if any parts are broken.

PACKAGE CONTENTS

- 1 x Hape Leaning Tower of Pisa Sand Shaper Mold (Green)

No assembly is required for this product.

OPERATING INSTRUCTIONS

Using the Hape Leaning Tower of Pisa Sand Shaper Mold is simple and fun. Follow these steps to create your sand structure:

1. **Prepare the Sand:** Ensure the sand is moist enough to hold its shape. If the sand is too dry, add a small amount of water.
2. **Fill the Mold:** Place the sand shaper mold firmly onto the sand. Fill the mold completely with sand, pressing down gently to ensure it is compact.

3. **Lift the Mold:** Carefully lift the mold straight up from the sand. A well-defined sand structure of the Leaning Tower of Pisa will remain.
4. **Enhance Your Creation:** Use other sand tools (not included) to decorate or build around your newly formed tower.

MAINTENANCE

To ensure the longevity and hygiene of your Hape Leaning Tower of Pisa Sand Shaper Mold, follow these maintenance guidelines:

- **Cleaning:** After each use, rinse the mold thoroughly with clean water to remove all sand and debris.
- **Drying:** Allow the mold to air dry completely before storing to prevent mold or mildew growth.
- **Storage:** Store the mold in a clean, dry place away from direct sunlight when not in use.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these can damage the plastic.

TROUBLESHOOTING

The Hape Leaning Tower of Pisa Sand Shaper Mold is a simple and durable toy. Most issues are related to sand consistency.

Problem	Possible Cause	Solution
Sand structure collapses or does not hold shape.	Sand is too dry or not compacted enough.	Add more water to the sand and ensure it is firmly pressed into the mold.
Sand sticks inside the mold.	Sand is too wet or mold is not clean.	Ensure sand is not overly saturated. Clean the mold thoroughly after each use.
