Daewoo R-25B07 TV Remote Control User Manual

1. INTRODUCTION

This manual provides detailed instructions for the proper setup, operation, and maintenance of your Daewoo R-25B07 TV Remote Control. Please read this manual thoroughly before using the remote control to ensure optimal performance and longevity.

2. PRODUCT OVERVIEW

The Daewoo R-25B07 is a replacement remote control designed for various Daewoo television models. It offers essential functions for controlling your television, including power, volume, channel selection, and menu navigation. This remote operates using infrared technology and requires no programming for compatible models.

This image displays the front of the Daewoo R-25B07 TV Remote Control, highlighting its ergonomic design and the layout of all control buttons.

3. SETUP

3.1 Battery Installation

1. Locate the battery compartment cover on the back of the remote control.
2. Slide the cover downwards or press the latch to open it.
3. Insert two (2) AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the

markings inside the compartment.

4. Replace the battery compartment cover until it clicks securely into place.

Note: Batteries are not included with the remote control. Always use new batteries and dispose of old batteries responsibly.

3.2 Initial Use

This remote control is designed to work with compatible Daewoo TV models without requiring any programming. Simply install the batteries and point the remote towards your television.

6. MAINTENANCE

6.1 Cleaning

To clean the remote control, gently wipe its surface with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid using harsh chemicals or excessive moisture, as these can damage the remote's electronics.

6.2 Storage

Store the remote control in a cool, dry place away from direct sunlight and extreme temperatures. If the remote will not be used for an extended period, it is recommended to remove the batteries to prevent leakage and potential damage.

7. TROUBLESHOOTING

- **Remote not responding:**
 - Check if the batteries are inserted correctly with the correct polarity.
 - Replace old batteries with new AAA batteries.
 - Ensure there are no obstructions between the remote control and the television's infrared sensor.
 - Point the remote directly at the television.
- **Limited functionality:**
 - Verify that your television model is listed as compatible.
 - Some advanced functions may require the original TV remote or specific TV settings.

If issues persist after following these steps, please refer to your television's user manual or contact Daewoo customer support.
