

HABA 303828

HABA Kullerbu Parking Garage Instruction Manual

Model: 303828

INTRODUCTION

The HABA Kullerbu Parking Garage is a multi-level playset designed for engaging vehicle play. It features a three-story parking structure, an integrated car wash, fuel pumps, and ramps, providing a dynamic environment for Kullerbu vehicles. This manual provides essential information for assembly, operation, and care of your Kullerbu Parking Garage.

PACKAGE CONTENTS

Please ensure all components listed below are present in your package:

- 1 Parking Garage structure
- 2 Connecting Ramps
- 1 Integrated Car Wash unit
- 1 Lifting Platform
- 1 Gas Station with 2 mobile pump nozzles
- 2 Access Ramps
- 1 Blue Speedster vehicle
- 1 Green Ball Convertible vehicle
- 1 Ball "Cheeky Nils"

SETUP INSTRUCTIONS

The HABA Kullerbu Parking Garage is designed for quick and easy assembly. Follow these steps to set up your playset:

1. Unpack all components from the box and verify against the 'Package Contents' list.
2. Place the main parking garage structure on a flat, stable surface.
3. Attach the two connecting ramps to the designated slots on the garage structure. Ensure they are securely fastened.
4. Position the integrated car wash, lifting platform, and gas station units as shown in the diagrams or product images. These typically integrate with the ramps or base of the garage.
5. Place the two access ramps at the entry and exit points of the garage system.

OPERATING INSTRUCTIONS

The Kullerbu Parking Garage offers various interactive play elements:

Using the Ramps and Parking Levels

- Place Kullerbu vehicles at the top of the ramps to watch them roll down to different levels.
- Utilize the movable gates on the ramps to control the speed of the vehicles or to temporarily stop them.
- Park vehicles on the designated parking spots on each of the three levels.

Image: Two children interacting with the Kullerbu Parking Garage, demonstrating how vehicles can be sent down the ramps.

Car Wash

- Drive vehicles through the integrated car wash on the ground floor for a simulated cleaning experience. The soft brushes will spin as the car passes through.

Image: A detailed view of the car wash feature, showing a green ball convertible passing through the blue brushes.

Fuel Pumps

- Use the two mobile pump nozzles at the gas station to "refuel" your Kullerbu vehicles.

Lifting Platform

- Position a vehicle on the lifting platform for simulated repairs or inspections.

Image: A blue speedster vehicle positioned on the lifting platform, ready for pretend maintenance.

Kullerbu Vehicles

- The included blue speedster features a momentum motor, allowing it to move both up and down ramps.
- The green ball convertible and the "Cheeky Nils" ball are designed to roll smoothly along the Kullerbu tracks and ramps.

CARE AND MAINTENANCE

- Wipe all wooden and plastic components with a damp cloth. Do not immerse in water.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish or materials.
- Store the playset in a dry environment away from direct sunlight to prevent warping or fading.
- Regularly check all connections and components for wear and tear. Replace any damaged parts immediately to ensure safe play.

TROUBLESHOOTING

If you encounter any issues with your HABA Kullerbu Parking Garage, please refer to the following common solutions:

Vehicles Not Rolling Smoothly

- **Check Track Alignment:** Ensure all track pieces and ramps are correctly connected and aligned without gaps or uneven surfaces.
- **Obstructions:** Verify there are no small objects or debris on the tracks or inside the car wash/lifting platform that could impede vehicle movement.

- **Vehicle Condition:** Inspect the wheels of the vehicles for any damage or debris.

Loose Connections

- **Secure Fasteners:** Re-check all connecting points for the ramps and other accessories. Ensure they are firmly attached to the main garage structure.

If problems persist, please contact HABA customer support for further assistance.

SPECIFICATIONS

| Feature | Detail |
|--------------------------------|---|
| Model Number | 303828 |
| Product Dimensions (L x W x H) | 18.66 x 18.62 x 11.34 inches |
| Item Weight | 5.63 pounds |
| Materials | Beech wood, Plywood, Plastic |
| Recommended Age | Suitable for young children (Note: The provided age range of 0-8 months appears to be a data entry error for this type of playset. Kullerbu products are generally designed for toddlers and preschoolers.) |

COMPATIBILITY AND EXPANSION

The HABA Kullerbu Parking Garage is fully compatible with all other HABA Kullerbu starter sets, tracks, buildings, and accessories. This allows for extensive customization and expansion of your Kullerbu play world, combining the durability of wood with the versatility of plastic components.
