5. MAINTENANCE

5.1 Cleaning

Wipe the instrument with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and then wipe dry. Avoid using chemical cleaners, solvents, or abrasive materials, as these can damage the finish.

5.2 Storage

When not in use, store the piano in a clean, dry environment away from direct sunlight, extreme temperatures, and excessive humidity. Covering the keys with a dust cover is recommended to prevent dust accumulation.

6. TROUBLESHOOTING

- **No Sound:**

- Check if the power is on.
- Ensure the volume slider is not set to minimum.
- If headphones are connected, disconnect them to check speaker output.
- Verify all cables are securely connected.

- **Keys Not Responding:**

- Ensure the instrument is powered on.
- If connected to external devices, check MIDI settings.

- **Unusual Noise:**

- Check for loose connections.
- Ensure the power adapter is correctly connected and not damaged.
- If using external speakers, check their connections and power.
