Feandrea PCT90M

Feandrea Cat Tree Play Tower PCT90M - Instruction Manual

Model: PCT90M | Brand: Feandrea

INTRODUCTION

This manual provides comprehensive instructions for the assembly, safe use, and maintenance of your Feandrea Cat Tree Play Tower, Model PCT90M. Designed with high-quality particle board and various entertainment accessories, this multi-level cat tree offers a comfortable home for your feline friends to play, nap, and relax.

The structure includes luxurious perches, cozy baskets, and spacious nests covered in soft plush, providing ample space for your cats. Natural sisal rope-covered posts allow your cats to scratch, protecting your furniture.

SAFETY INSTRUCTIONS

- Place the cat tree on a flat floor, ideally against a wall corner, to ensure maximum stability.
- Regularly check all screws and tighten them as needed to maintain structural integrity.

- The maximum load capacity is for 3 cats, with each cat not exceeding 7 kg (15.4 lbs).
- If your cat attempts to chew or ingest the pom-poms or their strings, remove these toys immediately to prevent choking hazards.
- An anti-tipping kit is included for enhanced safety. Always install the anti-tipping kit by securing the cat tree to a wall.

Figure 2: Anti-Tipping Kit Installation. This image illustrates how to properly install the anti-tipping kit to secure the cat tree to a wall, enhancing stability and preventing accidental falls.

PACKAGE CONTENTS

Before assembly, please verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Feandrea Cat Tree (Model PCT90M)
- 1 x Instruction Manual (available in FR, EN, ES, IT, DE)
- All necessary assembly hardware (screws, Allen key, etc.)
- 1 x Anti-tipping kit

SETUP AND ASSEMBLY

Follow the included instruction manual for step-by-step assembly. It is recommended to assemble the cat tree on a soft, clean surface to prevent damage to components or your flooring.

1. Unpack all components and lay them out. Identify each part using the provided parts list in the separate manual.
2. Begin by attaching the base plate to the lowest scratching posts.
3. Continue building upwards, securing each platform, nest, and perch according to the diagrams.
4. Ensure all screws are securely tightened, but do not overtighten.
5. Install the anti-tipping kit as described in the Safety Instructions section and the separate manual.

OPERATING INSTRUCTIONS (USAGE)

The Feandrea Cat Tree PCT90M is designed to provide a multi-functional activity center for your cats. It features various levels and elements to cater to their natural instincts.

- **Scratching Posts:** The reinforced posts are fully covered with natural sisal, providing an ideal surface for your cats to sharpen their claws and deter them from scratching furniture.
- **Nests and Baskets:** Two spacious nests and a plush basket offer comfortable, enclosed spaces for napping, hiding, and feeling secure.
- **Perches:** Elevated perches with raised edges allow your cats to rest comfortably while observing their surroundings.
- **Play Area:** The multi-level design encourages jumping, climbing, and exploration, providing essential physical activity.

Figure 3: Cats Utilizing the Cat Tree. This image shows two cats enjoying different features of the cat tree: one resting on an elevated perch and another exploring a cozy nest.

Figure 4: Cats in Nests. This image highlights the two spacious nests, with cats comfortably settled inside, demonstrating their use as private resting spots.

Figure 5: Cat Scratching Post. This image shows a cat actively using a sisal-wrapped post for scratching, illustrating the durability and functionality of the scratching surfaces.

Figure 6: Cat in Plush Basket. This image displays a cat relaxing in the soft, plush basket, demonstrating its comfort and appeal as a resting spot.

MAINTENANCE

- **Cleaning:** For general cleaning, use a hand wash method with cold water and a mild detergent. Allow to air dry completely. Do not machine wash or tumble dry.
- **Inspection:** Regularly inspect the cat tree for any loose parts, frayed sisal ropes, or damaged components. Tighten screws and replace worn parts as necessary to ensure safety and longevity.
- **Toy Replacement:** If the hanging toys become damaged or detached, remove them to prevent ingestion or injury.

Figure 7: Sisal Post Condition. This image compares a new, intact sisal scratching post with one that shows signs of wear, emphasizing the importance of regular inspection.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cat tree feels unstable or wobbly.	Loose screws; uneven floor; anti-tipping kit not installed.	Tighten all screws. Ensure the tree is on a flat surface. Install the anti-tipping kit securely to a wall.
Cats not using scratching posts.	Preference for other surfaces; unfamiliarity.	Encourage use by placing treats or catnip on the posts. Gently guide your cat's paws to the sisal.
Parts are damaged or missing.	Manufacturing defect; shipping damage.	Contact Feandrea customer support with your purchase details for replacement parts.
