SALAV Handheld Garment Steamer & Iron 2-in-1

Model: 8541878769

INTRODUCTION

Thank you for choosing the SALAV Handheld Garment Steamer & Iron. This versatile 2-in-1 device is designed to provide efficient wrinkle removal and garment care for various fabric types. Please read this manual thoroughly before use to ensure safe and optimal performance.

IMPORTANT SAFETY INSTRUCTIONS

- Always use distilled water to prevent mineral buildup and prolong the life of the steamer.
- Do not immerse the steamer in water or other liquids.
- Ensure the power cord is not damaged and avoid pulling the cord to unplug the device.
- Keep the steamer away from children and pets.
- Always unplug the steamer when filling or emptying the water tank, and when not in use.
- The steam panel becomes hot during operation. Avoid direct contact with skin.
- Use caution when handling the steamer head, especially when switching between vertical and horizontal positions, as it may be hot.

PRODUCT COMPONENTS

The SALAV Handheld Garment Steamer & Iron includes the following main components:

- Main Steamer Unit with Ceramic Coated Metal Steam Panel
- Removable 150 ml Water Tank

- Power Cord (approximately 6 feet long)
- Fabric Brush Attachment

Figure 1: Main Steamer Unit

SETUP

1. **Fill Water Tank:** Ensure the steamer is unplugged. Gently remove the water tank from the main unit. Fill the tank with distilled water up to the maximum fill line (150 ml capacity). Reattach the water tank securely to the steamer unit.
2. **Attach Fabric Brush (Optional):** For fabrics that require brushing to remove lint or pet hair, align the fabric brush attachment with the steam panel and snap it into place.
3. **Position Steamer Head:** The steamer head can be rotated for vertical or horizontal use. To adjust, press the release button (if present) or gently rotate the head until it clicks into the desired position.

OPERATING INSTRUCTIONS

- Power On:** Plug the steamer into a 120V electrical outlet. The indicator light will illuminate, signaling that the device is heating up. The steamer heats up in approximately 50 seconds.
- Select Steam Setting:** This steamer offers two steam settings. Use the control button to select the desired steam output. The Ultra Long Heating Chamber with 72 Energy Towers provides powerful continuous steam output, up to 22 grams per minute, ensuring no overflow or spit water.
- Steaming Garments:**
 - **Vertical Steaming:** Hang your garment on a hanger. Hold the steamer head a few inches from the fabric and move it in a downward motion.
 - **Horizontal Ironing:** Lay your garment flat on a heat-resistant surface. The ceramic-coated metal steam panel allows for direct contact with the fabric, functioning as a dry iron.
- Fabric Compatibility:** The ceramic-coated metal steam panel is designed to be friendly for various fabrics, including temperature-sensitive delicate fabrics such as silk, lace, and clothing with sequins.
- Power Off:** When finished, press the power button to turn off the steamer and unplug it from the outlet.

MAINTENANCE

- **Empty Water Tank:** After each use, ensure the steamer is unplugged and cooled. Empty any remaining water from the tank to prevent stagnation and mineral buildup.
- **Cleaning:** Wipe the exterior of the steamer with a soft, damp cloth. Do not use abrasive cleaners.
- **Storage:** Store the steamer in a cool, dry place. The compact design allows for easy storage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No steam output	Water tank empty or not properly seated; steamer not heated sufficiently.	Fill water tank and ensure it's securely in place. Allow 50 seconds for preheating.
Water spitting/leaking	Overfilled water tank; steamer not fully heated.	Do not overfill the water tank. Allow the steamer to fully preheat before use.
Steamer not turning on	Not plugged in; power outlet issue.	Ensure the steamer is securely plugged into a working outlet.
